Swartz Dan Travis Theresa Walton Fisette and Zhong Yijing Given the presumed dominance of American sport many fans throughout the hemisphere find it difficult to envision the role of sport beyond the confines of their own continent And yet world sport consists of so much more than the games Americans play and so much more than the stereotype of cricket for the elite and football for the working class As worldwide sport continues to gain in popularity we also see parallels to many aspects visible in North American sport particularly celebrity and all its trappings and pitfalls The success of athletes from other countries in basketball and ice hockey and the proliferation of stars imported and now exported to and from North America provides some better examples of sport s international power It also creates a very new kind of sport celebrity albeit one that often shows a rather limited reach beyond that star s own country or continent Thus rather than focusing on the Western Hemisphere this collection of some of world sport s most heralded celebrities including stars of Motocross surfing distance running and more serves as a sort of passport to many places that make up our global sporting environment

Broadcasting the End of Apartheid Martha Evans, 2014-07-15 South Africa came late to television when it finally arrived in the late 1970s the rest of the world had already begun to boycott the country because of apartheid While the ruling National Party feared the integrative effects of television they did not foresee how exclusion from globally unifying broadcasts would gradually erode their power South Africa was barred from participating in some of television s greatest global attractions including sporting events such as the Olympics and contests such as Miss World With the release of Nelson Mandela from prison came a proliferation of large scale live broadcasts as the country was permitted to return to international competition and its re admittance was played out on television screens across the world These events were pivotal in shaping and consolidating the country s emerging post apartheid national identity Broadcasting the End of Apartheid assesses the socio political effects of live broadcasting on South Africa s transition to democracy Martha Evans argues that just as print media had a powerful influence on the development of Afrikaner nationalism so the liveness of television helped to consolidate the post apartheid South African national identity

The Psychology of the Car Stefan Gossling, 2017-06-16 The Psychology of the Car explores automotive cultures through the lens of psychology with the goal of achieving a low carbon transport future Worldwide there are now more than one billion cars and their number grows continuously Yet there is growing evidence that humanity needs to reach peak cars as increased air pollution noise accidents and climate change support a decline in car usage While many governments agree the car remains attractive and endeavors to change transport systems have faced fierce resistance Based on insights from a wide range of transport behaviors The Psychology of the Car shows the why of automotive cultures providing new perspectives essential for understanding its attractiveness and for defining a more desirable transport future The Psychology of the Car illustrates the growth of global car use over time and its effect on urban transport systems and the global environment It looks at the adoption of the car into lifestyles the mobilities turn and how the car impacts collective and personal identities The book examines car drivers

themselves their personalities preferences and personality disorders relevant to driving The book looks at the role power control dominance speed and gender play as well as the interrelationship between personal freedom and law enforcement The book explores risk taking behaviors as accidental death is a central element of car driving The book addresses how interventions can be successful as well as which interventions are unlikely to work and concludes with how a more sustainable transport future can be created based on emerging transport trends Features deep analyses of individual and collective psychologies of car affection moving beyond sociology based interpretations of automobile culture Illustrates concepts using popular culture examples that expose ideas about automobility Shows how fewer smaller and more environmentally friendly cars as well as low carbon transport modes are more socially attractive *Formula One 2021* Bruce Jones,2021-06-01 *Formula One 2021* the world s bestselling Grand Prix handbook is the essential resource for the season ahead *Formula One* fans will be kept fully up to speed with detailed examinations of all the teams racing in 2021 from Mercedes and Red Bull to Ferrari and Renault every driver in competition including Charles Leclerc Max Verstappen and Lewis Hamilton and all the tracks featured on the packed Grand Prix calendar It also reviews the 2020 season with race by race reports and statistics highlights changes to the rules and regulations for 2021 and discusses major talking points in F1 As well as the Drivers and Constructors World Championship tables from 2020 there is a fill in guide for 2021 so each book can become a personalized record of the *Formula One* season **Organizational Behaviour in a Global Context** Albert J.
