Federal Trade Commission Decisions United States. Federal Trade Commission, 1969 **The Colonizer's Model of the World** J. M. Blaut, 2012-07-23 This influential book challenges one of the most pervasive and powerful beliefs of our time that Europe rose to modernity and world dominance due to unique qualities of race environment culture mind or spirit and that progress for the rest of the world resulted from the diffusion of European civilization J M Blaut persuasively argues that this doctrine is not grounded in the facts of history and geography but in the ideology of colonialism Blaut traces the colonizer's model of the world from its 16th century origins to its present form in theories of economic development modernization and new world order **Hegel's Political Aesthetics** Stefan Bird-Pollan, Vladimir Marchenkov, 2020-05-14 What is the role of art in modern society To what extent are the beautiful and the morally good intertwined Hegel's Political Aesthetics explores Hegel's take on these ever relevant philosophical questions and investigates three key themes art's contribution to modern ethical life the loss of art's authority in modern ethical life and ways of thinking beyond Hegel's analysis of art's role in

society The aesthetic is explored through the lens of German Idealism from Kant to Hegel ultimately placing ethics and morality at the forefront of this debate The authors explore Hegel s take on Kant s conception by historicizing what it means to be responsible to others which for Hegel means being free within the norms of society within what he calls ethical life As a set of concrete social arrangements designed for finite human beings however ethical life falls short of actualizing freedom absolutely The themes in this volume are motivated by a central ambivalence in Hegel s thinking about modernity The question of freedom sits at the forefront of this text alongside the relation between art and the spirit This book will be of particular interest to philosophers of aesthetics politics and ethics *Catalog of Copyright Entries, Third Series* ,1956 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc **Catalog of Copyright Entries** Library of Congress.
