Fort Snelling, Colossus of the Wilderness Stephen P. Hall, 1987 Richly illustrated with more than sixty black and white and color paintings photographs and maps this book tells the story of the fort from its planning in the early 1800s to its reconstruction in the 1960s *Brigadier General John Adams, CSA* Leslie R. Tucker, 2013-11-13 John Adams is best remembered as one of the four Confederate generals who lay on the porch of the Carnton House dead when the Battle of Franklin ended on December 1 1864 Unfortunately he did not leave much in the way of personal papers and this biography has been pieced together from Army records and other sources including accounts of his contemporaries Adams s career in the U S Army gives us a good look at the military the concept of Manifest Destiny and the relations with those conquered by the Army the Indians This book also considers one of the more debated topics in Civil War history why did a man who served the United States for most of his life resign his commission and side with the Confederacy The Settlement of America James A. Crutchfield, Candy Moutlon, Terry Del Bene, 2015-03-26 First Published in 2015 This encyclopaedic collection includes Volumes 1 A L and 2 M Z as well as essays on the settlement of America It can be argued that the westward expansion occurred only one week after the English landfall at Jamestown Virginia on May 14 1607 Beginning on May 21 Captain John Smith one of the colonization company s leaders and twenty one companions made their way northwest up the James River for some 50 or 60 miles 80 or 96 km **Nisei linguists: Japanese Americans in the Military Intelligence Service During World War II (Paperbound)** James C. overview of the rivalries personalities and events that defined civil military relations during this era Beginning in 1815 the U S Army struggled for existence within a society that was not convinced that a standing army was worth the expense At the same time many questioned the viability of a professional officer corps citing the innate ability of the American fighting man as demonstrated in earlier conflicts Although efforts were undertaken early on to define the role and status of a peacetime army issues of national defense domestic security Indian policy and internal improvements shaped civil military relations over the next 4 12 decades While the true position of the citizen soldier in relation to a standing army had not been clearly defined by 1860 the nation had made giant strides towards full acceptance of the idea that the U S Army a standing force commanded by military professionals was a national necessity *River of History* John O.
