ramifications of the cover up and the ensuing investigations for the American public policymakers the anti War movement and the soldiers involved They examine the causes of the massacre and the issues of culpability and human rights The narrative is built around 70 primary documents drawn mainly from testimony and reports from the government enquiry into the outrage *U.S. Militarism and the Terrain of Memory* John Bechtold,2024-08-01 This book analyzes how the Iraqi city of Fallujah became registered as a setting for military heroics in American memory In 2004 the U S military conducted two disastrous assaults in Fallujah Iraq More than 1 000 citizens were killed and according to the military s own estimate upwards of 200 000 people were displaced because of the violence Yet despite this human catastrophe the kind of information that emerged in the public domain during the battle foregrounded the soldier s experience in war while effacing the destruction of Iraqi bodies This tendency to foreground the soldier body is a direct result of the military s intervention in what they conceptualize as the information environment This book draws from the second assault in Fallujah as a case study to explicate the military s investment in this perspectival space which is a consequence both of the mediatization of contemporary war and of the need to influence knowledge considered unfavorable to military operations In short the military enlists the media in their targeting process to produce information that is then deployed as persuasive force to modify the beliefs of specific target populations When the cultural texts produced by the media are remediated in the public domain after war they can be thought of as martial constructs because they originated during war through the military s systemized attempt to influence knowledge That is these texts trace to a specific battlefield objective This book reframes the notion of propaganda as a generalized public relations strategy into a more acute and coordinated attempt to decontextualize specific knowledge in the information environment This book will be of much interest to students of media and communication studies war studies memory studies and international relations *Chronicle of the Pulitzer Prizes for Biography* Heinz-D. Fischer,2011-11-30 Volume 20 of the series describes the development of the award for Biographies and Autobiographies from 1917 through 2006 In addition the complete jury reports from this period are reprinted by facsimile So it can be documented how the annual deliberations went until a winner was selected Among the prize winners were John F Kennedy before his presidency the diplomat George F Kennan or the aviator Charles Lindbergh ***The Body Burning Detail*** Bill Jones,2018-09-26 A poignant memoir that recounts the author s hair raising and occasionally hilarious experiences as a young not especially gung ho Marine artilleryman in Vietnam Gritty and disturbing Bill Jones unvarnished narrative probes the lasting physical and emotional wounds of war and offers a combat veteran s wry insight into the influence and relevance of America s long and indecisive misadventure ***Complete Biographical Encyclopedia of Pulitzer Prize Winners 1917 - 2000*** Heinz-D. The Morenci Marines Kyle Longley, 2015-06-15 In 1966 nine young men left the Arizona desert mining camp of Morenci to serve their country in the far flung jungles of Vietnam in danger zones from Hue to Khe Sanh Ultimately only three survived Each battled survivor's guilt difficult re entries into civilian life and traumas from personally experiencing war and losing close friends along the way Such stories recurred throughout America but the Morenci Marines stood out ABC News and Time magazine recounted their moving tale during the war and in 2007 the Arizona Republic selected the Morenci Nine as the most important veterans story in state history Returning to the soldiers Morenci roots Kyle Longley's account presents their story as unique by setting and circumstance yet typical of the sacrifices borne by small towns all across America His narrative spotlights a generation of young people who joined the military during the tumultuous 1960s and informs a later generation of the hard choices made many with long term consequences The story of the Morenci Marines also reflects that of their hometown a company town dominated by the Phelps Dodge Mining Corporation where the company controlled lives and the labor strife was legendary The town's patriotic citizens saw Vietnam as a just cause moving Clive Garcia's mother to say He died for this cause of freedom Yet while their sons fought and sent home their paychecks Phelps Dodge sought to destroy the union that kept families afloat pushing the government to end a strike that it said undermined the war effort Morenci was also a place where cultures intermingled and the nine friends included three Mexican Americans and one Native American Longley reveals how their backgrounds affected their decisions to join and also helped the survivors cope with Mike Cranford racing his Harley on back roads at high speeds while Joe Sorrelman tried to deal with demons of war through Navajo rituals Drawing on personal interviews and correspondence that sheds new light on the Morenci Nine Longley has written a book as much about loss

grief and guilt as about the battlefield It makes compelling reading for anyone who lived in that era and for anyone still seeing family members go off to fight in controversial wars Records Relating to American Prisoners of War and Missing in Action from the Vietnam War United States. National Archives and Records Administration,1996 Veteran Narratives and the Collective Memory of the Vietnam War John A. Wood,2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation s collective memory of the war and its aftermath Instead veterans accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A Wood unearths truths embedded in the memoirists treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans postwar troubles He also examines the publishing industry s influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war *Veteran Narratives* is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole *On Desperate Ground* Hampton Sides,2019-10-29 From the New York Times bestselling author of *Blood and Thunder* and *Ghost Soldiers* a chronicle of the extraordinary feats of heroism by Marines called on to do the impossible during the greatest battle of the Korean War Superb A masterpiece of thorough research deft pacing and arresting detail This war story the fight to break out of a frozen hell near the Chosin Reservoir has been told many times before But Sides tells it exceedingly well with fresh research gritty scenes and cinematic sweep The Washington Post On October 15 1950 General Douglas MacArthur Supreme Commander of UN troops in Korea convinced President Harry Truman that the Communist forces of Kim Il sung would be utterly defeated by Thanksgiving The Chinese he said with near certainty would not intervene in the war As he was speaking 300 000 Red Chinese soldiers began secretly crossing the Manchurian border Led by some 20 000 men of the First Marine Division the Americans moved deep into the snowy mountains of North Korea toward the trap Mao had set for the vainglorious MacArthur along the frozen shores of the Chosin Reservoir What followed was one of the most heroic and harrowing operations in American military history and one of the classic battles of all time Faced with probable annihilation and temperatures plunging to 20 degrees below zero the surrounded and hugely outnumbered Marines fought through the enemy forces with ferocity ingenuity and nearly unimaginable courage as they marched their way to the sea Hampton Sides superb account of this epic clash relies on years of archival research unpublished letters declassified documents and interviews with scores of Marines and Koreans who survived the siege While expertly detailing the follies of the American leaders *On Desperate*
