Orbit shifting innovation happens when an area that needs transformation meets an innovator with the will and the desire to create and not follow history At the heart of every orbit shifting innovation is the breakthrough that achieves a transformative impact Businesses social enterprises and even governments need orbit shifting ideas to create a transformative impact But how does that ground breaking idea come about and what translates it into actuality Charting the vast global landscape of orbit shifting innovation and using unique examples from prominent businesses the social sector entrepreneurs and public services spread across US UK Europe Africa and Asia the authors build insight into the key drivers behind taking on a transformative challenge and provide a unique framework to navigate the pitfalls and challenges in making it happen Orbit shifting innovation empowers everyone to overcome the obstacles to innovation and provides the tools to maximize the impact of transformative change The inspirational examples and tools for success compel leaders and entrepreneurs to not only pursue impossible challenges but lead the successful journey from conception of an orbit shifting idea to actually creating history

Success in the Bottom of the Pyramid Market in Africa Philipp von Carlowitz, 2020-11-13 This book presents an empirical investigation of the efforts that multinational pharmaceutical companies take in order to find a business model that allows for a profitable access to the Bottom of the Pyramid BoP markets The Bottom of the Pyramid in Africa is frequently mentioned as an attractive market due to its sheer size Yet most companies struggle to access it because of the low price level difficult physical market access and challenges when it comes to payment More specifically the book investigates the following business model related questions Do pharmaceutical companies provide products that meet the needs of the BoP What characterizes the value generation of the company What revenue model leads to a profitable business and what role does a network of partners play in the business model Findings reveal that there is no one size fits all answer to these questions Providing continuous availability affordability at a good quality of goods and services creating health awareness as well as localizing business to achieve a level of inclusiveness are essential prerequisites for success In the last chapter this book provides a business model prototype that accounts for these key success factors for business at the Bottom of the Pyramid and points to further research topics

**Entrepreneurship at the Bottom of the Pyramid** Carol Dalglish, Marcello Tonelli, 2016-08-12 2017 Nautilus Book Awards Silver Award Winner 2018 Great Northwest Book Festival Winner 2018 Hollywood Book Festival Winner Entrepreneurship at the Bottom of the Pyramid seeks to demonstrate to students the range of entrepreneurial activities that can be implemented in developing countries to alleviate poverty The book blends theory visual examples and practical learning activities to help students apply their knowledge and encourage thinking outside the box It begins by introducing the reader to two fundamental concepts poverty and the bottom of the pyramid so they have a solid grasp of the context in which the entrepreneurial activities are implemented Next the authors discuss the entrepreneurial process highlighting the most relevant elements risk survival and growth entrepreneurial actors the informal sector and micro credit Finally the book describes models to encourage entrepreneurial activities in developing

countries Weaving a primary case study throughout so the reader can apply new knowledge incrementally while moving through the chapters Dalglish and Tonelli also include several shorter case studies presenting different problems and implemented solutions in several geographical areas Students with an interest in entrepreneurship poverty alleviation and development studies will find this an important read *Base of the Pyramid 3.0* Fernando Casado Caneque, Stuart L. Hart, 2017-09-08 For well over 4 billion people approximately 60% of all humanity annual income is less than 1 500 The term Base of the Pyramid was first coined by Stuart L Hart and C K Prahalad in 2002 and has become synonymous with both the method by which we can more effectively address poverty and the opportunity that exists in a multi trillion dollar market A whole new lexicon has emerged to describe this phenomenon including new buzzwords and catch phrases like inclusive business opportunities for the majority sustainable livelihoods pro poor business and social business and thousands of new businesses institutions and investment funds have been set up In this ground breaking new book Stuart L Hart and Fernando Casado Caneque have worked with members of the BoP Global Network to shake the tree look objectively at what has happened since 2002 highlight why earlier applications of BoP haven't worked and propose new objectives and ways of working to formulate more sustainable solutions The book challenges the reader and organizations to think about the mindset and purpose across whole organizations open innovation rather than simply co creation and a complete review of the innovation ecosystem Through this book practitioners will gain a clearer insight into which business models can work within different communities to ensure a sustainable transition to improved local economies Equally the book is a must read for researchers and students in the fields of entrepreneurship innovation sustainable development and environmental management *Base of the Pyramid Markets in Affluent Countries* Stefan Gold, Marlen Gabriele Arnold, Judy N. Muthuri, Ximena Rueda, 2021-05-30 The Frugal Innovation and Bottom of the Pyramid Markets series comprises four volumes covering theoretical perspectives themes and various aspects of interest across four key geographical regions where BOP markets are located South America Asia Africa and more engineered countries BOP always addresses the poorest people or socioeconomic order or groups within a country society region or continent thus this series contributes a profound understanding of BOP markets across the most important geographical areas around the world and presents valuable insights on how the private sector can work together with other stakeholders to develop and operationalize economically viable business models in BOP markets all the while contributing to sustainable development Private actors such as multinationals SMEs and entrepreneurs have a critical role to play in achieving the Sustainable Development Goals agenda as laid down by United Nations in September 2015 Yet BOP markets face unique challenges and the private sector alone cannot orchestrate sustainable value creation activities Each volume presents several theoretical strands that highlight the diverse approaches and solutions to developing BOP markets further Frugal reverse and inclusive innovations can foster sustainable development and provide new business models and value streams that other countries can also benefit from A

variety of stylistic elements such as research work interviews and roundtable discussions offer a wide and vivid impression of ongoing challenges and fruitful solutions

**Sharing Economy at the Base of the Pyramid** Israr Qureshi, Babita Bhatt, Dharendra Mani Shukla, 2021-08-20 This book explores how the sharing economy models present opportunities and also pose challenges in achieving sustainable development at the base of the pyramid Through a 3S Framework sharing socialization and social intermediation and Reformative Transformative classification this book demonstrates how sharing economy models offer the potential for more inclusive and sustainable development The book includes case studies on sharing economy models that offer products and services for free or at prices more affordable than traditional options while also finding ways toward economic sustainability and inclusive growth This book identifies how local resources community social capital and bricolage could be leveraged in the development of sharing economy models that take into account the specificities of particular communities while ensuring that the solutions can be quickly modified and replicated Further this book highlights that sharing economy models leverage the digital revolution to take advantage of cheaper computational capacity and global connectivity while rapidly adapting to engage with those that have less digital literacy at the base of the pyramid This edited book aims to present analyses of sharing economy models at the base of the pyramid identifying characteristics that can be particularly important for sustainable development and barriers that would need to be overcome to realize its full potential The chapters in this book are contributed by a wide range of academics and scholars who are experts in the field

*Designing in Ethics* Jeroen van den Hoven, Seumas Miller, Thomas Pogge, 2017-10-26 Many of our interactions in the twenty first century both good and bad take place by means of institutions technology and artefacts We inhabit a world of implements instruments devices systems gadgets and infrastructures Technology is not only something that we make but is also something that in many ways makes us The discipline of ethics must take this constitutive feature of institutions and technology into account thus ethics must in turn be embedded in our institutions and technology The contributors to this book argue that the methodology of designing in ethics addressing and resolving the issues raised by technology through the use of appropriate technological design is the way to achieve this integration They apply their original methodology to a wide range of institutions and technologies using case studies from the fields of healthcare media and security Their volume will be important for philosophical practitioners and theorists alike
