The Publisher Alan Brinkley, 2011-04-05 Acclaimed historian

Alan Brinkley gives us a sharply realized portrait of Henry Luce arguably the most important publisher of the twentieth century As the founder of Time Fortune and Life magazines Luce changed the way we consume news and the way we understand our world Born the son of missionaries Henry Luce spent his childhood in rural China yet he glimpsed a milieu of power altogether different at Hotchkiss and later at Yale While working at a Baltimore newspaper he and Brit Hadden conceived the idea of Time a news magazine that would condense the week's events in a format accessible to increasingly busy members of the middle class They launched it in 1923 and young Luce quickly became a publishing titan In 1936 after Time's unexpected success and Hadden's early death Luce published the first issue of Life to which millions soon subscribed Brinkley shows how Luce reinvented the magazine industry in just a decade The appeal of Life seemingly cut across the lines of race class and gender Luce himself wielded influence hitherto unknown among journalists By the early 1940s he had come to see his magazines as vehicles to advocate for America's involvement in the escalating international crisis in the process popularizing the phrase World War II In spite of Luce's great success happiness eluded him His second marriage to the glamorous playwright politician and diplomat Clare Boothe was a shambles Luce spent his later years in isolation consumed at times with conspiracy theories and peculiar vendettas The Publisher tells a great American story of spectacular achievement yet it never loses sight of the public and private costs at which that achievement came

[Corrections to My Memoirs](#) Michael Kun,2011-03-04 From the author of A Thousand Benjamins and The Locklear Letters comes an irreverent and hilarious collection of short stories There are the lives we lead And the lives we wish we led The difference between the two is the dilemma that the offbeat characters in Corrections to My Memoirs seek to resolve From the fabrications of the misguided autobiographer in the title story to the unusual encounter of the narrator in The Last Chance Texaco these are people slowly learning the truth about the world They are discovering that the line between fantasy and reality is as thin as a white lie and that reality can't be altered because we wish it so With a style that is both humorous and heartbreaking Kun reveals the hidden side of human existence and shows us that the difference between what is perceived and what is real is often more significant than we'd like to admit
