Cartomancy Julian Moore, 2012-09-21 Get this book learn the system do cool readings David Numen Julian s work is the best of the bunch in these genres I have scoured book stores I only learn from his books and ideas John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release It s similar to my other books in that it s aimed at complete beginners as well as people who ve started learning this particular reading discipline but then given up for one reason or another Like my other books I use a no nonsense approach with lots of memory tips insights reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely hands on In fact part of the process involves scribbling on the cards a lot to make sure the basics are implanted in your mind as you go I m really hoping that this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it There s a lot more information hidden in those fifty two bits of paper than you probably realise

REVIEWS I got this yesterday and have started the study and have to say it s quite brilliant I ve read cards of one form or another for 20 years after learning initially from the Joe Ridding course but for various reasons I was looking for something to help me sharpen my skills and this more than does the trick For anyone who might feel that they d rather this was on tarot I think it s worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from ordinary cards It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible cues on the cards Playing card readings rock and playing cards predate tarot and are thus in my book purer and more mysterious than tarot David Numen I purchased this ebook What a great system Always in the easily understood clear writing format you d expect from Julian This is of a quality you would expect to find in a book store I have in the past purchased Julian s James Bond Cold Reading book and his Palm Reading book For me this is one of the best I find I am more in tune with numbers than the others I always have a deck of cards and certainly the places I frequent there are cards as well The fact that you can use a few cards a few more to create a simple or more complex reading is terrific Make it

as long or short as you'd like Julian's audio book available for free from his site is also top notch Lots of valuable audio files to use while driving or sitting in a Doctor's office Certainly worth the asking price If you have any of Julian's other offerings you know what I mean If you don't have any of Julian's other offerings don't hesitate His metaphors and memory links make sense and they work John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning Graphology The Art Of Handwriting Analysis Speed Learning The James Bond Cold Reading Speed Learning Palmistry Palm Readings In Your Own Words **Fortune Telling by Playing Cards - Containing Information on Card Reading, Divination, the Tarot and Other Aspects of Fortune Telling** Anon,2012-12-01 A beginner's guidebook to fortune telling including chapters on reading playing cards tea leaves and tarot This insightful exploration of various methods of fortune telling was first published in 1936 and is highly recommended to those who wish to develop divination abilities Featuring the following chapters Fortune Telling by Playing Cards How the Omens should be Regarded The Meanings of the Cards Methods of Divination Two Rapid Methods Etteilla's Great Figure of Destiny Simply Fortune Telling with Playing Cards Jonathan Dee,2007 The successful Simply series now offers an easy to use guide to the art of telling fortunes with cards Starting with the general significance of each suit for example hearts stand for autumn and good fortune while spades mean winter and possible trouble it goes on to give a detailed interpretation of each card in the deck including how the meaning changes when its position is reversed Copious charts show exactly how to lay out the cards and interpret combinations and spreads The many different patterns allow the reader the choice of providing a quick answer to a single question or doing a comprehensive reading **Sortilege - Fortune Telling with Playing Cards** Kelly Pardo,2019-10 Learn the historic and sacred art of fortune telling with playing cards Find out what your future has in store for you and others through the sacred art of Cartomancy In this simple and easy to read guide you can start your journey Use what you learn to enlighten and enrich your life With Sortilege you will have all you need to learn including card meanings card multiples and combinations choices of layouts history and timeline of cartomancy and tips and tricks for starting out For thousands of years people have sought truth guidance and a glimpse into the future through playing cards The skills of the Fortune Teller to provide divination have been actively sought as far back as the 15th century and are just as eagerly sought today Through Kelly Pardo's new work Sortilege you will receive complete instructions on reading and interpreting playing cards for yourself and others *Playing Card Divination for Beginners* Richard Webster,2025-08-05 Now anyone can practice a six hundred year old tradition of fortune telling that survives to this day Chances are you already own the cards You will learn the meaning of each card how to interpret groups of cards special spreads to answer questions about love and romance and much more *Fortune-telling by Playing Cards* Nerys Dee,1982 Discusses the origins history and symbolism of playing cards and describes traditional methods for forecasting the future with an ordinary deck of cards Cartomancy - the Art of Fortune Telling with Playing Cards Sophia Buckland,2016-05-14 This excellent beginner's guidebook instructs the
