Failing Cordelia: Parental Love and Parental-State Theft in Los Angeles Juvenile Dependency Court** Simon Cambridge, 2019-09-17 Climbing the Broken Judicial Ladder continues the author's journey of exploring the heartbreak and loss of first adopting Cordelia with severe reactive attachment disorder RAD in Washington state and then of nearly losing her to the draconian and confused child welfare legal complex in Los Angeles In this third volume of his *Denied Failing Cordelia* trilogy Cambridge climbs the broken California judicial ladder from the California Court of Appeals Second Appellate District based in Los Angeles to the California Supreme Court Cambridge concludes that in appeals relating to dependency cases the ladder is broken for parents seeking to advocate for themselves and for the true best interests of their children Policies relating to child welfare are flawed Cambridge argues because of the preemptive and prejudicial response to the issues raised during the detention of children As with his two earlier books Cambridge explores issues connected with how best to parent his adopted daughter and advocate for her needs in the context of a dependency case Cordelia's reactive attachment disorder would surface throughout the judicial struggle as would the author's own struggles with Asperger syndrome Each would feed negatively into the overall trauma and drama of the author's unrelenting quest to reunite his forever family Cambridge believes that dependency proceedings are ill equipped on many levels to elicit a proper understanding of RAD or of the therapeutic parenting needed to address it Cambridge believes that adoptive parents of children with special needs need to be understood by more sympathetic social workers and by therapists trained in attachment disorders Cambridge's persistent efforts to reunite his forever family would leave him increasingly isolated as he climbs the judicial ladder Based on his experiences Cambridge explores areas for reform in Los Angeles dependency proceedings and evokes Shakespeare's *King Lear* by arguing that social workers need to see better and that the Los Angeles

Juvenile Dependency Court needs to encourage a broader understanding of the issues raised through more effective legal advocacy from assigned dependency lawyers Cambridge argues that parents should be allowed to address the court directly Cambridge also relates how he and his daughter have found many positive and healthy ways to heal in the years since their dependency case ended Much trauma could have been avoided if those around them had seen better and had recognized the value in their dramatic and loving adoption journey The Book Club Bible Michael O'Mara Books,2011-07-31 With a foreword by Lionel Shriver author of We Need To Talk About Kevin The Book Club Bible is the essential guide to the best book club reads A to Z of American Women Writers Carol Kort,2014-05-14 Presents a biographical dictionary profiling important women authors including birth and death dates accomplishments and bibliography of each author s work

Piorkowski,2008-10-30 Romantic love is often an elusive fragile and tenuous state difficult to maintain across time The rates of divorce re divorce

relationship violence and abuse today attest to the fact we are failing at romantic love. And for teen aged and adult children of divorce romantic love can be especially elusive. Because they have no roadmap for a satisfying stable romantic relationship derived from their own parents they are confused by what love is and tend to make poor partner choices. Borrowing heavily from popular culture for unrealistic standards regarding love they become disillusioned when their all too ordinary lovers don't measure up. Especially vulnerable to the problems their parents had they tend to overreact in a similar negative fashion and are all too ready to consider divorce when unhappiness strikes. In attempting to halt intergenerational transmission of divorce Psychologist Piorkowski points to how we can recognize that American popular culture presents an overly sexualized explosive and superficial version of love that can't last. With this book adult children of divorce can begin to see how they have been affected by familial experiences and develop a new realistic map to find more fulfilling and enduring romantic relationships. Piorkowski in an extensive review of literature also looks at cultural factors and how they impact romantic love and marriage. In contrast to American popular culture's shallow rendition of romantic love many cultures elsewhere in the world emphasize compatibility religion and family allegiance. As a result says the author such marriages appear more stable than American unions built upon the shifting sands of emotion.

All He Ever Wanted Anita Shreve, 2024-09-24 Boldly plotted and inventively told from a natural born storyteller a story of obsessive love artfully explores emotions provoked by passion. Booklist A marriage is always two intersecting stories. This realization comes perhaps too late to the husband of Etna Bliss a man whose obsession with his young wife begins at the moment of their first meeting as he helps Etna and her companions escape from a fire in a hotel restaurant and culminates in a marriage doomed by secrets and betrayal. Written with the intelligence and grace that are the hallmarks of Anita Shreve's bestselling novels this gripping tale of desire jealousy and loss is peopled by unforgettable characters as real as the emotions that bring them together. Shreve is a master at depicting passion's ferocious grip there's something addictive about her literary tales of lust and love. USA Today Shreve is by far one of the finest novelists of her time.
