Forty Years in Kuwait, 1978 **Kuwait, 1945-1996** Miriam Joyce, 2014-03-05 Based on extensive research of British documents from the Public Records Office and American documents from the National Archives and several Presidential Libraries this book surveys events in Kuwait from the beginning of the twentieth century until the Second World War and explains Britain's initial interest in the ruling al Sabah family before focusing on the post 1945 period Playing the Game Penelope Tuson, 2003-10-24 The lives of the Western women who lived worked and travelled in Arabia in the first half of the 20th century have been largely ignored by historians Penelope Tuson tells the stories of these women Sometimes flamboyant and unconventional sometimes conservative and conformist all of them wanted in some way to be a part of British imperial life Some were prepared to play the game others were not and could even be regarded as difficult and dangerous Playing the Game explores how these women negotiated power and position in the Empire and how conventional female roles were defined by the masculine perspectives and hierarchies of imperial authority often with the collusion of the women themselves actively but also sometimes despite their attempts to subvert the stereotypes **A New Look at Kuwait** Zahra Freeth, 2017-08-17 This book first published in 1972 describes a Kuwait normally hidden to the eyes of visitors The author draws upon a vast experience of the country from both before and after the discovery of oil and analyses the changes to the physical appearance of the city as well as the changes to the customs and outlook of its people Mirage Aileen Keating, 2012-05-25 In this fascinating history of the discovery development and exploitation of Middle East oil an international journalist tells a largely unknown story rich in drama conflict and comic interludes Illustrations *Kuwait and Al-Sabah* Rivka Azoulay, 2020-07-23 The Emirate of Kuwait hardly resembles the city State it was at the start of the 20th century The discovery of oil in 1938 rapidly transformed the tiny tribal sheikhdom of the Al Sabah into a modern oil producing state where by the early 1980s citizens were enjoying one of the highest standards of living in the world While much has been written on the reasons why and how the Al Sabah became a ruling dynasty little is known about the nature of their authority and its relationship to Kuwait's social structure Rivka Azoulay shows how despite the rapidity of change in the oil rich family run emirate it is the pre oil dynamics of social and political life that dictate how society operates The author shows that Kuwait's ambitious diversification plans to reduce oil dependence by 2035 require a renegotiation of the regime's pact with society which threatens the pre oil alliances upon which the Al Sabah's regime has been built Routledge Library Editions: Kuwait Various Authors, 2021-03-18 This set collects together a range of books that together examine a broad spectrum of issues relating to Kuwait Two titles examine the key question of Kuwait's reliance on immigrant labour another analyses the growth and stability of the oil dependent economy other titles focus on aspects of Kuwait's social experience Together they are a key reference source on Kuwait its economy and its people *Range Management In Arid Zones* Samira A.S. Kuwait Transformed Farah Al-Nakib, 2016-04-13 As the first Gulf city to experience oil urbanization Kuwait City's transformation in the mid twentieth century inaugurated a now familiar regional narrative a small traditional town of mudbrick courtyard houses and plentiful foot traffic transformed into a modern city with marble fronted buildings vast suburbs and wide highways In Kuwait Transformed Farah Al Nakib connects the city's past and present from its settlement in 1716 to the twenty first century through the bridge of oil discovery She traces the relationships between the urban landscape patterns and practices of everyday life and social behaviors and relations in Kuwait The history that emerges reveals how decades of urban planning suburbanization and privatization have eroded an open tolerant society and given rise to the insularity xenophobia and divisiveness that characterize Kuwaiti social relations today The book makes a call for a restoration of the city that modern planning eliminated But this is not simply a case of nostalgia for a lost landscape lifestyle or community It is a claim for a right to the city the right of all inhabitants to shape and use the spaces of their city to meet their own needs and desires
