

FORTY MILES A DAY ON BEANS AND HAY

BY DON RICKEY, JR.

Forty Miles A Day On Beans Hay

Donald B. Connelly

Forty Miles A Day On Beans Hay:

Forty Miles a Day on Beans and Hay Don Rickey, 2012-11-28 The enlisted men in the United States Army during the Indian Wars 1866-91 need no longer be mere shadows behind their historically well documented commanding officers. As a member of the regular army, these men formed an important segment of our usually slighted national military continuum and through their labors, combats, and endurance created the framework of law and order within which settlement and development became possible. We should know more about the common soldier in our military past and here he is. The rank and file regular then, as now, was psychologically as well as physically isolated from most of his fellow Americans. The people were tired of the military and its connotations after four years of civil war. They arrayed their army between themselves and the Indians, paid its soldiers their pittance, and went about the business of mushrooming the nation's economy. Because few enlisted men were literarily inclined, many barely able to scribble their names, most previous writings about them have been what officers and others had to say. To find out what the average soldier of the post-Civil War frontier thought, Don Rickey Jr. asked over three hundred living veterans to supply information about their army experiences by answering questionnaires and writing personal accounts. Many of them, who had survived to the mid-1950s, contributed much more through additional correspondence and personal interviews. Whether the soldier is speaking for himself or through the author in his role as commentator-historian, this is the first documented account of the mass personality of the rank and file during the Indian Wars and is only incidentally a history of those campaigns. *Forty Miles a Day on Beans and Hay. Daily Life of U.S. Soldiers Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground-breaking work explores the lives of average soldiers from the American Revolution through the 21st-century conflicts in Afghanistan and Iraq. What was life really like for U.S. soldiers during America's wars? Were they conscripted or did they volunteer? What did they eat, wear, believe, think, and do for fun? Most important, how did they deal with the rigors of combat and coming home? This comprehensive book will answer all of those questions and much more, with separate chapters on the American Revolution, the War of 1812, the Mexican-American War, the Civil War, the Indian Wars, the Spanish-American War, World War I, World War II in Europe, World War II in the Pacific, the Cold War, the Korean War, the Vietnam War, the Persian Gulf War, the Afghanistan War, and War on Terror and the Iraq War. Each chapter includes such topical sections as Conscription and Volunteers, Training, Religion, Pop Culture, Weaponry, Combat, Special Forces, Prisoners of War, Homefront, and Veteran Issues. This work also examines the role of minorities and women in each conflict, as well as delves into the disciplinary problems in the military, including alcoholism, drugs, crimes, and desertion. Selected primary sources, bibliographies, and timelines complement the topical sections of each chapter. *Forty Miles a Day on Beans and Hay* Don Rickey, 2012-11-28 The enlisted men in the United States Army during the Indian Wars 1866-91 need no longer be mere shadows behind their historically well documented commanding officers. Visions of the American West Gerald F. Kreyche, 2014-07-11 Countless studies of the American West have been written from the viewpoint of history psychology sociology and anthropology But the West has seldom been written about with the reflective pen of a philosopher Offering more than a fresh retelling in thoroughly human terms of the major

historical events of the nineteenth century West Gerald Kreyche also leads the reader in a search for the spirit of the West itself That spirit was one with the American Dream which offered freedom individualism and self sufficiency to those strong enough and gutsy enough to heed the call of Manifest Destiny Although the West was and is the most American part of America itself its natural wonders its spacious grandeur its myths and mystique have captured the hearts and imaginations of people the world over We have all experienced the quickened pulse at the mention of things indelibly western tumbleweed mountain men high plains cowboys and Indians sod houses coyotes and grizzlies And who doesn t react to such bigger than life figures as Jim Bridger Buffalo Bill George Armstrong Custer Sitting Bull and Crazy Horse The personal humdrum of our times rapidly disappears when through the magic of western films TV shows and books we vicariously lose ourselves and then find ourselves in the American West of a bygone time The West then produced a quasi separate culture And as each culture must it gave birth to its own ethos its own special character its own tone and set of guiding beliefs Kreyche contends that in the process of westering the veneer of the sophisticated easterner was sloughed off leaving in sharp outline the frontiersman and the pioneer In their own manner these men and women produced a new species of homo americanus

Soldiering in the Shadow of Wounded Knee Hartford G. Clark, 2016-10-20 In the aftermath of the December 1890 massacre at Wounded Knee U S Army troops braced for retaliation from Lakota Sioux Indians who had just suffered the devastating loss of at least two hundred men women and children Among the soldiers sent to guard the area around Pine Ridge Agency South Dakota was twenty two year old Private Hartford Geddings Clark 1869 1920 of the Sixth U S Cavalry Within three days of the massacre he began keeping a diary that he continued through 1891 Clark s account published here for the first time offers a rare and intimate view of a soldier s daily life set against the backdrop of a rapidly vanishing American frontier According to editor Jerome A Greene Private Clark was a perceptive young man with wide ranging interests Although his diary begins in South Dakota most of its entries reflect Clark s service at Fort Niobrara located amid the sand hills of north central Nebraska There beginning in February 1891 five troops of the Sixth Cavalry sought to protect area citizens from potential Indian disturbances Among his hard drinking fellow soldiers Harry as Clark was called stood out as a teetotaler He was also an avid horse racer huntsman and the leading pitcher on Fort Niobrara s baseball team Beyond its descriptions of a grueling training regimen and off duty entertainment the diary reveals Clark s evolving perception of Native peoples Although he initially viewed them as savage enemies Private Clark s attitude softened when the army began enlisting Indian men and he befriended a Lakota soldier named Yellow Hand who shared Clark s love of sports Drawing on his extensive knowledge of nineteenth century military history Greene offers a richly annotated version of Private Clark s remarkable original text replete with information on the U S Army s final occupation of the American West *John M.
