Collecting Modern Japanese Prints Norman Tolman,Mary Tolman,2012-10-16 *Collecting Modern Japanese Prints* is an authoritative guide to the contemporary Japanese art form of printmaking Authors Mary and Norman Tolman have been involved with modern Japanese prints on every level for the past thirty years They number among their close friends a great many contemporary Japanese printmakers This Japanese print book contains several bodies of information An introductory essay puts Japanese prints into historical perspective and gives a brief outline of techniques All of the prints are in full color in as large a format as possible so that the art lover can savor the details of each work Modern Japanese Prints - Statler Oliver Statler,2012-10-09 Featuring over 100 unique prints *Modern Japanese Prints* is a testament to the continuity of Japanese art and creativity By far the most vitally creative group of artists working in Japan today modern print makers are truly international in appeal Although they owe much of their heritage to the famous ukiyoe techniques of the past they depart from their forebears in at least two important respects In the first place whereas in the ancient ukiyoe tradition a print was the joint production of three men the artist designer the artisan who carved the blocks and the printer these modern artists perform all these functions themselves thus satisfying their demands for individual artistic expression at every step of the creative process Another distinguishing feature of this artistic school is that its inspiration is derived neither solely from its own Japanese past nor solely from the West This book carefully traces the history of the modern print movement through detailed discussions of the life and work of twenty nine of its most noteworthy and representative artists It describes vicissitudes which the movement has undergone and the high artistic ideals which have motivated its members in spite of public apathy and the hostility of the traditionalists *Arts of Asia* ,1976 **Mizue Sawano: The Art of the Cherry Tree** ,2006 Bulletin of the Art Institute of Chicago Art Institute of Chicago,1927 **Modern Japanese Art and the Meiji State** Dōshin Satō,2011 This is an insightful and intelligent re thinking of Japanese art history its Western influences This broad ranging and profoundly influential analysis describes how Western art institutions and vocabulary were transplanted to Japan in the late nineteenth century In the 1870 80s artists and government administrators in Japan encountered the Western system of the arts for the first time Under pressure to exhibit and sell its artistic products abroad Japan s new Meiji government came face to face with the need to create European style art schools and museums and even to establish Japanese words for art painting artist and sculpture *Modern Japanese Art* is a full re conceptualization of the field of Japanese art history exposing the politics through which the words categories and values that structure our understanding

Newsletter, East Asian Art and Archaeology, 1994 **Strong Women, Beautiful Men** Laura J. Mueller, 2021-11-15 Shin hanga literally meaning new prints was the name given to a Japanese print artists movement in the early years of the twentieth century It sought to revive the traditional style of Ukiyo e woodblock prints of the Edo period 1603 1868 The connection between shin hanga and the Toledo Museum of Art began when Yoshida Hiroshi one of the leaders of the movement and his artist wife met J Arthur MacLean and Dorothy Blair at that time connected to the John Herron Art Museum in Indianapolis When Mr MacLean and Miss Blair established Toledo's Asian Art Department in 1927 28 they decided to collaborate with their friends the Yoshidas on two exhibitions of modern Japanese prints which took place in 1930 and 1936 This book accompanies the Museum's exhibition Strong Women Beautiful Men which explores the concept of the human form in Japanese woodblock prints Many of the works in the extensive Toledo collection deal with the genre of popular figures such as Kabuki actors in famous roles and bijin ga images of beautiful women *'Intoxicating Shanghai' - An Urban Montage* Paul Bevan, 2020-04-14 In Intoxicating Shanghai Paul Bevan explores the work of a number of Chinese modernist figures in the fields of literature and the visual arts with an emphasis on the literary group the New sensationists and its equivalents in the Shanghai art world examining the work of these figures as it appeared in pictorial magazines It undertakes

a detailed examination into the significance of the pictorial magazine as a medium for the dissemination of literature and art during the 1930s The research locates the work of these artists and writers within the context of wider literary and art production in Shanghai focusing on art literature cinema music and dance hall culture with a specific emphasis on 1934 The Year of the Magazine Modern Asian Art John Clark,1998-01-01 A seminal publication focusing on the modern art of Japan China India Thailand and Indonesia A significant and challenging contribution to the discussion of the advent of modernism in Asia **Facing Images** Kristopher W. Kersey,2024-08-06 If we want to decolonize the history of art argues Kristopher Kersey we must rethink our approach to the historical record This means dispensing with Eurocentric binaries divisions between Western and non Western modern and premodern and making a commitment to artworks that challenge the perspectives we build upon them In Facing Images the question takes elegant and intriguing form If the aesthetic hallmarks of modernity can be found in twelfth century art what does it really mean to be modern Kersey s answer to this question models a new historiography Facing Images begins by tracing the turbulent discourse surrounding the emergence of Japanese art history as a modern field In lieu of examining canonical works from the twelfth century Kersey foregrounds the elusive and the enigmatic in artworks little known and understudied outside Japan the manuscripts he selects defy traditional art historical narratives by exhibiting decidedly modern techniques including montage self reference reuse noise dissonance and chronological disarray Kersey weaves these medieval case studies together with insights from a wide range of interdisciplinary scholarship using a methodology that will prove important for historians Facing Images produces a history of non Western art in which diverse and anachronic works are brought responsibly and equitably into dialogue with the present without being subsumed under Eurocentric formalisms or false universals A timely intervention in the history of medieval Japanese art art historiography and the history of global modernism Facing Images redefines the relationship of the premodern non West to modern art It will be of particular interest to scholars of medieval Japanese art and of modernism
