**Foundation Grants to Individuals**, 2007      Foundation Grants to Individuals Foundation Center, 2003      **The Individual's Guide to Grants** Judith B. Margolin, 2012-12-06 This book is a work of conscience It is the product of a long standing feeling of obligation on my part to write something useful for a special group of people to which you probably belong individuals who seek grants In my years as Director of the New York library of The Foundation Center each and every day I encountered numbers of individuals looking for grant money Although I tried to be as supportive as possible in the face of the particular problems shared by this group of library users my own reaction was one of relative helplessness Simply stated most of the fund raising guides printed directories and computer files purportedly created to serve the fund raising public are of little or no use to individuals who seek funding on their own These resources are directed The Foundation Center is the independent nonprofit organization established by foundations to provide information for the grant seeking public vii viii I PREFACE toward the nonprofit tax exempt agency which is the most common recipient of foundation corporate and government largess They are not designed to respond to the special requirements of the individual grant seeker In the applicant eligibility index the Catalog of Federal Domestic Assistance defines individuals as homeowners students farmers artists scientists consumers small business persons minors refugees aliens veterans senior citizens low income persons health and educational professionals builders contractors developers handicapped persons the physically afflicted In short practically everyone qualifies      **Foundation Grants to Individuals** Phyllis Edelson, 2009      The Foundation 1000, 1999      **Higher Education Opportunities for Minorities and Women, Annotated Selections**, 1985      Higher Education Opportunities for Minorities and Women, Annotated Selections U.S. Department of Education, 1983      Kiplinger's Personal Finance, 1982-10 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics      **A Practical Guide to Teacher Education Evaluation** Jerry B. Ayers, Mary F. Berney, 2012-12-06 J T Sandefur Western Kentucky University American's ability to compete in world markets is eroding The productivity growth of our competitors outdistances our own The capacity of our economy to provide a high standard of living for all our people is increasingly in doubt As jobs requiring little skill are automated or go offshore and demand increases for the highly skilled the pool of educated and skilled people grows smaller and the backwater of the unemployable rises Large numbers of American children are in limbo ignorant of the past and unprepared for the future Many are dropping out not just out of school but out of productive society These are not my words They are a direct quote from the Executive Summary of the Carnegie Forum Report on Education and the Economy entitled A Nation Prepared Teachers for the 21st Century p 2 1986 This report was motivated by four purposes 1 To remind Americans yet again of the economic challenges pressing us on all sides 2 To assert the primacy of education as the foundation of economic growth equal opportunity and a shared national vision 3 To reaffirm that the teaching profession is

the best hope for establishing new standards of excellence as the hallmark of American education and 4 To point out that a remarkable window of opportunity lies before us in the next decade to reform education an opportunity that may not present itself again until well into the next century     Austerity Management in Academic Libraries John Frederick Harvey, Peter Spyers-Duran, 1984 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com)
