A Usable Past William J. Bouwsma,1990-06-27 The essays assembled here represent forty years of reflection about the European cultural past by an eminent historian The volume concentrates on the Renaissance and Reformation while providing a lens through which to view problems of perennial interest A Usable Past is a book of unusual scope touching on such topics as political thought and historiography metaphysical and practical conceptions of order the relevance of Renaissance humanism to Protestant thought the secularization of European culture the contributions of particular professional groups to European civilization and the teaching of history The essays in A Usable Past are unified by a set of common concerns William Bouwsma has always resisted the pretensions to science that have shaped much recent historical scholarship and made the work of historians increasingly specialized and inaccessible to lay readers Following Friedrich Nietzsche he argues that since history is a kind of public utility historical research should contribute to the self understanding of society

Contesting the Renaissance William Caferro,2010-08-24 In this book William Caferro asks if the Renaissance was really a period of progress reason the emergence of the individual and the beginning of modernity An influential investigation into the nature of the European Renaissance Summarizes scholarly debates about the nature of the Renaissance Engages with specific controversies concerning gender identity economics the emergence of the modern state and reason and faith Takes a balanced approach to the many different problems and perspectives that characterize Renaissance studies

Essays in Some Dimensions of Military History Don Rickey,Benjamin Franklin Cooling (III),1972 These papers and essays are derived from lectures delivered at guest seminars for the Army War College

Isaac Abarbanel's Stance Toward Tradition Eric Lawee,2012-02-01 Winner of the 2002 Nauchman Sokol Mollie Halberstadt Prize in Biblical Rabbinic Scholarship presented by the Canadian Jewish Book Awards Finalist 2002 Scholarship Morris J and Betty Kaplun Award presented by the National Jewish Book Council Financier and courtier to the kings of Portugal Spain and Italy and Spanish Jewry s foremost representative at court at the time of its 1492 expulsion Isaac Abarbanel was also Judaism s leading scholar at the turn of the sixteenth century His work has had a profound influence on both his contemporaries and later thinkers Jewish and Christian Isaac Abarbanel s Stance Toward Tradition is the first full length study of Abarbanel in half a century The book considers a wide range of Abarbanel s writings focusing for the first time on the dominant exegetical side of his intellectual achievements as reflected in biblical commentaries and messianic writings Author Eric Lawee approaches Abarbanel s work from the perspective of his negotiations with texts and teachings

bequeathed to him from the Jewish past The work provides insight into the important spiritual and intellectual developments in late medieval and early modern Judaism while offering a portrait of a complex scholar whose stance before tradition combined conservatism with creativity and reverence with daring

The Refashioning of Catholicism, 1450-1700

Robert Bireley, 1999 Throughout its history Christianity has adapted to contemporary society and culture in order to reach people effectively and have an impact on the world This process often evokes controversy Certainly this is the case in the current century and so it was in the sixteenth Robert Bireley argues that early modern Catholicism the period known more traditionally as the Counter Reformation was both shaped by and an active response to the profound changes of the sixteenth century the growth of the state economic expansion and social dislocation European colonialism across the seas the Renaissance and of course the Protestant Reformation Bireley finds that there were two fundamental contrasting desires that helped shape early modern Catholicism the desire especially of a lay elite to lead a full Christian life in the world and the widespread desire for order and discipline after the upheavals of the long sixteenth century He devotes particular attention to new methods of evangelization in the Old World and the New education at the elementary secondary and university levels the new active religious orders of women as well as men and the effort to create a spirituality for the Christian living in the world This book will be of great value to all those studying the political social religious and cultural history of the period

ABOUT THE AUTHOR Robert Bireley S J is professor of history at Loyola University Chicago He is the author of three books including *The Counter Reformation Prince Antimachiavellianism or Catholic Statecraft in Early Modern Europe* and *Politics and Religion in the Age of the Counterreformation Emperor Ferdinand II* William Lamormaini S J and *the Formation of Imperial Policy* as well as a number of articles on early modern European History

PRAISE FOR THE BOOK Bireley has produced a fine new survey of the history of Catholicism in the early modern period He targets his reassessment of the Counter Reformation at advanced undergraduates and the general public He has served them well This book should be considered required reading for all those who teach about the early modern world at any level whether from a historical theological or cultural perspective

Theological Studies This book is an excellent introduction to the topic It is thorough yet concise and written clearly It would be appropriate for use as a text for colleges or seminaries and could easily be appropriated and appreciated by adult study groups or adults interested in knowing more about how their faith has been fashioned by the society in which it has lived and how in turn their faith has fashioned society

Highly recommended Catholic Library World The learned Jesuit author of this concise textbook is well known for his studies in English and German on the relations of Catholic counsellors especially members of the Society of Jesus and statesmen of early modern Europe and on Catholic statecraft at that time more generally Bireley argues for a period of Catholic renewal which for all its special intensity was not in any sense a mere reaction to or product of the Protestant challenge There is stress here on institutional change involving popes bishops and clergy on new forms of spirituality both in more traditional regular communities and in

innovative groups pursuing a more active form of religious commitment and on advances in Catholic education for laity as well as clergy females as well as males Catholic Historical Review

The Unknown History of Jewish Women Through the Ages Rachel Elinor, 2023-05-22 The Unknown History of Jewish Women On Learning and Illiteracy On Slavery and Liberty is a comprehensive study on the history of Jewish women which discusses their absence from the Jewish Hebrew library of the People of the Book and interprets their social condition in relation to their imposed ignorance and exclusion from public literacy The book begins with a chapter on communal education for Jewish boys which was compulsory and free of charge for the first ten years in all traditional Jewish communities The discussion continues with the striking absence of any communal Jewish education for girls until the late nineteenth and early twentieth century and the implications of this fact for twentieth century immigration to Israel 1949 1959 The following chapters discuss the social cultural and legal contexts of this reality of female illiteracy in the Jewish community a community that placed a supreme value on male education The discussion focuses on the patriarchal order and the postulations rules norms sanctions and mythologies that in antiquity and the Middle Ages laid the religious foundations of this discriminatory reality

Jus Gentium in Humanist Jurisprudence Susan Longfield Karr, 2023-01-23 This book explores how the fathers of humanist jurisprudence contributed to the emergence of ius gentium as the common law not simply of Europe but of all mankind in the early sixteenth century They did so by so thoroughly reinterpreting terms idioms and categories preserved within Justinian's Digest that they fundamentally transformed them to address sources and limits of political and legal authority in the broader context of early modern state formation In the process they offered theories of universal jurisprudence grounded in the attributes and actions of man and states that anticipated some of the most salient features of modern sovereignty and rights Theories that we tend to identify with post Reformation political and legal thought rather than the early Renaissance

The History of the Book in the West: 1455-1700 Ian Gadd, 2017-03-02 Beginning with one of the crucial technological breakthroughs of Western history the development of moveable type by Johann Gutenberg The History of the Book in the West 1455 1700 covers the period that saw the growth and consolidation of the printed book as a significant feature of Western European culture and society The volume collects together seventeen key articles written by leading scholars during the past five decades that together survey a wide range of topics such as typography economics regulation bookselling and reading practices Books whether printed or in manuscript played a major role in the religious political and intellectual upheavals of the period and understanding how books were made distributed and encountered provides valuable new insights into the history of Western Europe in the fifteenth sixteenth and seventeenth centuries

Literacy and Historical Development Graff, Harvey J, 2007 Representing three decades of research Literacy and Historical Development A Reader presents some of the most important historical scholarship on literacy in Europe and the United States The approaches research and conclusions reflected in this collection of fifteen essays has changed how historians and many others conceptualize literacy and represents a body of scholarship

that is transforming both contemporary and historical literacy theories In this revised and expanded edition of the groundbreaking volume *Literacy and Social Development in the West* editor Harvey J Graff provides a new introduction and nine new essays by nationally and internationally renowned contributors from a range of disciplines Replacing an unquestioned certainty that literacy's powers are universal independent and determinative Graff brings together studies that support new concepts contending that the importance and influences of literacy depend on specific social and historical contexts the impacts of literacy are mediated and restricted the effects of literacy are social and particular and the role of literacy must be understood within the burgeoning array of communication technologies
