His engagement with critical theory hermeneutics and biblical scholarship culminated in his groundbreaking Christological trilogy which marked Schillebeeckx as one of the most significant and innovative thinkers of his time. By building an overview of recent research into Schillebeeckx's writing, the contributors shed new light on his influence and ongoing relevance in contemporary theology. Beginning with the roots of Schillebeeckx's views on metaphysics, spirituality and faith, the essays then move to his work during and after the Second Vatican Council and then to his engagement with new directions in philosophy and his renewal of classical topics such as creation, theological and soteriological anthropology and eschatology. Culminating with an analysis of theology and culture, this handbook thoroughly explores the implications of Schillebeeckx's theology for a contemporary readership.

A Bible Handbook to the Acts of the Apostles Mal Couch, Numerous evangelical scholars combine their insights to present the best of a Bible handbook and a theological study.

The Liturgical Year Adrien Nocent, 2013-11-07 When Adrien Nocent's *The Liturgical Year* was published in the 1970s it was the very first comprehensive commentary on the three year lectionary in relation to the Sacramentary Missal as these were revised following the Second Vatican Council. Expressed on nearly every page was Nocent's conviction that the liturgy and the Word of God proclaimed within it have something important to say to real people of every culture and time. He constantly returns to the question: What does this passage have to say to us today? Now this extraordinary work of applied postconciliar liturgical scholarship has been emended and annotated by one of today's leading liturgical scholars. Paul Turner has provided many helpful explanatory notes on history, culture, language and of course liturgy. He has also updated the liturgical texts to conform to The Roman Missal Third Edition. The result is a resource that promises to enrich and inspire a new generation of presiders, preachers, liturgy planners and students.

On the fiftieth anniversary of Vatican II's Sacrosanctum Concilium encounter the vibrant scholarship and pastoral wisdom of Adrien Nocent's *The Liturgical Year* again or for the first time.

Volume 3 covers all of the Sundays of Ordinary Time.

International Handbook of Catholic Education Gerald Grace, Joseph, SJ O'Keefe, 2007-12-07 Knowledge of Catholic educational scholarship and research has been largely confined to specific national settings. Now is the time to bring together this scholarship. This is the first international handbook on Catholic educational scholarship and research. The unifying theme of the Handbook is Catholic Education: challenges and responses in a number of international settings. In addition to analyzing the largest faith-based educational system worldwide, the book also critically examines contemporary issues such as church-state relations and the impact of secularization and globalization.
