Riggs, *Politics and Policy Implementation in the Third World* Merilee S. Grindle, 2017-03-14 This book addresses the broader questions of how both the content and the context of public policy affect its implementation Through a series of case studies from Mexico Peru Brazil Colombia Zambia Kenya and India ten scholars here demonstrate that numerous factors intervene between the statement of policy goals and their actual achievement in society Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Administrative Factor Bernard Schaffer, 2019-06-04 Originally published in 1973 the chapters in this volume tackle a wide range of problems arising from this process of modernization The first section looks at the discussion of ideas and theories about administration in the nineteenth century when some organizational ideology became firmly rooted and went unquestioned for many years These chapters also examine the inevitable questions of reform and major reorganization which later arose in the United States Britain and elsewhere The second section moves on from the theory and practice of administrative structures to some consideration of practical problems within organizations problems of personnel and administrative method Management questions of staff conditions and careers and job differentiation are examined and the Fulton report on reform in such areas is discussed The final group of chapters looks at a variety of substantive issues such as defence and civil military relations the advent of independence from colonial government development policies and development administration Two major themes emerge One concerns the extent to which administrative organizations are instruments to be used or institutions which exercise an almost autonomous control over our lives to what extent is public policy translated into real terms by the institutions concerned The second theme is concerned with the impact of institution

on people both in terms of broad policy and programmes and in practical day to day communication across the counter between rank and file bureaucrat and the ordinary citizen
