R. Wibben,2010-12-16 This book rethinks security theory from a feminist perspective uniquely it engages feminism security and strategic studies to provide a distinct feminist approach to security studies The volume explicitly works toward an opening up of security studies that would allow for feminist and other narratives to be recognized and taken seriously as security narratives To make this possible it presents a feminist reading of security studies that aims to invigorate the debate and radicalize critical security studies Since feminism is a political project and security studies are at their base about particular visions of the political and their attendant institutions this is of necessity a political intervention The book works through and beyond security studies to explore possible spaces where an opening of security necessary to make way for feminist insights can take place While it develops and illustrates a feminist narrative approach to security it is also intended as an intervention that challenges the politics of security and the meanings for security legitimized in existing practices This book provides develops a comprehensive framework for the emerging field of feminist security studies and will be of great interest to students and scholars of feminist IR critical security studies gender studies and IR and security studies in general Criminal Women Sharon Grace,Maggie O'Neill,Tammi Walker,Hannah King,Lucy Baldwin,Alison Jobe,Orla

Lynch, Vicky Seaman, Fiona Measham, Kate O'Brien, 2022-02-18 Bringing together cutting edge feminist research this collection uses participatory inclusive and narrative methodologies to highlight the lived experiences of women involved with the criminal justice system      **Gender Violence in Peace and War** Victoria Sanford, Katerina Stefatos, Cecilia M. Salvi, 2016-09-16 Reports from war zones often note the obscene victimization of women who are frequently raped tortured beaten and pressed into sexual servitude Yet this reign of terror against women not only occurs during exceptional moments of social collapse but during peacetime too As this powerful book argues violence against women should be understood as a systemic problem one for which the state must be held accountable The twelve essays in Gender Violence in Peace and War present a continuum of cases where the state enables violence against women from state sponsored torture to lax prosecution of sexual assault Some contributors uncover buried histories of state violence against women throughout the twentieth century in locations as diverse as Ireland Indonesia and Guatemala Others spotlight ongoing struggles to define the state's role in preventing gendered violence from domestic abuse policies in the Russian Federation to anti trafficking laws in the United States Bringing together cutting edge research from political science history gender studies anthropology and legal studies this collection offers a comparative analysis of how the state facilitates legitimates and perpetuates gender violence worldwide The contributors also offer vital insights into how states might adequately protect women's rights in peacetime as well as how to intervene when a state declares war on its female citizens      Nationbuilding, Gender and War Crimes in South Asia Bina D'Costa, 2012-07-26 This book gives a detailed political analysis of nationbuilding processes and how these are closely linked to statebuilding and to issues of war crime gender and sexuality and marginalization of minority groups With a focus on the Indian subcontinent the author demonstrates how the state itself is involved in the construction of a gendered identity and how control of women and their sexuality is central to the nationbuilding project She applies a critical feminist approach to two major conflicts in the Indian subcontinent the Partition of India in 1947 and the Liberation War of Bangladesh in 1971 and offers suggestions for addressing historical injustices and war crimes in the context of modern Bangladesh Addressing how the social and political elites were able to construct and legitimize a history of the state that ignored these issues the author suggests a critical re examination of the national narrative of the creation of Bangladesh which takes into account the rise of Islamic rights and their alleged involvement in war crimes Looking at the impact that notions of nation state and nationalism have on women from a critical feminist perspective the book will be an important addition to the literature on gender studies international relations and South Asian politics      **Gender, Governance and International Security** Nicola Pratt, Sophie Richter-Devroe, 2016-04-08 The United Nations Security Council in 2000 unanimously passed a resolution calling for women's increased participation in conflict prevention and peacebuilding as well as their protection during conflict This marked the first time that the UN Security Council explicitly addressed gender issues in conflict and post conflict situations But what difference has this international agenda on Women Peace and Security made

to women's lives on the ground and to the governance of international peace and security This volume provides a critical evaluation of the mainstreaming of gender issues in matters of international peace and security resulting from the passage of Resolution 1325 in 2000 It considers how this agenda actually plays out in different contexts and with what implications for women's activism and for peace and security The picture that emerges is not uniform obliging us to reconsider the links between gender conflict different visions of peace and consequently different projects of peacebuilding Consequently the book poses new questions for transnational feminist scholars and activists This book was based on a special issue of the International Feminist Journal of Politics

**The Making of Elite Women** Tanja Müller, 2021-11-29 This book is a thorough study about the upcoming of elite women in Eritrea encompassing the time of the armed struggle for liberation as well as its aftermath up to the tenth anniversary of Eritrean independence in 2001 and beyond It is a multi disciplinary study combining a comprehensive analysis of Eritrean history society and political developments with extensive case study research into the lives of different groups of elite women Modernisation processes created by the Eritrean revolution fostered an environment in which women are regarded as equal and encouraged to occupy positions of leadership At the same time the revolution s hegemonic ideology does not envisage women opting out of its version of modernity thus new avenues open up only for those who subscribe to the revolution s narrative of progress Furthermore it is argued that while the Eritrean revolution played a decisive role in opening up possibilities for women s emancipation a failure to implement democratic structures of governance puts the revolution s societal achievements at risk its legacy might well rest with possibilities of personal liberation in individual lives
