Fruitlands Richard Francis,2010-11-02 This is a definitive account of Fruitlands one of history s most unsuccessful but most significant utopian experiments It was established in Massachusetts in 1843 by Bronson Alcott whose ten year old daughter Louisa May future author of Little Women was among the members and an Englishman called Charles Lane under the watchful gaze of Emerson Thoreau and other New England intellectuals Alcott and Lane developed their own version of the doctrine known as Transcendentalism hoping to transform society and redeem the environment through a strict regime of veganism and celibacy But physical suffering and emotional conflict particularly between Lane and Alcott s wife Abigail made the community unsustainable Drawing on the letters and diaries of those involved the author explores the relationship between the complex philosophical beliefs held by Alcott Lane and their fellow idealists and their day to day lives The result is a vivid and often very funny narrative of their travails demonstrating the dilemmas and conflicts inherent to any utopian experiment and shedding light on a fascinating period of American history **Louisa May Alcott** Susan Cheever,2011-11-08 Examines the life of Louisa May Alcott discussing her family relationships works rejection of marriage and other related topics **Bulletin of the Center for Children's Books** ,2003 School Library Journal ,2003

creativity In the early stages of the authors careers their artistic developments were associated with their patrilineal connections to two artistic movements that shaped the course of American and British history the Transcendentalists and Pre Raphaelites Flint uncovers the authors rejections of the individualistic outlooks of these movements demonstrating that Alcott and Rossetti affiliated themselves with their mothers and sisters religious faith Applying the methodological framework of women s mysticism Flint reveals that Alcott s and Rossetti s religious beliefs were shaped by the devotional practices and life writing texts of their matrilineal communities Here the authors iconic portrayals of female artists are examined in light of the examples of their mothers and sisters for the first time Flint recovers a number of unpublished life writings including commonplace albums and juvenile newspapers introducing readers to early versions of the authors iconic works These recovered texts indicate that Alcott and Rossetti portrayed the female artist as a mouthpiece for a wider community of women committed to social justice and divine communion By drawing attention to the parallels in the authors familial affiliations and religious beliefs Flint recuperates a tradition of nineteenth century women s mysticism that departs from the individualistic models of male literary traditions to locate female empowerment in gynocentric relationships dedicated to achieving a shared revelation of God *Clr Cumulative Title Index* ,2008-05-28
