International Handbook of Violence Research Wilhelm Heitmeyer, John Hagan, 2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedhelm Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage

Advanced Subsidiary Psychology Christine Brain, 2000 The first book of two Advanced Subsidiary Psychology seeks to develop an understanding of the principles of Psychology and to illustrate these by reference examples relevant to students own interests and experience Fully in line with the AS Edexcel specifications Book 1 covers the first three units of the award and provides a thorough preparation for the AS examination

Cultural Variation in Conflict Resolution Douglas P. Fry, Kaj Björkqvist, Kaj Björkqvist, 2013-04-15 This volume s central purpose is to provide a clearly written scholarly exploration of cultural variation regarding conflict resolution and in so doing highlight certain alternatives to violence It presents an interdisciplinary examination of how conflicts are perceived and handled in a variety of cultural settings Drawing on data and models from anthropology psychology and political science the chapters analyze conflict resolution across the societal spectrum including cases from Western and non Western traditions complex and tribal societies and violent and non violent cultures While demonstrating the extremely important impact of culture on conflict resolution processes the book does not solely emphasize cultural specificity Rather through introductory chapters section introductions and a concluding chapter the volume editors draw attention to cross cultural patterns in an attempt to further the search for more general conflict principles An explicit message throughout the book is that alternatives to violence exist The volume demonstrates that at various levels from the interpersonal to the international conflicts can be handled in ways that cause far less pain and destruction than violence

Chapters by psychologists discuss social and cognitive processes for facilitating the learning of alternatives to violence among children and youth Anthropology contributors explore mechanisms for dealing with social conflict which allow some cultures to remain relatively peaceful and consider implications of their work for reducing violence in other societies Chapters by former President of Costa Rica Oscar Arias and by political scientists examine how non violent political solutions can be employed as alternatives to warfare and violent resistance
