Fugitive From Love:

Fugitive from Love Julia ASHWELL, 1985 Surva-qita James Henry Cousins, 1922 **Fugitive from Love** Fay Chandos, 1950 Poems of Love Ronald Wardell Andrews, 2019-12-09 This is a collection of love poems written by the Catalog of Copyright Entries Library of Congress. Copyright Office, 1967 author himself The Philosophy of **Ontological Lateness** Keith Whitmoyer, 2017-09-07 Addressing Merleau Ponty's work Phenomenology of Perception in dialogue with The Visible and the Invisible his lectures at the Coll ge de France and his reading of Proust this book argues that at play in his thought is a philosophy of ontological lateness. This describes the manner in which philosophical reflection is fated to lag behind its objects therefore an absolute grasp on being remains beyond its reach Merleau Ponty articulates this philosophy against the backdrop of what he calls cruel thought a style of reflecting that seeks resolution by limiting circumscribing and arresting its object By contrast the philosophy of ontological lateness seeks no such finality no apocalypsis or unveiling but is characterized by its ability to accept the veiling of being and its own constitutive lack of punctuality To this extent his thinking inaugurates a new relation to the becoming of sense that overcomes cruel thought Merleau Ponty s work gives voice to a wisdom of dispossession that allows for the withdrawal of being Never before has anyone engaged with the theme of Merleau Ponty's own understanding of philosophy in such a sustained way as Whitmoyer does in this volume **Detective Fiction in a Postcolonial and Transnational World** Nels Pearson, 2016-04-22 Taking up a neglected area in the study of the crime novel this collection investigates the growing number of writers who adapt conventions of detective fiction to expose problems of law ethics and truth that arise in postcolonial and transnational communities While detective fiction has been linked to imperialism and constructions of race from its earliest origins recent developments signal the evolution of the genre into a potent framework for narrating the complexities of identity citizenship and justice in a postcolonial world Among the authors considered are Vikram Chandra Gabriel Garc a M rquez Michael Ondaatje Patrick Chamoiseau Mario Vargas Llosa Suki Kim and Walter Mosley The essays explore detective stories set in Latin America the Caribbean India and North America including novels that view the American metropolis from the point of view of Asian American African American or Latino characters Offering ten new and original essays by scholars in the field this volume highlights the diverse employment of detective fictions internationally and uncovers important political and historical subtexts of popular crime novels Poets Before Homer Delbert R. Hillers, 2015-02-18 This volume collects and reprints many of Delbert R Hillers s most important published essays and articles his long out of print Treaty Curses and the Old Testament Prophets and three previously unpublished essays including the aforementioned Poets Before Homer Archaeology and the Western Literary Tradition Hillers gave the latter as the 1992 William Foxwell Albright Lecture at The Johns Hopkins University and in it uses Ernst Robert Curtius's European Literature and the Latin Middle Ages with its topological method as a model for exploring the connections of the most ancient Near Eastern literatures including the Bible to later Western literature Though one of his latest pieces of writing Poets Before Homer represents as Hillers himself recognized a fairly clear statement of what he had been doing in much of his earlier scholarship and the volume collects the best of this earlier scholarship Most of these essays work themselves out from a particular passage theme topos image or grammatical issue and gain their interpretive vantage point by reading said passage etc comparatively whether in light of relevant ancient Near Eastern and or more recent European literary parallels or with reference to some more theoretical interest such as modern linguistic theory Hillers s habit of mind ran toward the particular toward the individual detail His genius if this word may be used was in his capacity to seize upon one aspect of some larger entity problem or topic to work it through thoroughly and as often as not decisively all the while resisting the temptation to take up the larger perhaps un re solvable complex of which the detail or problem was but a part The worked example is the Hillersian trademark exemplum followed by moralisatio and Poets Before Homer collects all of his best The Mirror of Literature, Amusement, and **Instruction** Reuben Percy, John Timbs, 1830 Containing original essays historical narratives biographical memoirs sketches of society topographical descriptions novels and tales anecdotes select extracts from new and expensive works the spirit of the public journals discoveries in the arts and sciences useful domestic hints etc etc etc The Mirror of Literature of Literature, Amusement, and Instruction, 1840 The Mirror of Literature, Amusement, and Instruction Thomas Byerly, John Timbs, 1840 Poetical Remains, Social, Sacred and Miscellaneous.
