Fugitive Works:

The Collected Works of William Hazlitt: Fugitive writings William Hazlitt, 1904 **Fugitives** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Justice Oversight, 2001 Fugitive Recovery Tactical Training Manual Vol 2 Lee Vineyard, 2012-07-05 This manual is used to teach the students of the National Tactical Training Association Of Bail Enforcement Agents This manual covers everything you will ever need to know in this field This book covers tactical entry firearms history of bail enforcement just to name a few You will never find a better training guide than this one The N T T A B E A has been instructing Bail Enforcement Law Enforcement Security and SRT teams for over 15 years and the instructors have over 20 plus years in the field After you have read this manual contact the N T T A B E A to find out how to get your certification *The Life of William H. Seward with Selections from His Works* George E. Baker, 1855 **The Works of William H. Seward** William Henry Seward, 1884 *Fugitive Slaves (1619-1865)* Marion Gleason McDougall, 1891 *Benjamin Jarnes* J. S. Bernstein, 1972 *Fugitive Borders* Nele Sawallisch, 2018-11-26 *Fugitive Borders* explores a new archive of 19th century autobiographical writing by black authors in North America For that purpose Nele Sawallisch examines four different texts written by formerly enslaved men in the 1850s that emerged in or around the historical region of Canada West now known as Ontario and that defy the genre conventions of the classic slave narrative Instead these texts demonstrate originality in expressing complex often ambivalent attitudes towards the so called Canadian Promised Land and contribute to a form of textual community building across national borders In the context of emerging national discourses before Canada s Confederation in 1867 they offer alternatives to the hegemonic narrative of the white settler nation **The Fugitive's Properties** Stephen M. Best, 2010-05-15 In this study of literature and law before and since the Civil War Stephen M Best shows how American conceptions of slavery property and the idea of the fugitive were profoundly interconnected The Fugitive s Properties uncovers a poetics of intangible personified property emerging out of antebellum laws circulating through key nineteenth century works of literature and informing cultural forms such as blackface minstrelsy and early race films Best also argues that legal principles dealing with fugitives and indebted persons provided a sophisticated precursor to intellectual property law as it dealt with rights in appearance expression and other abstract aspects of personhood In this conception of property as fleeting indeed fugitive American law preserved for much of the rest of the century slavery s most pressing legal imperative the production of personhood as a market commodity By revealing the paradoxes of this relationship between fugitive slave law and intellectual property law Best helps us to understand how race achieved much of its force in the American cultural imagination A work of ambitious scope and compelling cross connections The Fugitive s Properties sets new agendas for scholars of American literature and legal culture Making the Modern Reader Barbara M. Benedict, 2018-12-04 Inquiring into the formation of a literary canon during the Restoration and the eighteenth century Barbara Benedict poses the question Do anthologies reflect or shape

contemporary literary taste She finds that there was a cultural dialectic at work miscellanies and anthologies transmitted particular tastes while in turn being influenced by the larger culture they helped to create Benedict reveals how anthologies of the time often created a consensus of literary and aesthetic values by providing a bridge between the tastes of authors editors printers booksellers and readers Making the Modern Reader the first full treatment of the early modern anthology is in part a history of the London printing trade as well as of the professionalization of criticism Benedict thoroughly documents the historical redefinition of the reader once a member of a communal literary culture the reader became private and introspective morally and culturally shaped by choices in reading She argues that eighteenth century collections promised the reader that culture could be acquired through the absorption of literary values This process of cultural education appealed to a middle class seeking to become discriminating consumers of art By addressing this neglected genre Benedict contributes a new perspective on the tension between popular and high culture between the common reader and the elite This book will interest scholars working in cultural studies and those studying noncanonical texts as well as eighteenth century literature in general Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
