Popular Photography, 1996-01

Queering Drag Meredith Heller, 2020-01-21 Theatrical gender bending also called drag is a popular form of entertainment and a subject of scholarly study However most drag studies do not question the standard words and ideas used to convey this performance genre Drawing on a rich body of archival and ethnographic research Meredith Heller illuminates diverse examples of theatrical gender bending male impersonation in variety and vaudeville 1860 1920 the sexless gender bending of El Teatro Campesino 1960 1980 queer butch acts performed by black nightclub singers such as

Storm DeLarverie instigator of the Stonewall riots 1910 1970 and the range of acts that compose contemporary drag king shows Heller highlights how in each case standard drag discourses do not sufficiently capture the complexity of performers intents and methods nor do they provide a strong enough foundation for holistically evaluating the impact of this work Queering Drag offers redefinition of the genre centralized in the performer s construction and presentation of a queer version of hegemonic identity and it models a new set of tools for analyzing drag as a process of intents and methods enacted to effect specific goals This new drag discourse not only allows for more complete and accurate descriptions of drag acts but it also facilitates more ethical discussions about the bodies identities and products of drag performers **Digital**

Photography in Available Light Mark Galer,2006 This guide teaches all the digital skills the amateur or student photographer will need when photographing on location written in a practical no nonsense and entertaining style

Photographic Topics ,1902 **Light and Lens** Robert Hirsch,2022-11-02 The latest edition of this pioneering book allows students to acquire an essential foundation for digital photography Fully updated it clearly and concisely covers the fundamental concepts of imagemaking how to use digital technology to create compelling images and how to output and preserve images in the digital world Exploring history methods and theory this text offers classroom tested assignments and exercises from leading photographic educators approaches for analyzing discussing and writing about photographs and tools to critically explore and make images with increased visual literacy New to this fourth edition Completely updated and renewed to reflect social trends and technological advances Highly reconstructed Chapter 3 Image Capture Cameras Lenses and Scanners Revamped Chapter 4 Exposure Capturing the Light Entirely new Chapter 8 Digital Studio The Virtual and the Material Worlds Expanded smartphone photography coverage Featuring nearly 300 international artists and over 360 innovative images and illustrations New engaging assignments Ideal for undergraduate students of digital photography and hobbyist photographers

Forensic Architecture Eyal Weizman,2017-04-28 A new form of investigative practice that uses architecture as an optical device to investigate armed conflicts and environmental destruction In recent years the group Forensic Architecture began using novel research methods to undertake a series of investigations into human rights abuses Today the group provides crucial evidence for international courts and works with a wide range of activist groups NGOs Amnesty International and the UN Forensic Architecture has not only shed new light on human rights violations and state crimes across the globe but has also created a new form of investigative practice that bears its name The group uses architecture as an optical device to investigate armed conflicts and environmental destruction as well as to cross reference a variety of evidence sources such as new media remote sensing material analysis witness testimony and crowd sourcing In Forensic Architecture Eyal Weizman the group s founder provides for the first time an in depth introduction to the history practice assumptions potentials and double binds of this practice The book includes an extensive array of images maps and detailed documentation that records the intricate work the group has performed Traversing multiple scales and durations the

case studies in this volume include the analysis of the shrapnel fragments in a room struck by drones in Pakistan the reconstruction of a contested shooting in the West Bank the architectural recreation of a secret Syrian detention center from the memory of its survivors a blow by blow account of a day long battle in Gaza and an investigation of environmental violence and climate change in the Guatemalan highlands and elsewhere Weizman s Forensic Architecture stunning and shocking in its critical narrative powerful images and daring investigations presents a new form of public truth technologically architecturally and aesthetically produced The practice calls for a transformative politics in which architecture as a field of knowledge and a mode of interpretation exposes and confronts ever new forms of state violence and secrecy **Photographic Times** ,1911 *The Photo-beacon* ,1906 **Hemispherical Photography in Forest Science:**

Theory, Methods, Applications Richard A. Fournier,Ronald J. Hall,2017-05-11 This book presents practical information about hemispherical photography from the perspectives of field data acquisition image processing and information retrieval methods This book is organized into three sections The first section describes what is hemispherical photography and what are the fundamental elements of forest structure and light interactions within the forest canopy The second section provides practical information about the equipment procedures and tools for procuring processing and analyzing hemispherical photographs Armed with this information the third section describes several applications of hemispherical photographs to forestry and natural resource assessment The book concludes with a discussion about modelling tools and future directions of this rapidly growing field There is currently no information source on the market that has this comprehensive range of topics combined in a single book The book will appeal to academics graduate students natural resource professionals and researchers alike **Professional Marketing & Selling Techniques for Digital Wedding Photographers** Jeff

Hawkins,Kathleen Hawkins,2005-12-01 Updated to include the latest digital camera models imaging software and current image proofing and sales techniques this business guide teaches wedding photographers how to build a profitable business From formulating a business plan to presenting final images to clients the strategies presented help photographers avoid the pitfalls that ruin many wedding photography studios Photographers learn how to define a target demographic whether that be low volume big budget or high volume low budget clients and market to those demographics in print on the Internet through networking and at bridal shows Customer service tips include how to interview clients to ensure a stress free and enjoyable portrait experience conduct presession consultations and write a contract as well as presentation techniques for wall size images coffee table style books and guestbooks The featured images and drawings include a gallery of the author s wedding photographs and samples of advertising marketing and promotional literature **The Photographic Times** ,1896

A Guide to Aerial Photo Interpretation Jack Hagerty,2019-03-14 This book is all about Photo Interpretation PI However it s not about the esthetic qualities of photographs nice as they may be PI is a quantitative analysis of a photo where you measure things and do some calculations to derive all kinds of valuable information stuff you probably didn t realize you can

get off of even the simplest photos Before getting into the calculations there s a brief review of the history of taking photos from above followed by a much more complete history of cameras designed for model rockets If you re not up to date on your trigonometry basics there s a helpful primer at the end in Appendix A Finally Ted Mahler tells a story of how hard it is to actually take a photo of a specific target from a model rocket as a report on his Target Photography Fun Event at NARAM 36
