and be bold about moving forward in positive ways You can have the good life a balanced life and an emotionally healthy life Cassandra shows readers how to appreciate respect and value Self how to lay down positive boundary lines in relationships and how to transform your life overall Break through wrong thinking overcome obstacles restore hope and create personal success Using this book together with The Empowered Life The Workbook you can transform yourself and your life reconnect with your Soul and develop inner peace Wouldn't you like to feel better about your life Empowerment is just a choice away Sometimes we make major changes in life just by taking one small step or making one simple decision But those decisions are not always easy to make We tend to cater to other people's whim or we are afraid of hurting someone's feelings Afraid to take a risk to step out of that dead end job and aim for something higher Afraid to make a decision to get out of a bad relationship Afraid fearful anxious Too often these are the emotions that rule our lives and make our decisions for us But it doesn't have to be that way You can empower yourself to be more in control of your life to be more centered to make more positive decisions for self and to understand how the soul works in your life to bring you to a better place always Whether in business relationship or just within yourself you can learn how to take control and be a much more balanced much happier person Relationship Self Esteem Depression Empowerment Healing Confidence Personal Power Intuition Laws of the State of Illinois Enacted by the ...
