sustainable development Yellow Tourism Alexis Papathanassis, Stavros Katsios, Nicoleta Ramona Dinu, 2018-08-21 This book presents the latest research and novel case studies on crime and corruption in the tourism and hospitality industry. It approaches tourism as both a globalised business impacting the livelihood of millions of people and a highly challenging field of action for national legislators and law enforcement agencies. The global nature and ubiquity of tourism as well as the core elements of the holiday experience such as interactions with unknown environments and places a care-free mind set, novelty seeking behaviour and anonymity render it highly susceptible to victimisation, crime and corruption. Accordingly, the book addresses a comprehensive set of emerging issues including conflict and fraud during holidays, criminal and negligence offences at tourists' expense, exploitation and mistreatment of service workers, deterioration of heritage, cultural and natural resources and securitisation of tourism.
