

Fundamentalist Islam's Bengali adventure

[Zeeshan Khan Op-Ed](#)

The demands Hefazat-e-Islam made are not new. Many of their demands have antecedents in some form or another, strewn out over the last decade or more

Hefazat-e-Islam's uninvited arrival onto the political scene in Bangladesh, while certainly alarming, isn't much of a surprise. They're old news actually. Many of their demands have antecedents in some form or another, strewn out over the last decade or more.

The Unheeded Warning and 17 Years Later (2007-2024) Raphael Israeli, 2024-07-09 The volume The Unheeded Warning combines the lived experience of public warning by this author against the mounting violence of radical Muslim immigrants into Australia and the aftermath of the October 7 2023 Hamas Massacre in Israel that shook the world The radical Muslim threat is manifested against both the local Aussie Jewry and its support for Israel as well as against the Western Civilization the radical Muslims are determined to alter to their tune These immigrants have been trying the same tactics worldwide including in Europe and in America This trend has existed for the last few decades in the entire Western world but exploded into unprecedented peaks of hatred violence and bigotry on the morning of the October 7 massacre launched by Hamas from Gaza into adjacent Israeli territory which resulted in the murder of 1 300 Israeli civilians in their beds and the criminal abduction of 240 more into Gaza as hostages for blackmail that they and the active mediators of a deal shamelessly misname as negotiations for exchange of prisoners The worldwide Muslim radical movement that manifests itself especially on university campuses across the West is largely aided by old local antisemites both on the Right and the Left

Dying as a Shahid Raphael Israeli, 2019-04-29 Dying as a Shahid Martyrs in Islam examines the motives religious and psychological which make the so called suicide bomber tick What is usually so called must rather be termed Islamikaze a combination of Islam and kamikaze due to the phenomenological resemblance between the Japanese kamikaze who fought in the Pacific during World War II and the present day Muslim terrorists In addition to the religious social and psychological underpinnings of the phenomenon of Shahid martyr there is a rich array of historical precedents that have fixated this sort of terrorism with self immolation dubbed self sacrifice as a prominent feature of Islamic life

Nuclear Iran Anthony Kairouz, 2007 I did not start out to have a book of poems published for I was in the beginning writing poems to release the pain and suffering I had upon the sudden death of my son Mark I was angry at God and everyone at the time even blaming myself for his death I suddenly found myself writing getting up all hours of the night and writing things that my son was telling me Such things as he was still with me I was not to blame and that I could bring a little comfort to others I felt that he was now guiding me as my Angel that God had sent back to me I began meeting others and I was able to feel their pain and suffering and even joys I moved to a little area called SANTEE LAKES CAMPGROUNDS where I began writing even more meeting more people and soon started going to a small church called LAKESIDE OUTREACH MINISTRIES where I became more spiritually involved with my poem writings I feel that I had been led there for I met complete strangers whom I wrote for and about and they told me how much the poems meant to them Almost all of these poems are from actual

happenings or events in my life since the passing of my son some about things I have seen or heard and some just parodies of certain news and elections But all have had an impact upon me Pastor Kenny Griffin told me that God had given me a talent and I needed to share it with others and so this is how I came to have my poems published I have found peace and comfort in the wnxng of my poems and for those of you who reads my poems if you found this same comfort and enjoyment then I feel that

The Absence of Evidence and Its Consequences in Travesties of Justice Raphael Israeli,2019-01-29 This book is built on the assumption that very often what seems to be evidence turns out to be fake news while libels and stereotypes that have no foundation in reality are accepted as evidence thus potentially causing travesties of justice Examples are drawn here from several prominent and renowned case studies including OJ Simpson s trial and the fiasco of American intervention in Iraq to search for the traces of weapons of mass destruction which were not found The book also explores the history of anti Semitism which is replete with false accusations where evidence was lacking and Jews were nevertheless convicted It also shows how the Arab Israeli conflict also demonstrates how unfounded accusations can be sustained by lies proving that beliefs and prejudices are sometime stronger than hard facts

Jacob Neusner Aaron W Hughes,2016-09-13 Biography Neusner is a social commentator a post Holocaust theologian and an outspoken political figure Jacob Neusner born 1932 is one of the most important figures in the shaping of modern American Judaism He was pivotal in transforming the study of Judaism from an insular project only conducted by and of interest to religious adherents to one which now flourishes in the secular setting of the university He is also one of the most colorful creative and difficult figures in the American academy But even those who disagree with Neusner s academic approach to ancient rabbinic texts have to engage with his pioneering methods In this comprehensive biography Aaron Hughes shows Neusner to be much more than a scholar of rabbinics He is a social commentator a post Holocaust theologian and was an outspoken political figure during the height of the cultural wars of the 1980s Neusner s life reflects the story of what happened as Jews migrated to the suburbs in the late 1940s daring to imagine new lives for themselves as they successfully integrated into the fabric of American society It is also the story of how American Jews tried to make sense of the world in the aftermath of the extermination of European Jewry and the subsequent creation of the State of Israel in 1948 and how they sought to define what it meant to be an American Jew Unlike other great American Jewish thinkers Neusner was born in the U S and his Judaism was informed by an American ethos His Judaism is open informed by and informing the world It is an American Judaism one that has enabled American Jews the freest in history to be fully American and fully Jewish

Muslim Anti-Semitism in Christian Europe Raphael Israeli,2011-12-31 Modern Arab and Muslim hostility towards Jews and Israel is rooted not only in the Arab Israeli conflict and traditional Islamic teaching but also in Christian anti Semitic attitudes brought into the Islamic world by Western colonial powers In this volume Raphael Israeli examines how the worsening situation in the Middle East together with large waves of Muslim immigration to Europe North America and Australia has brought about a comingling of two anti Semitic traditions As the author explains the

unique interaction of Muslim immigrants in the West with the host societies brought them into contact with local traditional anti Semites of the xenophobic fascist and racist Right along with the avowedly anti Zionist Left to build a formidable wall of hatred against the Jewish state and its people To complicate this picture further the same Muslim immigrants share with them minority status in a Christian majority society Often finding themselves at odds with the majority host society they find themselves subject to criticism and censure on all sides They are engaged simultaneously in battle with both their host society into which they cannot integrate and their Jewish compatriots who are a model of good integration Consequently they feel exposed and lose ground in the struggle for social acceptance Israeli lays out the nature and ideologies of the Muslim immigrant world and shows how in each European country they create their own ethnic sub groups and religious communities often in competition with each other This remarkable and courageous book will be of interest to sociologists Middle East specialists and political scientists *Fratricide in the Holy Land* Avner Falk,2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today *The Fight for Jerusalem* Dore Gold,2009-08-24 A former Israeli ambassador to the United Nations argues against a redivision of Jerusalem stating that it will only enflame radical Islamists and maintains that an awareness of biblical history can protect the city for worshippers of all faiths Human Rights and Human Development in the Arab and Islamic World Raphael Israeli,2022-08-29 For many years Islam has behaved in total authoritarian domination over masses of populations with a total disregard of basic human rights based on the Sharia holy law of Empire and rule over its own Muslim subjects Even more so over a multitude of Christian Jewish and other minorities Islam has ignored Western developments since the American and French Revolutions which little by little developed the liberal predominance of human rights The prevailing rationale in Islam was and has remained that Allah s Law as expressed in His Holy edicts forever takes priority over any law that humans can produce While similar beliefs were modified in other faiths and creeds which resulted in Western philosophical thought due to the established separation of Church and state Islam has never known such a separation and has perpetuated the ancient traditional views rationalizing that while human made laws are ephemeral and transient Allah s are immutable and eternal Hence the severe laws on apostasy in Islam which forbid Muslims the right to deny their faith under threat of death Even the

religions of Christianity and Judaism are under restriction in Islamdom If their followers wish to convert they are permitted to do so only to Islam which is why the record of human rights in Islam is so poor Islamic Radicalism and Political Violence Raphael Israeli,2008 The Islamic movement in Israel headed by Sheikh Ra id Salah has turned into a templar like organization which cultivates the Aqsa Mosque in Jerusalem the Temple as its symbol and rallying point Ra id combines spiritual authority with political appeal religious concerns with organizational wheeling and dealing and local popularity with international salience In 2004 he was arrested in Israel and accused of channeling funds to Hamas and the author was an expert witness for the prosecution at the trial After first considering the nexus between religion and politics the Islamic Movement in Israel and Sheikh Ra id the second half of the book examines the trial and its consequences **Forgotten Millions** Malka Hillel Shulewitz,2000-10-27 Describes the situations of the long established Jewish communities of the Arab world the forces that led them to immigrate to Israel and the conditions that shaped their new lives in a Jewish state led by Jews of a different heritage *The Tectonic Shudder of October 7, 2023 in the Middle East* Raphael Israeli,2024 This volume describes the large gap between the image of the October 7 massacre by Hamas against Israelis and the ensuing Gaza War as a minor neighborhood rift between Israel and the Palestinians But it ended up with two global forces arrayed against each other Iran the head of the Octopus with its tentacles in Syria Lebanon Gaza and Yemen backed by the entire Islamic world and by Russia and China the former to divert attention from Ukraine the latter to ensure its oil supply and the other the U S that supports Israel in that rift with several Western countries backing them only hesitantly and temporarily due to domestic Muslim pressures within their own borders **Survey of Arab Affairs** ,1993
