of My Lai**

*The **HUGH THOMPSON** Story*

Introduction by Mike Wallace, CBS News

TRENT ANGERS

Forgotten Hero Of My Lai The Hugh Thompson Story

Scott Baron, James Wise, Jr.

Forgotten Hero Of My Lai The Hugh Thompson Story:

The Forgotten Hero of My Lai Trent Angers, 1999 Recounts the efforts of Hugh Thompson and his crew to save nine unarmed civilians caught in the crossfire of the 1968 massacre in which U S ground troops killed five hundred men women and children in the Vietnam village of My Lai The memory of catastrophe Peter Gray, Kendrick Oliver, 2024-07-30 Investigates the dynamic relationship between experiences of profound social and cultural disruption and human memory Critical comparisons are made across a wide variety of catastrophic experiences and memories not just of war but also of massacre genocide rebellion famine partition shipwreck and fire The book is an accessible showcase for a wide range of methodological approaches to the study of memory including literary studies cultural studies participant observation and historical studies and uses a variety of oral visual and written sources Offers a diverse chronological and geographical range of catastrophic cases from seventeenth century England to the recent conflicts in the former Yugoslavia from Ireland to the Indian sub continent from Mexico to wartime Leningrad Well written and accessible a fascinating read **To Be Honest** Ron A. Carucci, 2021-05-03 WINNER NYC Big Book Award 2021 Business General WINNER Goody Business Book Awards Business General FINALIST Good Business Book Awards Leadership General and Think Differently Selected as one of Bloomberg s Best Books of 2021 Nominated by the founder and executive director of the Aspen Institute Business and Society Program DISTINGUISHED FAVORITE Independent Press Award 2022 Business General Under what conditions will people tell the truth behave fairly and act with purpose at work And when will they lie cheat and be selfish Based on 15 years of research To Be Honest explains how four factors Clear Identity Accountability Governance and Cross Functional Relationships affect honesty justice and purpose within a company When these factors are absent or ineffective the organizational conditions compel employees to choose dishonesty and self interest But when done well the organization is 16 times more likely to have people tell the truth behave fairly and serve a greater good To Be Honest shares the stories of leaders who have acted with purpose honesty and justice even when it was difficult to do so In depth interviews with CEOs and senior executives from exemplar companies such as Patagonia Cabot Creamery Microsoft and others reveal what it takes to build purpose driven companies of honesty and justice Interviews with thought leaders like Jonathan Haidt Amy Edmondson Dan Ariely and James Detert offer rich insights on how leaders can become more honest and purposeful You ll learn how Hubert Joly took Best Buy from a company on the brink of bankruptcy to one that is profitable thriving and purposeful Filled with real life examples To Be Honest offers actionable steps practical tools and approaches that any leader or manager can use to create a culture of purpose honesty and justice The American South and the Vietnam War Joseph A. Fry, 2015-06-19 To fully comprehend the Vietnam War it is essential to understand the central role that southerners played in the nation s commitment to the war in the conflict s duration and in the fighting itself President Lyndon B Johnson of Texas and Secretary of The Code of the Warrior Shannon E. French, 2016-11-17 This revised and expanded second edition of The

Code of the Warrior a book George R Lucas has described as groundbreaking and now part of the Military Ethics canon takes the reader on a tour of warrior cultures and their values from the ancient Greeks and Romans to the barbaric Vikings and Celts from chivalric knights to Native American tribesmen from Chinese warrior monks pursuing enlightenment to Japanese samurai practicing death This new edition enhances these discussions with analyses of modern day warriors and examines the ethical dimensions of emerging military technology such as drones cyber warfare and bio enhanced troops A new chapter also addresses the Islamic warrior code both in its historic and modern implementations Drawing these historical traditions up to the present this book seeks a code for the warriors of today as they do battle in asymmetric conflicts both remotely and face to face against the scourge of global terrorism This book offers a comprehensive survey of historic and modern warrior cultures for students of military history philosophy and ethics

Atrocity and American Military Justice in Southeast

Asia Louise Barnett,2010-01-21 This book is an examination of American army legal proceedings that resulted from a series of moments when soldiers in a war zone crossed a line between performing their legitimate functions and committing crimes against civilians or atrocities Using individual judicial proceedings held within war time Southeast Asia Louise Barnett analyses how the American military legal system handled crimes against civilians and determines what these cases reveal about the way that war produces atrocity against civilians Presenting these atrocities and subsequent trials in a way that considers both the personal and the institutional the author considers how and why atrocity happens the terrain of justification and the degree to which the army and American society have been willing to take military crimes against civilians seriously Atrocity and American Military Justice in Southeast Asia will be of interest to students scholars and professionals interested in Military Justice Military history and Southeast Asian History more generally

Against the Vietnam War Mary Susannah Robbins,2007 The protest movement in opposition to the Vietnam War was a complex amalgam of political social economic and cultural motivations factors and events Against the Vietnam War brings together the different facets of that movement and its various shades of opinion Here the participants themselves offer statements and reflections on their activism the era and the consequences of a war that spanned three decades and changed the United States of America The keynote is on individual experience in a time when almost every event had national and international significance

Police Chief Daniel S. McDevitt,Mark W. Field,2010 Based on over seventy years of extensive experience at the federal state county and municipal level the authors draw on current knowledge to provide a thorough overview of the realities of the position of chief of police The book provides practical common sense advice for preparing oneself for the position successfully negotiating the application and screening process and competing in various selection procedures including the assessment center The book then addresses negotiating an employee compensation and benefits agreement and once the position is offered how to prepare for your first days as a chief of police It also furnishes sound advice intended to help the chief retain his physical emotional and ethical health while leading a professional law enforcement agency

Chapter topics include advice on taking control of the police department and setting the agenda in place emphasizing the extreme importance of role modeling the behavior that the chief expects of department personnel the requirements for a productive relationship with the command staff exploring the multifaceted relationship a chief has with his employees and guidelines for managing relations with collective bargaining units schools and businesses and the various elements of the community It also examines establishing and maintaining your relationship with your superior whether that is a city manager or elected official developing and managing a budget managing the disciplinary process how to respond when things go wrong to include officer involved shootings and other misconduct and building a good working relationship with the media Each chapter concludes with a OC Points to RememberOCO section that will be beneficial to the new police chief in order to avoid mistakes and build on the body of knowledge that constitutes professional law enforcement leadership There are several sample policies procedures and forms included in the book that will prove very useful for the new or veteran chief This resource will be invaluable to all prospective and current chiefs of police law enforcement professionals policymakers and police academics

My Lai William Thomas Allison,2012-10 Allison tells the story of a terrible moment in American history and explores how to deal with the aftermath On March 16 1968 American soldiers killed as many as five hundred Vietnamese men women and children in a village near the South China Sea In *My Lai* William Thomas Allison explores and evaluates the significance of this horrific event How could such a thing have happened Who or what should be held accountable How do we remember this atrocity and try to apply its lessons if any *My Lai* has fixed the attention of Americans of various political stripes for more than forty years The breadth of writing on the massacre from news reports to scholarly accounts highlights the difficulty of establishing fact and motive in an incident during which confusion prejudice and self preservation overwhelmed the troops Son of a Marine veteran of the Vietnam War and aware that the generation who lived through the incident is aging Allison seeks to ensure that our collective memory of this shameful episode does not fade Well written and accessible Allison s book provides a clear narrative of this historic moment and offers suggestions for how to come to terms with its aftermath

Redefining the Modern Military Nathan K. Finney,Tyrell Mayfield,2018-10-15 This edited collection will expand upon and refine the ideas on the role of ethics and the profession in the 21st Century The authors delve into whether Samuel Huntington and Morris Janowitz still ring true in the 21st century whether training and continuing education play a role in defining a profession and if there is a universal code of ethics required for the military as a profession *Redefining the Modern Military* is unique in how it treats the subject of ethics and the military profession as well as the types of writers it brings on board to address this topic The book puts a significant emphasis on individual agency for military professionalism as opposed to broad organizational or cultural change Such a review of these topics is necessary because the process of serious intellectual self reflection is a requirement especially in a profession that involves life and death of people and nations

Yes, I Am Your Brother Nuri Madina,2016-07-20 Muslims and African Americans are the two

most misunderstood groups in America today yet both groups have been a part of American life from its beginning Today it is the African American that most represents the aspirations of both groups They are a new people a people who have overcome a history of oppression yet retained the good human character that is the saving grace of humanity But we first have to acknowledge that we all have one Creator share one common origin and are part of one brotherhood of man It is this people the African American Muslim that represents those ideals and who presents a model for humanity going forward **Waging Peace in Vietnam** Ron Carver, David Cortright, Barbara Doherty, 2019-09-10 How American soldiers opposed and resisted the war in Vietnam While mainstream narratives of the Vietnam War all but marginalize anti war activity of soldiers opposition and resistance from within the three branches of the military made a real difference to the course of America's engagement in Vietnam By 1968 every major peace march in the United States was led by active duty GIs and Vietnam War veterans By 1970 thousands of active duty soldiers and marines were marching in protest in US cities Hundreds of soldiers and marines in Vietnam were refusing to fight tens of thousands were deserting to Canada France and Sweden Eventually the US Armed Forces were no longer able to sustain large scale offensive operations and ceased to be effective Yet this history is largely unknown and has been glossed over in much of the written and visual remembrances produced in recent years *Waging Peace in Vietnam* shows how the GI movement unfolded from the numerous anti war coffee houses springing up outside military bases to the hundreds of GI newspapers giving an independent voice to active soldiers to the stockade revolts and the strikes and near mutinies on naval vessels and in the air force The book presents first hand accounts oral histories and a wealth of underground newspapers posters flyers and photographs documenting the actions of GIs and veterans who took part in the resistance In addition the book features fourteen original essays by leading scholars and activists Notable contributors include Vietnam War scholar and author Christian Appy and Mme Nguyen Thi Binh who played a major role in the Paris Peace Accord The book originates from the exhibition *Waging Peace* which has been shown in Vietnam and the University of Notre Dame and will be touring the eastern United States in conjunction with book launches in Boston Amherst and New York *End Peer Cruelty, Build Empathy* Michele Borba, 2018-04-18 Evidence based bullying prevention principles policies and practices to reduce peer cruelty and create safe caring learning climates Based on a practical six part framework for reducing peer cruelty and increasing positive behavior support *End Peer Cruelty Build Empathy* utilizes the strongest pieces of best practices and current research for ways to stop bullying The book includes guidelines for implementing strategies collecting data training staff mobilizing students and parents building social emotional skills and sustaining progress and presents the 6Rs of bullying prevention Rules Recognize Report Respond Refuse and Replace This is not a program but a comprehensive process for reducing bullying from the inside out involving the entire school community Bullying prevention and character education expert Michele Borba who's worked with over 1 million parents and educators worldwide offers realistic research based strategies and advice Use the book on its own or to

supplement an existing program Digital content includes customizable forms from the book and a PDF presentation for use in professional development **The My Lai Massacre in American History and Memory** Kendrick Oliver, 2006 This book examines the response of American society to the My Lai massacre and its ambiguous place in American national memory The author argues that the massacre revelations left many Americans untroubled It was only when the soldiers most immediately responsible came to be tried that opposition to the conflict grew for these prosecutions were regarded by supporters of the war as evidence that the national leaders no longer had the will to do what was necessary to win

Conduct Unbecoming Scott Baron, James Wise, Jr., 2016-03-18 Men and women who serve in the armed forces are subject to a different legal code than those they protect Throughout American history some have through action or failure to act or by circumstances found themselves facing prosecution by the United States military One measure of a nation's sense of justice is how it treats those who surrender some of their rights to defend the rights of fellow citizens Beginning with the first court martial predating the nation itself and continuing to the recent wars in Iraq and Afghanistan and the War on Terror this book examines the proceedings of 15 courts martial that raised such important legal questions as When does advocacy become treason Who bears ultimate responsibility when troops act illegally What are the limits in protesting injustice The defendants include such familiar names as Paul Revere and William Calley The authors examine such overlooked cases as the Somers Mutiny the trial of the San Patricios and the Port Chicago Mutiny These trials demonstrate that guaranteeing military justice especially in the midst of armed conflict is both a challenge and a necessity in a free society UnSelfie Michele Borba, 2017-05-23 Includes a Touchstone reading group guide in unnumbered pages at end of work

Triumph Regained Mark Moyer, 2023-01-10 *Triumph Regained* The Vietnam War 1965-1968 is the long awaited sequel to the immensely influential *Triumph Forsaken* The Vietnam War 1954-1965 Like its predecessor this book overturns the conventional wisdom using a treasure trove of new sources many of them from the North Vietnamese side Rejecting the standard depiction of U.S. military intervention as a hopeless folly it shows America's war to have been a strategic necessity that could have ended victoriously had President Lyndon Johnson heeded the advice of his generals In light of Johnson's refusal to use American ground forces beyond South Vietnam General William Westmoreland employed the best military strategy available Once the White House loosened the restraints on Operation Rolling Thunder American bombing inflicted far greater damage on the North Vietnamese supply system than has been previously understood and it nearly compelled North Vietnam to capitulate The book demonstrates that American military operations enabled the South Vietnamese government to recover from the massive instability that followed the assassination of President Ngo Dinh Diem American culture sustained public support for the war through the end of 1968 giving South Vietnam realistic hopes for long term survival America's defense of South Vietnam averted the imminent fall of key Asian nations to Communism and sowed strife inside the Communist camp to the long term detriment of America's great power rivals China and the Soviet Union **The**

Generals Thomas E. Ricks, 2012-10-30 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In The Generals Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails

My Lai Howard Jones, 2017-05-04 On the early morning of March 16 1968 American soldiers from three platoons of Charlie Company 1st Battalion 20th Infantry Regiment 11th Brigade 23rd Infantry Division entered a group of hamlets located in the Son Tinh district of South Vietnam located near the Demilitarized Zone and known as Pinkville because of the high level of Vietcong infiltration The soldiers many still teenagers who had been in the country for three months were on a search and destroy mission The Tet Offensive had occurred only weeks earlier and in the same area and had made them jittery so had mounting losses from booby traps and a seemingly invisible enemy Three hours after the GIs entered the hamlets more than five hundred unarmed villagers lay dead killed in cold blood The atrocity took its name from one of the hamlets known by the Americans as My Lai 4 Military authorities attempted to suppress the news of My Lai until some who had been there in particular a helicopter pilot named Hugh Thompson and a door gunner named Lawrence Colburn spoke up about what they had seen The official line was that the villagers had been killed by artillery and gunship fire rather than by small arms That line soon began to fray Lieutenant William Calley one of the platoon leaders admitted to shooting the villagers but insisted that he had acted upon orders An expos of the massacre and cover up by journalist Seymour Hersh followed by graphic photographs incited international outrage and Congressional and U S Army inquiries began Calley and nearly thirty other officers were charged with war crimes though Calley alone was convicted and would serve three and a half years under house arrest before being paroled in 1974 My Lai polarized American sentiment Many saw Calley as a scapegoat the victim of a doomed strategy in an unwinnable war Others saw a war criminal President Nixon was poised to offer a presidential pardon The atrocity intensified opposition to the war devastating any pretense of American moral superiority Its effect on military morale and policy was profound and enduring The Army implemented reforms and began enforcing adherence to the Hague and Geneva conventions Before launching an offensive during Desert Storm in 1991 one general warned his brigade commanders No My Lais in this division do you hear me Compelling comprehensive and haunting based on both exhaustive archival research and extensive interviews Howard Jones s My Lai will stand as the definitive book on one of the most devastating events in American military history

Benjamin Ferencz, Nuremberg Prosecutor and Peace Advocate Tom Hofmann, 2013-11-21 At the conclusion

of World War II war crimes tribunals were carried out at Nuremberg Germany Justice was meted out for major war criminals and Benjamin Ferencz was chief prosecutor for what the Associated Press said was the largest murder trial in history This biography of the last living Nuremberg prosecutor traces his life from early childhood growing up as an immigrant in Hell s Kitchen in New York City to Harvard Law School to the U S Army and Patton s Judge Advocate War Crimes Investigation Section to the Nuremberg Tribunals and beyond His life has been spent working toward the goal of world peace through law not war including the successful formation of the International Criminal Court in which Ferencz played a key role
