Prosperity Gospel Latinos and Their American Dream Tony Tian-Ren Lin,2020-07-21 In this immersive ethnography Tony Tian Ren Lin explores the reasons that Latin American immigrants across the United States are increasingly drawn to Prosperity Gospel Pentecostalism a strand of Protestantism gaining popularity around the world Lin contends that Latinos embrace Prosperity Gospel which teaches that believers may achieve both divine salvation and worldly success because it helps them account for the contradictions of their lives as immigrants Weaving together his informants firsthand accounts of their religious experiences and everyday lives Lin offers poignant insight into how they see their faith transforming them both as individuals and as communities The theology fuses salvation with material goods so that as these immigrants pursue

spiritual rewards they are also perhaps paradoxically striving for the American dream But after all Lin observes prosperity is the gospel of the American dream In this way while becoming better Prosperity Gospel Pentecostals they are also adopting traditional white American norms Yet this is not a story of smooth assimilation as most of these immigrants must deal with the immensity of the broader cultural and political resistance to their actually becoming Americans Rather Prosperity Gospel Pentecostalism gives Latinos the logic and understanding of themselves as those who belong in this country yet remain perpetual outsiders

Swartz, 2012-10-30 According to author J F Swartz we are all victims of a crime Bankers and politicians have already stolen our standard of living even though we may not realize it yet They are destroying the purchasing power of our dollars by the unprecedented creation of money by the Federal Reserve Central banks the world over are printing more money than ever before making the situation even worse Theft of the American Dream leads us through the maze of deception in an easy to read irreverent yet insightful style while explaining the structural flaws in the US financial system and how these flaws could soon destroy unwitting middle class Americans Swartz provides practical steps to take to defend ourselves against the monetary and fiscal actions taken by our leaders He also exposes the truth about who really benefits

from the outrageous money printing and other experiments enacted by the Federal Reserve as well as what the profligate money creation can do to the prices of the things citizens need most As distressing and depressing as the truth is regarding the ongoing systemic failure of the US dollar and with it the US financial system there is certainly a way out for those who prepare correctly Theft of the American Dream presents financial defenses and investment strategies that offer the best hope for protecting our purchasing power in the period directly ahead Restoring the American Dream Thomas A.
