## **Forschung Am Alten Testament:**

*Forschung am Alten Testament* Claus Westermann, Eberhard Ruprecht, 1974 *Justice and Righteousness in the Old Testament* Ulrich Berges, 2025-06-16 The phenomena of slavery and asymmetrical dependencies in the writings of ancient Israel cannot be adequately addressed without also looking at the discourses on divine and human justice Only then does the position of the slaves in their uniqueness become clear because they are almost completely left out of the moral demand for justice that otherwise applies to the poor widows orphans and strangers Their status as property which only in exceptional cases allowed them to be considered as subjects with personal rights dominates the discourse On a theological level the phenomenon of slavery also influenced the Old Testament image of God as YHWH himself became the owner of his people Liberation from slavery in Egypt lead not to freedom but to permanent dependency on the liberating God However radical dependency on YHWH also means that the divine master must protect the righteous Otherwise YHWH would degenerate into an arbitrary tyrant The demand for justice binds the divine sovereign If one examines the discourses of justice in the Hebrew Bible about the position of slaves their deficits become particularly visible This should urge caution in declaring the biblical writings to be the forerunners of human rights

**Theologies in the Old Testament** Erhard S. Gerstenberger, 2002-08-01 The author here offers a radical departure from traditional treatments of Old Testament theology Rather than offering a systematic approach he discusses the various theological voices coming from different social settings within ancient Israel the family and the clan village tribal alliance and kingdom Gerstenberger concludes with his reflections on how the biblical witness informs contemporary theology and must be contextual and ecumenical in order to be authentic *Forschung Am Alten Testament* Claus Westermann, 1964 *Collective and Individual Responsibility* Jurrien Mol, 2009-08-31 A long discussed theme concerning Ezekiel 18 and 20 is the relationship between collective and individual responsibility In the first half of the twentieth century the discussion appeared to end as a result of the introduction of the corporate personality by Henry Wheeler Robinson 1872 1945 This concept became heavily discussed and was dismissed on the grounds of its superseded theoretical basis The continuing use of the concept requires a redefinition and a new theoretical basis which is provided by the multimodal framework by Geoffrey Samuel from the field of cultural anthropology Before applying the concept Ezekiel 18 and 20 are studied extensively relative to textual criticism philology grammar and structural analysis

**Worship and the Hebrew Bible** M. Patrick Graham, Richard R. Marrs, Steven L. McKenzie, 1999-10-01 A collection of fifteen articles by colleagues and former students of Professor Willis of Abilene Christian University The papers deal with the topic of worship from a variety of perspectives and in different connections with the life and thought of ancient Israel These include the participation of foreigners in the worship of ancient Israel the prophetic critique of the cult the tradition of the construction of the Jerusalem temple women and prayer in the Deutero canonical literature various ethical aspects of worship and the value placed on the internal dynamics of worship offered to God the Psalms and ancient Near Eastern

mourning customs and some of the implications of the Old Testament tradition regarding worship for contemporary communities of faith A select bibliography of Willis s writings is also included **Abraham and Melchizedek** Gard Granerød,2010 In the research on the Pentateuch Genesis 14 is regarded as an enigmatic text Being one of the few texts where Abraham seems to be related to world history it could potentially tell us when the patriarch lived Thus there have been attempts to relate the text to ANE archaeology and history However others argue it is one of the latest additions to the patriarchal narratives albeit without arguing thoroughly for it In this book it is thoroughly argued for Genesis 14 having originated from scribal activity in Second Temple times several earlier biblical texts have served as templates Collective Memory and Collective Identity Johannes Unsok Ro,Diana Edelman,2021-03-08 Collective memory has attracted the attention and discussion of scholars internationally across academic disciplines over the past 40 50 years in particular It and collective identity have become important issues within Hebrew Bible Old Testament studies the role collective memory plays in shaping collective identity links the two organically Research to date on memory within biblical studies broadly falls under four approaches 1 lexical studies 2 discussions of biblical historiography in which memory is considered a contributing element 3 topical explorations for which memory is an organizing concept and 4 memory and transmission studies The sixteen contributors to this volume provide detailed investigations of the contours of collective memory and collective identity that have crystallized in Martin Noth s Deuteronomistic History Deut 2 Kgs Together they yield diverse profiles of collective memory and collective identity that draw comparatively on biblical ancient Near eastern and classical Greek material employing one of more of the four common approaches This is the first volume devoted to applying memory studies to the Deuteronomistic History *Tradition in Transition* Mark J. Boda,Michael Floyd,2008-10-15 This book is an investigation of innovative uses of the Hebrew tradition in the early Persian period as represented by the prophetic corpora of Haggai and Zechariah 1 8 Isaiah 1-5 (ICC) Hugh Williamson,2006-09-16 For over years International Critical Commentaries have had a special place among works on the Bible They bring together all the relevant aids to exegesis linguistic textual archaeological historical literary and theological to help the reader understand the meaning of the books of the Old and New Testaments **Isaiah 1-5 (ICC)** H.G.M. Williamson,2006-07-16 Hugh Williamson s Isaiah 1 5 is the first of three volumes in a important new commentary on Isaiah 1 27 For over one hundred years International Critical Commentaries have had a special place among works on the Bible They bring together all the relevant aids to exegesis linguistic textual archaeological historical literary and theological to help the reader understand the meaning of the books of the Old and New Testaments The new commentaries continue this tradition All new evidence now available is incorporated and new methods of study are applied The authors are of the highest international standing No attempt has been made to secure a uniform theological or critical approach to the biblical text contributors have been invited for their scholarly distinction not for their adherence to any one school of thought Rewriting Biblical History Jeremy Corley,Harm van Grol,2011-05-26 Old Testament texts

frequently offer a theological view of history This is very evident in the Books of Chronicles and in the final section of Ben Sira Ecclesiasticus Today there is renewed interest in both these works as significant theological and cultural Jewish documents from the centuries before Jesus Both Chronicles and Ben Sira aim to recreate a national identity centered on temple piety Some chapters in this volume consider the portrayal of Israelite kings like David Hezekiah and Josiah while others deal with prophets like Samuel and Elijah

Hebrew Bible / Old Testament. **Israel Constructs its History** Albert de Pury, Jean-Daniel Macchi, Thomas Römer, 2000-11-01 The thesis that the books of Deuteronomy to 2 Kings have undergone a redaction that made them into a Deuteronomistic History has become since Martin Noth 1943 a widely accepted idea in Old Testament scholarship But there is no consensus when this history was edited under Josiah 622 BCE during the exile c 560 BCE or even later And what was the intention of its redactors Can we rely on the so called Deuteronomistic History for the reconstruction of Israelite history Or should we give up the thesis of a Deuteronomic redaction of the Former Prophets This volume explores these and many other questions about this key topic in Old Testament scholarship It results from a research seminar organized by the Swiss universities of Fribourg Geneva Neuchâtel and Lausanne It contains contributions by the following scholars R Albertz J Briand M Detienne W Dietrich J J Glassner S Japhet E A Knauf A D H Mayes S L McKenzie S Pisano M Rose A Schenker F Smyth A de Pury and T R mer Articles in French were translated by J Edward Crowley

**The Oxford Handbook of Wisdom and the Bible** Will Kynes, 2021 A high profile and authoritative volume in which a broad range of leading scholars in the field assess the current state of the art in the study of both Wisdom Literature as a category of texts in the Hebrew Bible and as a concept more generally This particularly timely handbook captures the field at a time in which a plethora of new questions are being asked about Wisdom Literature and spans the gap between that cutting edge scholarship and standard textbook expositions

Judah and the Judeans in the Fourth Century B.C.E. Oded Lipschitz, Gary N. Knoppers, Rainer Albertz, 2007-01-01 During the past decade the period from the 7th century B C E and later has been a major focus because it is thought to be the era when much of the Hebrew Bible Old Testament was formed As a result there

has also been much interest in the historical developments of that time and specifically in the status of Judah and its neighbors Three conferences dealing roughly with a century each were organized and the first conference was held in Tel Aviv in 2001 the proceedings of that conference were published as *Judah and the Judeans in the Neo Babylonian Period* The second volume was published in early 2006 a report on the conference held in Heidelberg in July 2003 *Judah and the Judeans in the Persian Period* Judah and the Judeans in the Fourth Century B C E is the publication of the proceedings of the third conference which was held in Muenster Germany in August 2005 the essays in it focus on the century during which the Persian Empire fell to Alexander the Great and the Hellenistic kingdoms came to the fore Participants whose contributions are published here are R Achenbach R Albertz B Becking E Ben Zvi J Blenkinsopp E Eshel H Eshel L L Grabbe A Kloner G N Knoppers I Kottsieper A Lemaire O Lipschits Y Magen K Schmid I Stern O Tal D Vanderhoof J Wieseh fer J L Wright and J W Wright

**The “God of Israel” in History and Tradition** Michael J. Stahl, 2021-03-22 In *The God of Israel in History and Tradition* Michael Stahl provides a foundational study of the formulaic title god of Israel *elohe yisra el* in the Hebrew Bible Employing critical theory on social power and identity and through close literary and historical analysis Dr Stahl shows how the epithet god of Israel evolved to serve different social and political agendas throughout the course of ancient Israel and Judah s histories Reaching beyond the field of Biblical Studies Dr Stahl s treatment of the historical and ideological significances of the title god of Israel in the Hebrew Bible offers a fruitful case study into the larger issue of the ways in which religion may shape and be shaped by social and political structures

The Biblical Canons Jean-Marie Auwers, H. J. de Jonge, 2003 This volume contains the Proceedings of the 50th Colloquium Biblicum Lovaniense the 40 contributions written in English French and German focus on the canons of the Old and New Testament as well as those of the Bible as a whole The theme is studied from a variety of historical hermeneutical and biblical theological points of view Several contributions discuss the process that resulted in the canonical status of certain writings or groups of writings in particular such as the Book of Psalms Ezekiel the Wisdom of Ben Sira the Pauline corpus Acts and the gospels

**Mirages in the Desert** Roy E. Garton, 2017-02-06 The story of Massah Meribah is a pluriform tradition within the Hebrew Bible Part One of this book uses redaction analysis to assess diachronically the six reminiscences of this tradition within Deuteronomy Deut 6 16 8 15 9 22 32 13 52 33 8 The relative chronological relationship of these texts and the tradition components they preserve reveals a framework of five formative stages of this story s tradition history from the perspective of the tradents responsible for the production of Deuteronomy Part Two is a redactional study of the tradition s narratives in Exod 17 1 7 and Num 20 1 13 Special attention is devoted to the texts that anchor the Massah Meribah narratives into the Pentateuch In the end Part Two not only corroborates the framework detected in Deuteronomy for the formative stages of the Massah Meribah tradition but it also carries broad implications for the formation of the Pentateuch in general and the Wilderness Narrative in particular

*The Pentateuch as Torah* Gary N. Knoppers, Bernard M. Levinson, 2007-06-30 Since antiquity the five books of Moses have

served as a sacred constitution foundational for both Jews and Samaritans. However long the process of accepting the Pentateuch as authoritative instruction took, this was by all accounts a monumental achievement in the history of these peoples and indeed an important moment in the history of the ancient world. In the long development of Western societies the Pentateuch has served as a major influence on the development of law, political philosophy and social thought. The question is how, where and why did this process of acceptance occur, when did it occur and how long did it take?
