Forsters Women Eternal Differences:

The Cambridge Companion to E. M. Forster David Bradshaw, 2007-04-12 A collection of essays on the life and work of E M Forster

Twenty-first-century Readings of E.M. Forster's Maurice Emma Sutton, 2020 This is the first book focused on Forster's Maurice and its legacies in modern and contemporary fiction film and new media Ground breaking essays by leading scholars offer new readings by exploring overlooked contexts including feminism and the social purity movement anti Fascism religion and allegory and early twentieth century contestations over body soul relation

The Ruling Passion Christopher Lane, 1995 In *The Ruling Passion* Christopher Lane examines the relationship between masculinity homosexual desire and empire in British colonialist and imperialist fictions at the turn of the twentieth century Questioning the popular assumption that Britain's empire functioned with symbolic efficiency on sublimated desire this book presents a counterhistory of the empire's many layers of conflict and ambivalence Through attentive readings of sexual and political allegory in the work of Kipling Forster James Beerbohm Firbank and others and deft use of psychoanalytic theory *The Ruling Passion* interprets turbulent scenes of masculine identification and pleasure power and mastery intimacy and antagonism By foregrounding the shattering effects of male homosexuality and interracial desire and by insisting on the centrality of unconscious fantasy and the death drive *The Ruling Passion* examines the startling recurrence of colonial failure in narratives of symbolic doubt and ontological crisis Lane argues compellingly that Britain can progress culturally and politically only when it has relinquished its residual fantasies of global mastery

Gender and the Intersubjective Sublime in Faulkner, Forster, Lawrence, and Woolf Erin Speese, 2017-09-22 Exploring how the modern novel's complex depictions of parenthood restructure traditional conceptions of the Romantic sublime Erin K Johns Speese shows how William Faulkner E M Forster D H Lawrence and Virginia Woolf use related strategies to rewrite the traditional sublime as an intersubjective experience Speese shows that this reframing depends on the recognition of social objectification and an ethics of reciprocal empathy between mothers and fathers She juxtaposes traditional aesthetics and Slavoj Žižek's concept of the sublime object of ideology with recent theoretical work regarding identity arguing that these modern novelists construct what she terms a sublime subject that is a person who functions in the space of the traditional sublime object In revealing the possibility of transcendent emotional connection over reason these novelists critique the objectification of the other in favor of a sublime experience that reveals the subject's shattering power of empathy

The Supporting Cast David Galef, 2010-11 For every Hamlet there is a supporting cast for every Mrs Dalloway an entire realm of subordinate portraits Yet if literary criticism cares at all about significant detail emergent patterns and the subtleties in narrative flat and minor characters are crucial to an understanding of the fictional process itself Beginning with E M Forster's landmark study of flat and round characters this book is both a critical and writerly examination of the species Why are certain minor characters so salient in readers' minds and why are flat characters

often so comic Is a name enough to create a character and if so what is the vanishing point of characterization The walking allegory the narrator the disrupter the doppelgänger how are they used and to what effect The Supporting Cast first explores the theoretical limits of character from structuralist taxonomies to reader response concerns with examples culled from a wide range of literature The author then applies these concepts in chapters of sustained analysis to works of Conrad Forster and Woolf The work also provides comments on flat and minor characters in other media and a full scale character index of Woolf's *Jacob's Room*

Regenerating the Novel James J. Miracky, 2013-09-13 In this exploration of the most innovative and iconoclastic modernist fiction James J. Miracky studies the ways in which cultural forces and discourses of gender inflect the practice and theory of four British novelists Virginia Woolf E. M. Forster May Sinclair and D. H. Lawrence Building on analyses of gender theory and formal innovation in Virginia Woolf's novels this book examines Forster's queered use of fantasy Sinclair's representation of manly genius in both male and female streams of consciousness and Lawrence's quest for the novel of phallic consciousness Reading each author's fiction alongside his or her theoretical writing Miracky provides four diverse examples of how literary modernism wrestled with the gender crisis of the early twentieth century

Bloomsbury, Modernism, and the Reinvention of Intimacy Jesse Wolfe, 2011-06-16 Bloomsbury Modernism and the Reinvention of Intimacy integrates studies of six members and associates of the Bloomsbury group into a rich narrative of early twentieth century culture encompassing changes in the demographics of private and public life and Freudian and sexological assaults on middle class proprieties Jesse Wolfe shows how numerous modernist writers felt torn between the inherited institutions of monogamy and marriage and emerging theories of sexuality which challenged Victorian notions of maleness and femaleness For Wolfe this ambivalence was a primary source of the Bloomsbury writers' aesthetic strength Virginia Woolf D. H. Lawrence and others brought the paradoxes of modern intimacy to thrilling life on the page By combining literary criticism with forays into philosophy psychoanalysis sociology and the avant garde art of Vienna this book offers a fresh account of the reciprocal relations between culture and society in that key site for literary modernism known as Bloomsbury

[A Natural History of the Romance Novel](#) Pamela Regis, 2013-08-31 The romance novel has the strange distinction of being the most popular but least respected of literary genres While it remains consistently dominant in bookstores and on best seller lists it is also widely dismissed by the critical community Scholars have alleged that romance novels help create subservient readers who are largely women by confining heroines to stories that ignore issues other than love and marriage Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers offer any true definition of the romance novel or discuss the nature and scope of the genre Presenting the counterclaim that the romance novel does not enslave women but on the contrary is about celebrating freedom and joy Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary sexy and entertaining Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree Regis asserts that it is also a very old stable

form She traces the literary history of the romance novel from canonical works such as Richardson's *Pamela* through Austen's *Pride and Prejudice* Brontë's *Jane Eyre* and E M Hull's *The Sheik* and then turns to more contemporary works such as the novels of Georgette Heyer Mary Stewart Janet Dailey Jayne Ann Krentz and Nora Roberts

The Modernist as Pragmatist Brian May, 1997 The past few years have witnessed a resurgence in the study of British literary modernism With recent publications on modernist American poetry and increasingly appreciative attitudes toward modern British novelists like Joseph Conrad and E M Forster many scholars are experiencing a renewed interest in modernism In *The Modernist as Pragmatist* Brian May investigates modernist works that have been until recently regarded largely as mere exercises in stale Victorian liberal ideology Breaking from one current interpretation of Forster as an innovative and perhaps objectionable representative of modernist fictional audacity May keenly argues that Forster is neither a traditional liberal nor an imperial modernist stylist He is rather a pragmatic liberal critic of both unreconstructed Victorian liberalism and unreckoning modernist aestheticism May also looks at the debate between two contemporary progressive pragmatists Richard Rorty and Cornel West who have turned to the liberalism of the past as an avenue toward the future First clarifying the terms of the debate May then tries to resolve it using the writings of E M Forster to discuss some of the major political and philosophical statements of Rorty and West In turn the works of these two philosophers are used as tools to gain insight into Forster's literary texts and cultural contexts By bringing British literary history to American neopragmatist philosophy May allows the reader to understand both more concretely historically and imaginatively Persuasive new readings of *A Passage to India* *Howards End* and *The Longest Journey* are used to illustrate how Rorty and West offer a choice between pragmatisms May's well argued study offers an exploration of how literature and philosophy can lead to a fruitful dialogue that can complement formalism as well as traditional types of contextualism It also persuasively connects Forster to the contemporary debates between liberalism and pragmatism making this an important contribution to all scholars of modernism

Modernism, Metaphysics, and Sexuality Debrah Raschke, 2006-08 Without question modernist texts have been haunted by what can be known or more aptly what cannot be known This position is foundational to one of the pivotal readings of modernism Simultaneously economic legal and political shifts that occurred during the late nineteenth and early twentieth centuries produced real material changes pertaining to the status of women Thus as many others have adeptly argued modernism is also a crisis in gender *Modernism Metaphysics and Sexuality* keenly suggests that these narratives the thinking of what constitutes truth and the rethinking of gender are intertwined Interpreting Conrad's *Heart of Darkness* and Victory Forster's *A Passage to India* and Maurice Lawrence's *Women in Love* and Woolf's *A Room of One's Own* and *To the Lighthouse* through Luce Irigaray's rereading of western metaphysics Raschke suggests that where there is a crisis in knowing there is also a crisis in gender

The New Woman's Survival Sourcebook Kirsten Grimstad,Susan Rennie,1975 **Reading the Family Dance** John V. Knapp,Kenneth Womack,2003 The development in recent years of the intersections between the family and literary study continues to emerge as one of the most productive and illuminating arenas of contemporary critique In addition to addressing the family dynamic through which a given literary character develops a fully realized sense of self family systems therapy allows readers to examine the patterns by which characters function in their larger intimate systems whether those systems be social institutional or even global As the intellectual foundation for the forms of therapy practiced by the majority of contemporary American and European psychotherapists the study of family systems theory and its intersections with literary works affords readers with an illuminating glimpse into the terminology and processes involved in this dynamic form of critique Perhaps most significantly family systems therapy allows critics to consider the distinctly social interactions that characterise our pathways to interpersonal development and selfhood John V Knapp is Professor of English with a joint appointment in modern literature and in teacher education at Northern Illinois University Kenneth Womack is Assist E.M.
