Fort Fraser Where The Hells That:

Fort Fraser : (where the Hell's That?) Lenore Rudland,1988 *A Thousand Blunders* Frank Leonard,2011-11-01

During the first two decades of this century the Grand Trunk Pacific Railway played an important part in the development of the north central corridor of British Columbia The GTP which ran from Winnipeg via the Yellowhead Pass and Edmonton to Prince Rupert on the northwest coast was built to supplant the Canadian Pacific line to Vancouver The B C line was the most expensive and least remunerative of its sections and contributed ultimately to the company s collapse in 1919 In *A Thousand Blunders* Frank Leonard looks at why the Road of a Thousand Wonders failed to live up to the expectations forecast by company president Charles M Hays and other senior managers Not only was the railway built through a sparsely settled region which generated little immediate traffic but its economic difficulties were also compounded by the numerous mistakes made by managers at all levels for example their failure to respond adequately to labour shortages caused serious delays and prevented the company from proving Prince Rupert as an effective alternative harbour before World War I broke out For this book Frank Leonard had access to a wealth of original documents among them the GTP legal department files providing him with insights into the decisions that formed the basis for policies in townsites and on Indian reserves *A Thousand Blunders* is a provocative account of one of the greatest failures in Canadian entrepreneurial history Richly detailed and thoroughly documented it makes an important contribution to the fields of railway and business history as well as to the study of the history of northern British Columbia *Home to the Nechako* June Wood,2013

The people of the Nechako region are not unfamiliar with hardship environmental devastation and protecting what they hold dear June Wood chronicles the history of the Nechako River and its region covering the construction of the Kenney Dam which changed forever the flow of the river and its tributaries the controversial Kemano Completion Project which threatened to doom the river further still and the subsequent battles to protect the river and the communities affected by its altered flow She also delves into the aftermath of the devastating mountain pine beetle epidemic that severely harmed the economy of the region An active participant in many of the fights to protect the Nechako River Wood is one of the most qualified people to speak on behalf of the land she calls home She passionately introduces a river whose once forceful flow has been weakened to a mere trickle and sympathetically relays the harsh realities of environmental ruin both to the river and the forest through unnatural and natural causes while weaving in her personal narrative of the land that holds her heart **Alex Lord's British Columbia** John Calam,2007-10-01

Alex Lord a pioneer inspector of rural British Columbia schools shares in these recollections his experiences in a province barely out of the stage coach era Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial

geography a reverence for citizenship and a work ethic tuned to challenge and accomplishment *Scalpels & Buggywhips* Eldon Lee,1997 A short series of profiles about medical pioneers in Central British Columbia many of whom set up practice there in the latter part of the 19th century **Alex Lord's British Columbia** Alexander Russell Lord,1991 Alex Lord a pioneer inspector of rural BC schools shares in these recollections his experiences in a province barely out of the stage coach era Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial geography a reverence for citizenship and a work ethic tuned to challenge and accomplishment Although not completed these memoirs invite the reader to experience the British Columbia that Alex Lord knew Through his words we endure the difficulties of travel in this mountainous province We meet many of the unusual characters who inhabited this last frontier and learn of their hopes fears joys sorrows and eccentricities More particularly we are reminded of the historical significance of the one room rural school and its role as an indispensable instrument of community cohesion John Calam has organized the memoirs according to the regions through which Lord travelled He has included in his introduction a biography of Alex Lord a brief description of the British Columbia he knew a sketch of its public education system and an assessment of the place Lord's writing now occupies among other works on education and society *The Rough Guide to Canada* Phil Lee,Tim Jepson,Christian Williams,Tania Smith,2007-07-26 From lush wilderness to urban adventure The Rough Guide to Canada is your definitive guide to this diverse country The section introduces the best Canada has to offer from cosmopolitan Toronto to the thundering Niagara and the country's spectacular natural wonders This revised 6th edition contains insider tips and colour sections on national parks art and architecture The guide includes plenty of practical information on Canada's amazing array of outdoor pursuits including sailing and fishing in the Maritime Provinces and snowboarding and skiing in Banff There are comprehensive reviews of the best places to eat drink and stay to suit all tastes and budgets This guide also takes a detailed look at Canada's extraordinary history wildlife and aboriginal peoples and comes complete with new maps and plans for every area The Rough Guide to Canada is like having a local friend plan your trip **Canada** Nicola Förg,1998 Annotation Fully colour illustrated travel guides packed with information on the history and culture of a destination **The Historiography of the Provincial Norths** Lakehead University. Centre for Northern Studies,1996 *Hell's Half-Acre* Susan Jonusas,2023-03-07 One of NPR's Books We Love New York Times Book Review's The Best True Crime of 2022 Rich in historical perspective and graced by novelistic touches grips the reader from first to last Wall Street Journal A suspense filled tale of murder on the American frontier shedding new light on a family of serial killers in Kansas whose horrifying crimes gripped the attention of a nation still reeling from war In 1873 the people of Labette County Kansas made a grisly discovery Buried by a trailside cabin

beneath an orchard of young apple trees were the remains of countless bodies Below the cabin itself was a cellar stained with blood The Benders the family of four who once resided on the property were nowhere to be found The discovery sent the local community and national newspapers into a frenzy that continued for decades sparking an epic manhunt for the Benders The idea that a family of seemingly respectable homesteaders one among the thousands relocating farther west in search of land and opportunity after the Civil War were capable of operating a human slaughter pen appalled and fascinated the nation But who the Benders really were why they committed such a vicious killing spree and whether justice ever caught up to them is a mystery that remains unsolved to this day Set against the backdrop of postbellum America Hell s Half Acre explores the environment capable of allowing such horrors to take place Drawing on extensive original archival material Susan Jonas introduces us to a fascinating cast of characters many of whom have been previously missing from the story Among them are the families of the victims the hapless detectives who lost the trail and the fugitives that helped the murderers escape Hell s Half Acre is a journey into the turbulent heart of nineteenth century America a place where modernity stalks across the landscape violently displacing existing populations and building new ones It is a world where folklore can quickly become fact and an entire family of criminals can slip through a community s fingers only to reappear in the most unexpected of places **The New International Encyclopædia** Daniel Coit Gilman, Harry Thurston Peck, Frank Moore Colby, 1911

The Financial Review, 1915 *Wagon Days* Lawrence Winkler, 2016-08-03 The American West was a notion not a nation It was a process not a place The native animal and human life of the West was displaced replaced and exterminated sixty million bison to make way for European bog animals billions of passenger pigeons for nothing and ninety percent of aboriginal native Americans out of an original population of possibly a hundred million by accident and design Late in the summer of 2013 I set out to find the Old West what it had been and what had replaced it The quest for my own wild panorama would turn wheels of fortune into a movable feast of Wagon Days And if this don t get your fire started your wood s wet [The Encyclopaedia Britannica](#) Hugh Chisholm, 1910 **The Columbia Gazetteer of the World: A to G** Saul Bernard Cohen, 2008 A geographical encyclopedia of world place names contains alphabetized entries with detailed statistics on location name pronunciation topography history and economic and cultural points of interest **Gate of Hell** Stephen R. Wise, 1994 Relates the details of the Battle of Morris Island during the Civil War **Mean As Hell** Dee Harkey, Gene Roberts, 2018-12-02 New Mexico rancher and lawman Dee Daniel R Harkey describes himself as having been shot at more times than any man in the world not engaged in war Mean as Hell originally published in 1948 when Harkey was 83 is his detailed witty autobiography about his youth in San Saba County of west Texas where in 1882 he learned from his brother Joe the sheriff to be damned sure you don t get killed but don t kill anybody unless you have to and his adult life in Eddy County after moving to Karlsbad then Eddy in 1890 Harkey served as a New Mexico peace officer from 1893 until 1911 Among the many cattle rustlers train robbers and other outlaws he confronted were Jim Miller whom Harkey fingers as Pat

Garrett's real killer and the Dalton Gang Harkey observes that in 1948 cattle stealing has gone out of fashion. We've gotten civilized. Instead we now have statesmen who practice nepotism pad the public payrolls and graft as much as they think they can get away with in an honorable way of course just like the folks back east. Readers interested in many aspects of the territorial and outlaw West will enjoy Dee Harkey's lively stories. *British Columbia-Yukon Sternwheel Days* Art Downs, 1992. Over 300 sternwheelers plied the BC Yukon waters a record in North America. In icy northern lakes, rivers and the open sea these flat-bottomed steamers served for 100 years. Ripped open by rapids, gutted by fire, crushed by ice, they left a memorable wake that altered history forever. This book includes portraits of flamboyant captains and crews, details on how the vessels were constructed and operated, historical background of the communities they served and more. **Sessional Papers** British Columbia. Parliament, 1917. Electrical Engineer's Report Including Abstract of Accounts, Etc. for the Year Ending March 31 Burnley (England). Electricity Dept, 1922.
