Fort Davis Outpost On The Texas Frontier:

Fort Davis Robert Wooster, 2014-01-30 This engaging illustrated history of Fort Davis one of the U S Army s most important western posts relates the exciting history of Trans Pecos Texas the far western reaches off the state Wooster traces the history of this Davis Mountains region from the days when Indians and later Spaniards and Mexicans inhabited the area through its days as the site of Texan and American interests The establishment and construction of Fort Davis in the mid 1850s tells the story of one of the army s largest western posts We learn about the famous army camels which Secretary of War Jefferson Davis brought to the area with Fort Davis serving as a base of operations and about the difficult conditions imposed on the army by weather climate and Indians Evacuated by the U S Army at the beginning of the Civil War Fort Davis later was occupied by Texas state troops then briefly reoccupied by the Federals After the war the War Department began shifting regular army units back to the western frontiers Among these units were each of the famous black regiments many of them composed of former slaves who proved to be excellent soldiers The details of daily life food clothing social activities weapons medical care are thoroughly discussed as are the often ineffective campaigns against Indians Robert Wooster skillfully uses the forty year history of Fort Davis to provide a clear window into the frontier military experience and into nineteenth century American society Because of its black soldiers and its large Mexican American civilian community Fort Davis is a prime resource for studying and understanding the stratified racial relations which accompanied the army s and the nation s westward expansion

The US Army and the Texas Frontier Economy Thomas T. Smith, 1999 Seventy million dollars in fifty five years From Texas annexation in 1845 until the turn of the twentieth century the U S Army pumped at least that much or more into the economy of the fledgling state a fact that directly challenges the popular heritage of Texas as the state with roots of pioneer capitalism and fervent independence In *The U S Army and the Texas Frontier Economy 1845-1900* Thomas T Smith sheds light on just who bankrolled the evolution of Texas into viable statehood Smith draws on extensive research gathered from both government archives and Texas army posts in order to evaluate the symbiotic relationship between army quartermasters and the economy of the young state Texas was the army s largest and most costly engagement absorbing up to thirty percent of the total operating budget and channeling that currency into the commercial development of its frontier Smith expands on historian Robert Wooster s theory that the military was engaged in an alliance with the political authority in Texas and using documents such as army contracts for freighting foraging and fort leasing he illustrates how federal fiscal activity spurred commercial growth for the citizens of Texas Besides the obvious development of towns on the skirts of military bases and of roads between them the establishment of military spending as a bedrock of the Texas economy and the protector of middle class interests shaped the future of the state s commercial prosperity Writing with exceptional detail and clarity Smith traces the emergence of the army s influence and includes analyses of information on army spending and development such as the introduction of army weather and telegraph services

to the state as well as accounts of real estate transactions involving the fort building program Smith also accounts for army failures maintaining that no one was truly prepared for the reality of western expansion As an examination of the complex yet mutually beneficial economic relationship between the nation and the state *The U S Army and the Texas Frontier Economy 1845 1900* is ideal for anyone interested in the early days of the state as well as in U S military and frontier history **The Cattleman** ,1954 **The Old Army in Texas** Thomas Ty Smith,2021-10-27 In *The Old Army in Texas* U S Army officer and historian Thomas Ty Smith presents a comprehensive and authoritative single source reference for the activities of the regular army in the Lone Star State during the nineteenth century Beginning with a series of maps that sketch the evolution of fort locations on the frontier Smith furnishes an overview with his introductory essay *U S Army Combat Operations in the Indian Wars of Texas 1849 1881* Reprinted from the *Southwestern Historical Quarterly* Smith s essay breaks new ground in an innovative analysis of the characteristics of army tactical methods and the nature of combat on the Texas frontier introducing a unique historical model and methodology to examine the army Indians conflicts The second part of this guide *Commanders and Organization Department of Texas 1848 1900* lists the departmental commanders the location of the military headquarters and the changes in the administrative organization and military titles for Texas Part III *U S Army Sites in Texas 1836 1900* provides a dictionary of 223 posts forts and camps in the state It is the most extensive inventory published to date including essential information on all of the major forts as well as dozens of obscure sites such as Camp Las Laxas Camp Ricketts and Camp Lugubrious The fourth part *Post Garrisons 1836 1900* gives a year by year snapshot of total army strength in the state the regiments assigned and the garrisons and commanders of each major fort and camp Supplying the only such synopsis of its kind the *Summary of U S Army Combat Actions in the Texas Indian Wars 1849 1881* the guide s Part V offers a chronological description of 224 U S Army combat actions in the Indian Wars with vivid details of each engagement The 900 entries in the selected bibliography of Part VI are divided topically into sections on biographical sources and regimental histories histories of forts garrison life civil military relations the Mexican War and frontier operations In addition to being a helpful catalog of standard histories there are two important and unusual aspects to the bibliography It contains a complete range of primary source microfilm material from the National Archives including the roll numbers of specific periods of forts and units and secondly the bibliography integrates nearly all of the published archeological reports into the section on fort histories *The Old Army in Texas* is an indispensable reference and research tool for students scholars and military history aficionados It will be of great value to those interested in Texas history especially military history and local and regional studies This superb reference work is illustrated with a number of maps and rare photographs of the U S Army in nineteenth century Texas **At the Heart of Texas** Richard B. McCaslin,2014-04-01 History like that of Texas is rare Is it not discreditable to the people of Texas that they should leave the collection of material for the history of the State to the great endowed Northern libraries Let Texas arouse herself for very shame and begin at once the discharge of her filial

duty So wrote George Pierce Garrison in the first issue of the Quarterly of the Texas State Historical Association published in July 1897 just months after the establishment of the organization on March 2 The state of Texas was just half a century old the city of Austin going back to the days of the Republic was a little older a few years past its half century and the University of Texas where Garrison was the history professor was not yet fourteen Earlier attempts to organize historical societies in Texas traced in the opening chapter illuminate the factors that came ultimately to be decisive in the success of the Association the wisdom in linking the organization with the University of Texas the inclusion of lay historians and the continued insistence on high academic standards And from the beginning the Association has established a tradition for publishing in the Quarterly in addition to the Anglo story the stories of the Indians the Spanish and the French According to author Richard B McCaslin It may be that the Association survived where its predecessors had not because Garrison who was as much a Progressive historian as any of his contemporaries understood the value of inclusiveness The text is organized in chronological chapters by the tenures of the seven directors George Garrison to Ron Tyler all of whom were professors in the UT history department Within the larger framework of the directors the programs and the publications McCaslin gives shape to the unique interaction of forces university political and the academic lay membership that has accorded the Association a character and suppleness that continues to ensure its long endurance The book is profusely illustrated and sidebars culled from past issues of the Quarterly complement the text Winner of the Award of Merit from the Philosophical Society of Texas

Buffalo Soldiers in the West Bruce A. Glasrud, Michael N. Searles, 2007-08-15 In the decades following the Civil War scores of African Americans served in the U S Army in the West The Plains Indians dubbed them buffalo soldiers and their record in the infantry and cavalry a record full of dignity and pride provides one of the most fascinating chapters in the history of the era This anthology focuses on the careers and accomplishments of black soldiers the lives they developed for themselves their relationships to their officers most of whom were white their specialized roles such as that of the Black Seminoles and the discrimination they faced from the very whites they were trying to protect In short this volume offers important insights into the social cultural and communal lives of the buffalo soldiers The selections are written by prominent scholars who have delved into the history of black soldiers in the West Previously published in scattered journals the articles are gathered here for the first time in a single volume providing a rich and accessible resource for students scholars and interested general readers Additionally the readings in this volume serve in some ways as commentaries on each other offering in this collected format a cumulative mosaic that was only fragmentary before Volume editors Glasrud and Searles provide introductions to the volume and to each of its four parts surveying recent scholarship and offering an interpretive framework The bibliography that closes the book will also commend itself as a valuable tool for further research *The Fall of a Black Army Officer* Charles M. Robinson, 2014-10-22 Lieutenant Henry O Flipper was a former slave who rose to become the first African American graduate of West Point While serving as commissary officer at Fort Davis Texas in 1881 he was

charged with embezzlement and conduct unbecoming an officer and a gentleman A court martial board acquitted Flipper of the embezzlement charge but convicted him of conduct unbecoming He was then dismissed from the service of the United States The Flipper case became known as something of an American Dreyfus Affair emblematic of racism in the frontier army Because of Flipper s efforts to clear his name many assumed that he had been railroaded because he was black In The Fall of a Black Army Officer Charles M Robinson III challenges that assumption In this complete revision of his earlier work The Court Martial of Lieutenant Henry Flipper Robinson finds that Flipper was the author of his own problems The taint of racism on the Flipper affair became so widely accepted that in 1999 President Bill Clinton issued a posthumous pardon for Flipper The Fall of a Black Army Officer boldly moves the arguments regarding racism in both Lt Flipper s case and the frontier army in general beyond political correctness Solidly grounded in archival research it is a thorough and provocative reassessment of the Flipper affair at last revealing the truth **Big Bend's Ancient and Modern Past** Bruce A. Glasrud,Robert J.

Mallouf,2013-09-18 The Big Bend region of Texas variously referred to as El Despoblado the uninhabited land a land of contrasts Texas last frontier or simply as part of the Trans Pecos enjoys a long colorful and eventful history a history that began before written records were maintained With Big Bend s Ancient and Modern Past editors Bruce A Glasrud and Robert J Mallouf provide a helpful compilation of articles originally published in the Journal of Big Bend Studies reviewing the unique past of the Big Bend area from the earliest habitation to 1900 Scholars of the region investigate not only the peoples who have successively inhabited it but also the nature of the environment and the responses to that environment As the studies in this book demonstrate the character of the region has to a great extent dictated its history The study of Big Bend history is also the study of borderlands history Studying and researching across borders or boundaries whether national state or regional requires a focus on the factors that often both unite and divide the inhabitants The dual nature of citizenship of land holding of legal procedures and remedies of education and of history permeate the lives and livelihoods of past and present residents of the Big Bend Frontier Forts of Texas Bill O'Neal,2018-03-05 With its vast size and long frontier

period Texas was the scene of more combat events between Native American warriors and Anglo soldiers and settlers than any other state or territory The US Army therefore erected more military outposts in Texas a tradition begun by Spanish soldados and their presidios Settlers built blockhouses and even stockades the most famous of which was Parker s Fort the site of an infamous massacre in 1836 Successive north to south lines of Army forts attempted to screen westward moving settlers from war parties while border posts stretched along the Rio Grande from Fort Brown on the Gulf of Mexico to Fort Bliss at El Paso del Norte Texas was the site of the first US Cavalry regiment employed against horseback warriors as well as the experimental US Camel Corps From Robert E Lee to Albert Sidney Johnston to Ranald Mackenzie the Army s finest officers served out of Texas forts and 61 Medals of Honor were earned by soldiers campaigning in the Lone Star State

West Texas Paul H. Carlson,Bruce A. Glasrud,2014-03-04 Texas is as well known for its diversity of landscape and

culture as it is for its enormity But West Texas despite being popularized in film and song has largely been ignored by historians as a distinct and cultural geographic space In *West Texas A History of the Giant Side of the State* Paul H Carlson and Bruce A Glasrud rectify that oversight This volume assembles a diverse set of essays covering the grand sweep of West Texas history from the ancient to the contemporary In four parts comprehending the place people politics and economic life and society and culture Carlson and Glasrud and their contributors survey the confluence of life and landscape shaping the West Texas of today Early chapters define the region The giant side of Texas is a nineteenth century geographical description of a vast area that includes the Panhandle Llano Estacado Permian Basin and Big Bend Trans Pecos country It is an arid windblown environment that connects intimately with the history of Texas culture Carlson and Glasrud take a nonlinear approach to exploring the many cultural influences on West Texas including the Tejanos the oil and gas economy and the major cities Readers can sample topics in whichever order they please whether they are interested in learning about ranching recreation or turn of the century education Throughout familiar western themes arise the urban growth of El Paso is contrasted with the mid century decline of small towns and the social shifting that followed Well known Texas scholars explore popular perceptions of West Texas as sparsely populated and rife with social contradiction and rugged individualism West Texas comes into yet clearer view through essays on West Texas women poets Native peoples and musicians Gathered here is a long overdue consideration of the landscape culture and everyday lives of one of America s most iconic and understudied regions

New Mexico Territory During the Civil War Henry Davies Wallen, Andrew Wallace Evans, 2008-09 These inspection reports edited by award winning Civil War historian Thompson provide unique insight into the military cultural and social life of a territory struggling to maintain law and order during the early Civil War years

A Civil War History of the New Mexico Volunteers and Militia Jerry D. Thompson, 2015-09-01 The Civil War in New Mexico began in 1861 with the Confederate invasion and occupation of the Mesilla Valley At the same time small villages and towns in New Mexico Territory faced raids from Navajos and Apaches In response the commander of the Department of New Mexico Colonel Edward Canby and Governor Henry Connelly recruited what became the First and Second New Mexico Volunteer Infantry In this book leading Civil War historian Jerry Thompson tells their story for the first time along with the history of a third regiment of Mounted Infantry and several companies in a fourth regiment Thompson s focus is on the Confederate invasion of 1861 1862 and its effects especially the bloody Battle of Valverde The emphasis is on how the volunteer companies were raised who led them how they were organized armed and equipped what they endured off the battlefield how they adapted to military life and their interactions with New Mexico citizens and various hostile Indian groups including raiding by deserters and outlaws Thompson draws on service records and numerous other archival sources that few earlier scholars have seen His thorough accounting will be a gold mine for historians and genealogists especially the appendix which lists the names of all volunteers and militia men

African-Americans in Defense of the Nation James T.

Controvich,2011-03-28 The role of the African American in American history has been documented but sometimes ignored by historians This work is intended to assist researchers in locating the wealth of material that has been published African Americans in Defense of the Nation builds on a long list of early bibliographies concerning the subject This work brings together a broad spectrum of titles related to the African American participation in America s wars It covers both the military exploits as African Americans have been involved in every American conflict since the Revolution and their participation in the homefront support in building the weapons that the armed forces used Organized both chronologically and topically chapters cover the various conflicts from the Revolutionary War to the Post World War II era and branches of the military as well as the role of African American women in the United States military This extensive reference work is the most comprehensive listing of African American units available Additionally a listing of juvenile titles will assists parents and teachers in locating material *Discovering Texas History* Bruce A. Glasrud,Light Townsend Cummins,Cary D.

Wintz,2014-09-09 Discovering Texas History is a historiographical reference book that will be invaluable to teachers students and researchers of Texas history Chapter authors are familiar names in Texas history circles a who s who of high profile historians Conceived as a follow up to the award winning but increasingly dated A Guide the History of Texas 1988 Discovering Texas History focuses on the major trends in the study of Texas history since 1990 In part one topical essays address significant historical themes from race and gender to the arts and urban history In part two chronological essays cover the full span of Texas historiography from the Spanish era to the modern day In each case the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that Discovering Texas History will take its place as the standard work on the history of Texas history *Studies in Symbolic Interaction* Norman K.

Denzin,2011-10-06 Examines the mesodomain of welfare reform through re negotiating the order of economic inequality provides a grounded fractal analysis into the medicalization of homelessness and the sociology of the self and looks at the labeling of immigrant men as criminals This title deals with issues of gender ethnicity illness and the urban situation

Blacks in the American West and Beyond--America, Canada, and Mexico George H. Junne,2000-05-30 Almost a century before their arrival in the English New World Blacks appeared alongside the Spanish in what is now the American West Through their families communities and institutions these Western Blacks left behind a long history which is just now beginning to receive systematic scholarly treatment Comprehensively indexing a variety of research materials on Blacks in the North American West Junne offers an invaluable navigational tool for students of American and African American history Entries are organized both geographically and topically and cover a broad range of subjects including cross cultural interaction health art and law Contains a complete compilation of African American newspapers *From Texas to San Diego in 1851* Samuel Washington Woodhouse,2007 Samuel W Woodhouse physician and naturalist with the 1851 Sitgreaves expedition to explore the southwestern territories won in the war with Mexico kept a journal of the expedition from San

Antonio to San Diego describing the people topography plants and animals encountered This is the first publication of his account Provided by publisher *The Trials of Henry Flipper, First Black Graduate of West Point* Don Cusic,2014-10-16 Born in 1856 in Thomasville Georgia Henry Ossian Flipper was nine at the end of the Civil War His parents part of a privileged upper class of slaves were allowed to operate an independent business under the protection of their owner This placed Henry in an excellent position to take advantage of new educational opportunities opening up to African Americans and he graduated from the United States Military Academy at West Point in 1877 Flipper served at Fort Sill in what is now Oklahoma took part in the Indian Wars and served at Fort Davis in Texas where a court martial relating to missing funds ended his Army career with a dishonorable discharge He later was an assistant to the Secretary of the Interior during the early 1920s Harding administration and died in 1940 Investigations into the circumstances of Flipper s court martial resulted in an upgrade to honorable discharge in 1976 and a posthumous pardon from President Clinton in 1999 Passages from Flipper s 1878 autobiography and excerpts from contemporary military reports and newspaper articles contribute firsthand observations to this biography of West Point s first black graduate *Frontier Crossroads* Robert Wooster,2006 The idea of the West conjures exciting images of tenacious men and women huge expanses of unclaimed territory and feelings of both adventure and lonesome isolation Located astride communication lines linking San Antonio El Paso Presidio and Chihuahua City the United States Army s post at Fort Davis commanded a strategic position at a military cultural and economic crossroads of nineteenth century Texas Using extensive research and careful scrutiny of long forgotten records Robert Wooster brings his readers into the world of Fort Davis a place of encounter conquest and community The fort here spawned a thriving civilian settlement and served as the economic nexus for regional development *Frontier Crossroads* schools its readers in the daily lives of soldiers their dependents and civilians at the fort and in the surrounding area The resulting history of the intriguing blend of Hispanic African American Anglo and European immigrants who came to Fort Davis is a benchmark volume that will serve as the standard to which other post histories will be compared The military garrisons of Fort Davis represented a rich mosaic of nineteenth century American life Each of the army s four black regiments served there following the Civil War and its garrisons engaged in many of the army s grueling campaigns against Apache and Comanche Indians Characters such as artist and officer Arthur T Lee William Pecos Bill Shafter and Benjamin Grierson and his family come alive under Wooster s pen *Frontier Crossroads* will enrich its readers with its careful analysis of life on the frontier This book will appeal to military and social historians Texas history buffs and those seeking a record of adventure

Fort Concho James T. Matthews,2013-11-01 In the fall of 1867 the United States Army established a permanent camp on the plateau where the North and Middle Concho rivers join For centuries this high open plateau had remained barren except for passing expeditions or Native American hunting parties The establishment of Fort Concho provided a vital link in the line of frontier defense and led to the development of the town of San Angelo across the North Concho River from the military

post In more than twenty years of federal service Fort Concho was home to companies of fifteen regiments in the regular United States Army including Col Ranald S Mackenzie s Fourth Cavalry and Col Benjamin Grierson s Tenth Cavalry of buffalo soldiers The post provided a focal point for major campaigns against the Comanches Kiowas and Apaches Patrols from Fort Concho charted vast areas of western Texas and provided a climate for settlement on the Texas frontier Today Fort Concho stands restored thanks to numerous preservation efforts as a memorial to all the peoples who struggled to survive on the plateau where the rivers join Fort Concho A History and a Guide by James T Matthews has been hailed by Fort Concho director Bob Bluthardt as the first book on the history of the fort in fifty years Fort Concho is another title in the Texas State Historical Association s Fred Rider Cotten Popular History Series which publishes short books about important historical sites or events in Texas history Number Eighteen Fred Rider Cotten Popular History Series
