*The Fortunate Fall* Raphael Carter, 1997-04-15      **Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition Students of modern American literature have for some years turned to Fifteen Modern American Authors 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form Sixteenth Modern American Authors it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains American Studies

Paradise Lost John Milton, 2003-02-27 An endless moral maze introducing literature's first Romantic Satan John Carey In his epic poem Paradise Lost Milton conjured up a vast awe inspiring cosmos ranging across huge tracts of space and time And yet in putting a charismatic Satan and naked Adam and Eve at the centre of this story he also created an intensely human tragedy on the Fall of Man Written when Milton was in his fifties blind bitter and briefly in danger of execution Paradise Lost's apparent ambivalence has led to intense debate about whether it manages to justify the ways of God to men or exposes the cruelty of authority Edited with an introduction and notes by JOHN LEONARD      **The Fortunate Fall** Daniel K. Judd, 2015-02-12      **All in All** Charles W. Durham, Kristin A. Pruitt, 1999 Readers will no doubt discern points of contiguity among the essays in this volume For example several essays investigate sources literary pictorial architectural and Milton's use of those sources in his poetry Others view Milton from the perspective of his age and seventeenth century contemporaries such as Michael Drayton and Aemelia Lanyer      **Myth, Telos, Identity** Iván Nyusztay, 2021-09-20 Iván Nyusztay's Myth Telos Identity The Tragic Schema in Greek and Shakespearean Drama for the first time presents a systematic comparison of Greek and Shakespearean tragedy By thematizing the common modes of the tragic it measures their structural regularities against corresponding philosophical and ethical reflections The comparative theory of tragedy evolves through a constant debate with the traditional views of Aristotle Hegel Schelling Paul Ricoeur and others An architectonic survey of plays leads to a generic distinction between pure tragedy and melodrama and proposes a possible description of Christian tragedy This generic differentiation is considered by means of a teleological approach to tragedy as well as from a formal perspective The criticism of traditional notions of character stresses the relevance of dividedness and internal collision tragic phenomena which are explored as necessary stages of self in the constitution and formation of tragic or internal alterity This form of alterity is underpinned by a discussion of action theory and speech act theory This book will be of interest for readers of Greek and Shakespearean drama as well as for students of comparative literature and genre theory classicists and philosophers and for everyone interested in the relation between literature and philosophy      Milton's Complex Words Paul Hammond, 2017-11-17 Every major poet or philosopher develops their own distinctive semantic field around those terms which matter most to them or which contribute most profoundly to the imagined world of a particular work This book explores the specific meanings which Milton develops around key words in Paradise Lost Some of these are

theological or philosophical terms e g evil grace reason others are words which shape the imagined world of the poem e g dark fall within yet others are small words or even prefixes which subtly move the argument in new directions e g if not re Milton seems to expect his readers to be alert to the special semantic field which he creates around such words often by infusing them with biblical and literary connotations and activating their etymological roots alert also to the patterns created by the repetitions of such words and particularly to their diverse use and often their blatant misuse by different characters To understand the migrations and malleability of key words is part of the education of Milton's reader

**Nathaniel Hawthorne** Charles Swann, 1991-06-28 This is the first analysis of the fiction of Nathaniel Hawthorne and his perception of history In his study Charles Swann examines the whole of Hawthorne's literary career and gives proper weight to the unfinished work Hawthorne saw history as a struggle between the authoritative claims of tradition on the one hand and the conflicting but equally valid claims of the desires for revolutionary transformation on the other To evaluate Hawthorne's view of history Swann provides close readings of such key shorter works as Alice Doane's *Appeal* and *Main Street* as well as the most detailed analysis to date of the unfinished works *The American Claimant* Mss and *The Elixir of Life* Mss two works which exemplify the temptations of tradition and the exhilaration of the revolutionary moment This study asks us to explore how Hawthorne presents and interprets history through his fiction for example the history of crucial sins of the past and the contemporary placing of such sins in Alice Doane's *Appeal* the problematic nature of the American Revolution in *The Elixir of Life* Mss and the role of society in *The Scarlet Letter* Swann's innovative study will be of interest to students and scholars of American literature history cultural studies and literary criticism

Walker, 2005-07-07 In *God and Elizabeth Bishop* Cheryl Walker takes the bold step of looking at the work of Elizabeth Bishop as though it might have something fresh to say about religion and poetry Going wholly against the tide of recent academic practice especially as applied to Bishop she delights in presenting herself as an engaged Christian who nevertheless believes that a skeptical modern poet might feed our spiritual hungers This is a book that reminds us of the rich tradition of religious poetry written in English at the same time taking delicious detours into realms of humour social responsibility and mysticism
