1  

**Legendary Creature — Efreet**

**Flying**

Whenever Yusri, Fortune's Flame attacks, choose a number between 1 and 5. Flip that many coins. For each flip you win, draw a card. For each flip you lose, Yusri deals 2 damage to you. If you won five flips this way, you may cast spells from your hand this turn without paying their mana costs.

## **Fortunes Flames:**

Flame and Fortune in the American West Gregory Simon, 2017 *Flame and Fortune in the American West* creatively and meticulously investigates the ongoing politics of folly and avarice shaping the production of increasingly widespread yet dangerous suburban and exurban landscapes. The 1991 Oakland Hills Tunnel Fire is used as a starting point to better understand these complex social environmental processes. The Tunnel Fire is the most destructive fire in terms of structures lost in California history. More than 3 000 residential structures burned and 25 lives were lost. Although this fire occurred in Oakland and Berkeley, others like it sear through landscapes in California and the American West that have experienced urban growth and development within areas historically prone to fire. Simon skillfully blends techniques from environmental history, political ecology, and science studies to closely examine the Tunnel Fire within a broader historical and spatial context of regional economic development and natural resource management, such as the widespread planting of eucalyptus trees as an exotic lure for homeowners and the creation of hillside neighborhoods for tax revenue decisions that produced communities with increased vulnerability to fire. Simon demonstrates how in Oakland a drive for affluence led to a state of vulnerability for rich and poor alike that has only been exacerbated by the rebuilding of neighborhoods after the fire. Despite these troubling trends, *Flame and Fortune in the American West* illustrates how many popular and scientific debates on fire limit the scope and efficacy of policy responses. These risky yet profitable developments, what the author refers to as the Incendiary, as well as proposed strategies for challenging them, are discussed in the context of urbanizing areas around the American West and hold global applicability within hazard-prone areas.

Fortune's Flame Judith E. French, 2013-10-17 An outlaw Scotsman and a manor's independent young mistress form an unconventional partnership in adventure and in love. Pirate convict and runaway bond servant Kincaid is just the man Lady Elizabeth Lacy Bennett has been searching for. Now he's found and as far as Bess is concerned, hanging is too easy an escape for the scoundrel who stole her beloved horse and dared to repay her with a searing kiss. For despite his crimes, Kincaid is a valuable worker worth every penny she has paid for his indenture and the ideal guide to help find a lost treasure that could save her Maryland plantation from ruin. She may be mad to trust the charismatic Scotsman, for it's clear he desires more from her than freedom, but Bess was raised to finish what she starts and to follow her heart, even if she may lose it. A superb storyteller, I loved it. Linda Ladd, 150 000 Words.

*Wildfire Loose* Joyce Butler, 2014-07-17 In October 1947, Maine experienced the worst fire disaster in its history. *Wildfire Loose* describes how the fires started and spread so quickly through rural villages down Millionaire's Row in Bar Harbor and across southern Maine beach resorts. Originally published in 1979, it remains the definitive account of The Week Maine Burned.
