*Forty Beads* Carolyn Evans, 2011-04-26 This doctoral thesis reintroduces Juliane von Kr dener a largely forgotten historic figure back into historical awareness Particular attention is given to her role as a female missionary in Europe within the church history context of pietism and revival movements at the beginning of the 19th century The investigation revolves around the question to what extent did this aristocratic ambassador s wife not just stir hearts but also have a transforming influence on the mission history of Europe In addition von Kr dener s specific female contribution is investigated The climax of von Kr dener s missionary activity occurs between 1815 and 1818 It covers the time of her special influence on Tsar Alexander I her missionary travels through Switzerland and Germany and her effect on the spiritual revival movements happening in Western and Eastern Europe This Baltic German missionary used various social networks in particular the transnational and interdenominational network of the salon culture as inroads for her missional lifestyle The basis for the missiological role analysis in this paper is a thematic investigation into the life and activities of Juliane von Kr dener What stands out is the fact that her missionary role apart from her activities as Salonni re writer and evangelist also included charitable and political dimensions This case study on Juliane von Kr dener is an interdisciplinary research contribution but is also the first to offer extensive research from a theological perspective It addresses foundational questions about the role of women in mission and church history and is a testimony to the significant contribution of women to revival transformative processes during the 19th century

**A Mixture of Thoughts** Filton Hebbard,Hebbard Filton Hebbard,2009-09 I strongly

believe that neither stories nor verse should be written in any choice of words that are beyond the vocabulary of prospective readers It is irritating to read fiction with a dictionary by one's side nor should it be necessary The late Sir Winston Churchill a master of the English language won the hearts of his fellow country men and women during World War 2 because in his speeches he chose a language known to every level of education He did not want anybody to marvel at his vocabulary then wonder what it meant He wanted them all to understand his vocabulary and feel the depth of it in its simplicity and sincerity As a child I admired his ability to reach every English man woman or child who heard him speak So I rarely use words that are stumbling blocks to the pleasure of reading In this book I have tried to touch on the sentiments that could be in any of us Apart from the poetry there are three stories of varying lengths and they each take us into very different minds
