

"There is no way doubt that this new and renewed attention paid to the laity, this urgent questioning of its responsibilities by those who are neither priests nor religious, is one of the signs of the times, or more accurately, one of those signs from God! It is the Church's way of meeting the situation."

A Layman's Commentary John Devine, 2014-05 In today's world it can be difficult to maintain your faith Those seeking a greater understanding of the Bible have numerous excellent theological commentaries available to them but due to volume and depth many of these are out of reach of laypeople Others lose contact with the Bible because it no longer seems relevant to life They use a superficial knowledge of science and evolution to exclude God and faith from their experiences The Layman's Commentary Volume 7 Epistles of Paul presents a passage by passage explanation of the thirteen letters of Paul to the early churches In this seventh volume author John Devine considers the writings of the academic theologian specialist in the Old Testament Scriptures and apostle to the rest of the world as they relate to effective everyday living Paul's deep understanding of the work and teaching of Jesus are addressed explaining God's plan for a relationship with the individual and the means by which this was made possible by the death and resurrection of his Son The expectation of eternal life and other important doctrines of the Christian worldview which have impacted people of all subsequent generations are highlighted and confirm that science and faith are complementary in giving purpose and meaning to life

The Layman's Petition P. Young, 2008-05-01 Has the US President's 2017 electoral success underscored the imperative for a human context beyond the Universal Declaration of Human Rights The Layman's Petition Copyright 2002 2007 2010 is a high school dropouts deeply personal memoir with a strong social philosophical element

A Layman's Notebook Lester Forrester, 2019-01-28 The author demonstrates to the layperson how he uses various means to advance his own spiritual growth The means are available to everyone It is not exhaustive and includes systematic Bible study recording quotes from gifted Christian authors works exploring contemporary and theological topics with Christian ministries and keeping a spiritual journal The author makes the point that although he had been an ardent churchgoer for years and involved in many religious activities he had never experienced a genuine conversion until his heart was regenerated by the Holy Spirit By documenting this turning point of his spiritual journey he stressed that it is crucial for

one to ask God to bring about an authentic change in one's life. Given that he had to juggle supporting a family, keeping a job, and finding time for spiritual devotion, he also shows his readers that by recording his day-to-day experiences, one can discover how God works in one's life. He then uses such recordings to measure his spiritual progress, steps as well as missteps, and place them in a grid framed by the word of God.

One Layman's Contemporary Theology Michael S. K. Toh, 2014-07-17 The credential of the author is based upon the fact that he is a trained psychologist, a biologist, and a scientist and has been in management/business fields for many years, having been exposed in all aspects of commerce and finance. He has a Master's degree in Industrial Psychology from the University of Sydney, Bachelor of Science degree with a double major in psychology from Australian National University and a major in Biology from RMIT. Was awarded the Elizabeth and Martin Summit Prize in Psychology, an annual award given to the most outstanding student in Psychology at Sydney University. He has been teaching in a university for several years and was involved in politics for some time but voluntarily chose to pursue a different path because of the incompatible sets of values that are required against what he believed in. He has a background of Buddhist and Confucian upbringing and was converted to being a follower of Jesus as a Catholic. However, he had been battling with what the churches taught and his knowledge and understanding in the fields of biology and psychology, new discoveries of physical sciences in which he was trained against the background of his upbringing in a culture that was homogenous and has survived for more than 5000 years of history and his life experiences in the modern commercial/materialistic world/culture. He believes in doing God's work in whatever circumstances he was placed to be guided by the principles of what he believed Jesus has taught in establishing a consistent logical framework that is universal and more holistic, the result of which is the writing of this book. One of his greatest gifts is his ability to analyze things logically, and he has been a good debater when he was at school. He has thus put all his thoughts down, gathered from his training, life experiences, and his wide exposure in the modern world environment to establish an overall consistent logical framework in understanding the meaning of life, the order of things, and the role religion plays in assisting each individual to achieve the universal objective of a salvation and the conflicts that are generated as a result of different derivatives of history and culture of the world.

Church led some church leaders such as Martin Luther to attempt to reform the church and how those attempts led to The Reformation That opened the door to England declaring that the Church of England the Anglican Church is the true Christian church John Calvin laid the ground work for what became the Presbyterian and the Reformed churches Then came the Huguenots and the Walloons and the Puritan Pilgrims who came to America and evolved into such as the Congregationalists Back in England the Quakers experienced persecution that encouraged them to move to America John Wesley began what evolved into Methodism The American Revolution caused American churches of English origin to separate from their English roots and to become such as the Episcopalians and the Methodists Read about the history of the many denominations that have come into being in The United States There are the numerous Christian churches the Unitarians Spiritualist churches Mormons Adventists Jehovahs Witnesses Christian Science Pentecostalism and many independent non denominational churches It is fascinating history and all in laymans language A Layman's Ladder To Heaven Volume-I Dr. Ashwin Drummond,2022-10-29 The book A layman s ladder to heaven is a fundamental address to the nuances of Christianity It covers the whole gamut of events right from creation fall redemption and finally the end of the world How God created this world and man as mortal how sin emerged what is sin and how mortality turned into immortality The entrance of decay and death its causes and how to overcome it The love of God for the doomed race on account of sin and how to circumvent the impending doom and once again live life as mortals have been examined The book explains the plan of redemption How God has salvaged man from death through the crucifixion of Lord Jesus Christ on the cross of Calvary How through his death the price of sin was paid for the entire humanity What is the first and second death And everlasting life is also explained in a nutshell It is also explained how to tackle the various challenges in life We can overcome our daily problems by merely following the teachings of Jesus highlighted in the book Peace of mind depression prosperity riches power health etc can be overcome How Lord Jesus can metamorphosize our lives to live a life of contentment and enjoy the blessings of the Lord Sharing and caring for the human race also finds a place in the book The emanating and focal point of all the miseries of life and who is responsible for it is also discussed Who is Satan and how he s trying to destroy our lives by bringing miseries tragedies sickness and suffering and how to overcome it How the Lord Jesus has defeated death and paved the way for man for eternal life Lastly the creation that has been soured by Satan has to come to an end Why how and when have also been explained Who shall enter the new eternal life what are the requirements for it and how we can achieve this distinction has a special place in the book What is the new sin free and eternal life where the obedient go is also covered The book in short is an answer to all our daily problems **A Layman's View of Christianity** Donald A. Dahlin,2002-01-31 This book is intended as a spiritual sword into the utter complacency of Christian orthodoxy The message and practices found in this book are spiritually guaranteed to reveal your hidden potentials and change your life to the degree that you read and apply its progressive and practical approach The true message of Jesus was obscured in orthodox Christian practices fulfilling the

promise and greater works than this shall ye do John 14 12 The total message of Jesus was given during the latter portion of his life it was simple and not of great length it might fill a few pages or a chapter of a book The message appeared fragmented but told of spiritual knowledge that one could attain through a system of self government woven between parables or proverbs of human behavior with moral and spiritual percepts I found that Jesus had learned an approach that would help his fellowman that was composed of five factors 1 a spiritual understanding of the soul and the mind 2 the relationship of spiritual consultations and meditation as means of gaining spiritual knowledge 3 the power of prayer is a telepathic phenomenon for healing curses and for extra sensory perception 4 the laying on of hands for healing ones self or others 5 the ability of the body to heal itself from many ailments by fasting Experimenting with the power of intention as prayer I also learned a progressive means of extra sensory perception that went into contact with chemicals people plants and animals Having a chiropractic background I was in physical contact with people and learned that x ray vision is also possible Ill tell you about each of the chapters in my book a little later First I want you to know why this approach is correct Jesus was a Gnostic The Greek word gnosis means knowingness or knowledge in the fullest sense of the word it was a special knowledge of spiritual things Gnosticism was a mystical religious and philosophical doctrine of early Christian times Gnostics claimed that spiritual knowledge rather than faith was essential to salvation Salvation in a Gnostic sense would mean a spiritual search for knowledge toward perfection becoming a free spirit and recognizing ones relationship to a spiritual universe heaven created by the Supreme Being Otherwise an orthodox definition of salvation would mean a deliverance from sin and from punishment for sin redemption The Gnostic Christian seeks to discover the truth about God and spiritual matters through personal experience or revelation as intuition insight or cognition by counseling psyche guidance and meditation It is the opposite to being told what to believe Jesus was a true Gnostic when he said My doctrine is not mine but his who sent me If any man will do his will he shall know of the doctrine whether it be of God or whether I speak of myself John 7 16 17 This teaching implies that anybody anywhere at any time could know the truth through his own recognition of what he was teaching his disciples Jesus did not have to be on another planet to preach to be crucified on the cross etc in order for his message to be known Be ye perfect even as your Father which is in heaven is perfect Matthew 5 48 Jesus also said If you continue in my word you are truly my disciples and you will know the truth and the truth will make you free John 8 32 Paul the apostle of Jesus referred to this Gnostic concept Be not conformed to this world but be ye transformed by the renewing of your mind that you may find what is the good and acceptable and perfect will of God Romans 12 2 Learn to challenge It was a warning against mind control through hypnotic means or agreement without understanding The renewing of your mind is done through private meditation not through someones interpretation
