McHoul, Wendy Grace, 1993 **A Foucault Primer** Alec Mchoul, Wendy Grace, 1996-01-01 In such seminal works as *Madness and Civilization* *Discipline and Punish* and *The History of Sexuality* the late philosopher Michel Foucault explored what our politics our sexuality our societal conventions and our changing notions of truth told us about ourselves In the process Foucault garnered a reputation as one of the pre eminent philosophers of the latter half of the twentieth century and has served as a primary influence on successive generations of philosophers and cultural critics With **A Foucault Primer** Alec McHoul and Wendy Grace bring Foucault's work into focus for the uninitiated Written in crisp and concise prose **A Foucault Primer** explicates three central concepts of Foucauldian theory discourse power and the subject and suggests that Foucault's work has much yet to contribute to contemporary debate **Understanding Foucault** Geoff Danaher, Tony Schirato, 2002-03 Derided and disregarded by many of his contemporaries Michel Foucault is now regarded as probably the most influential thinker of the twentieth century his work is studied across the humanities and social sciences among other disciplines Read in **The History and Theory of Rhetoric** James A. Herrick, 2015-08-07 *The History and Theory of Rhetoric* offers discussion of the history of rhetorical studies in the Western tradition from ancient Greece to contemporary American and European theorists that is easily accessible to students By tracing the historical progression of rhetoric from the Greek Sophists of the 5th Century B C all the way to contemporary studies such as the rhetoric of science and feminist rhetoric this comprehensive text helps students understand how persuasive public discourse performs essential social functions and shapes our daily worlds Students gain conceptual framework for evaluating and practicing persuasive writing and speaking in a wide range of settings and in both written and visual media Known for its clear writing style and contemporary examples throughout *The History and Theory of Rhetoric* emphasizes the relevance of rhetoric to today's students *Moral and Political Reasoning in Environmental Practice* Andrew Light, Avner De-Shalit, 2003 Essays showing how environmental philosophy can have an impact on the world by integrating abstract reasoning with actual environmental practice **The Nature of Suffering and the Goals of Nursing** William Rosa, Betty R. Gospel within the contexts of the empires of Rome and Europe In a unique dual analysis the book highlights how empire is not only part of the past but also of a present colonial heritage The book first outlines postcolonial criticism and discusses the challenges it poses for biblical scholarship then scrutinizes the complex ways with which nineteenth century commentaries on Mark's Gospel interplayed with the formation of European colonial identities It examines the stance of Mark's Gospel vis-à-vis the Roman Empire and analyzes the manner in which the fibers of empire within Mark are interwoven reproduced negotiated modified and subverted Finally it offers synthesizing suggestions for bringing Mark beyond a colonial heritage The book's candid use of postcolonial criticism illustrates how a contemporary perspective can illuminate and shed new light on an ancient text in its imperial setting

Reassessing Foucault Colin Jones, Roy Porter, 2002-01-04 Though Foucault is now widely taught in universities his writings are notoriously difficult *Reassessing Foucault* critically examines the implications of his work for students and researchers in a wide range of areas in the social and human sciences Focusing on the social history of medicine successive chapters deal with his historiographical methodological and philosophical writings his ideas about prisons hospitals madness and disease and his thinking about the body The book also suggests ways in which Foucault's influence will continue to dominate cultural history and the social sciences

Identity Politics in Deconstruction Carolyn D'Cruz, 2016-05-13 Identity politics dominates the organisation of liberation movements today This is the case whether fighting over one's birthright to a nation such as in the Palestinian Israeli conflict lobbying for civil rights such as in gay and lesbian campaigns for marriage or struggling for citizenry recognition as currently experienced by asylum seekers In this book Carolyn D'Cruz investigates the nexus between what David Birch describes as the seemingly impossible of high theory and the seemingly accessible possibilities of popular discourse as encountered in liberation movements based on identity D'Cruz reworks the logic of such movements through the unique combination of Derridean deconstruction Foucauldian discourse and Levinasian ethics Moving both within and between the domains of philosophy politics and postmodern culture this book offers both a clear explication of complex philosophical issues and an understanding of how they relate to the political practicalities of everyday life
