G. N. Kelsey, 2019-02-26 This book presents a unique annotated collection of some 2000 playground games rhymes and wordplay of London children It charts continuity and development in childlore at a time of major social and cultural change and offers a detailed snapshot of changes in the traditions and language of young people Topics include starting a game counting out rhymes games without songs singing and chanting games clapping skipping and ball bouncing games school rhymes and parodies teasing and taunting traditional belief and practice traditional wordplay and a concluding miscellany Recorded mainly in the 1980s by primary schoolteacher Nigel Kelsey transcribed verbatim from the children s own words and accompanied by extensive commentaries and annotation the book sets a wealth of new information in the wider historical and contemporary context of existing studies in Britain Ireland and other parts of the English speaking world This valuable new resource will open new avenues for research and be of particular interest to folklorists and linguists as well as to those working across the full spectrum of social cultural and educational studies      *Yo' Mama, Mary Mack, and Boudreaux and Thibodeaux* Jeanne Pitre Soileau, 2016-12-14 Winner of the 2018 Chicago Folklore Prize and Winner of the 2018 Opie Prize Jeanne Soileau a teacher in New Orleans and south Louisiana for more than forty years examines how children s folklore especially among African Americans has changed From the tumult of integration to the present her experience afforded unique opportunities to observe children as they played With integration in New Orleans during the 1960s Soileau notes how children began to play with one another almost immediately Children taught each other play routines chants jokes jump rope rhymes cheers taunts and teases all the folk games that happen in normal play on the street and playground When adults the judges and attorneys the parents and the politicians haggled and shouted children began to hold hands in a circle fall down together to Ring around the Rosie and tease each other in new and creative ways Children s ability to adapt can be seen not only in their response to social change but in how they adopt and utilize pop culture and technology Vast technological changes in the last third of the twentieth century influenced the way children sang danced played and interacted Soileau catalogs these changes and studies how games evolve and transform as much as they are preserved She includes several topics of study oral narratives and songs jokes and tales and teasing formulae gleaned from

mostly African American sources Because much of the field work took place on public school playgrounds this body of oral narratives remains of particular interest to teachers folklorists linguists and those who study play In the end Soileau shows that despite the restrictions of air conditioning shorter recess periods ever increasing hours of television watching the growing popularity of video games and carefully scripted after school activities many children in south Louisiana sustain traditional games At the same time they invent varied and clever new ones As Soileau observes children strive through their folk play to learn how to fit into a rapidly changing society [New York Magazine](#) ,1984-06-25 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Growing up on Main Street* Evelyn
