Finding the Roots of Christianity Luke Painter, 2017-06-05 Finding the Roots of Christianity is for people who are curious about the historical Jesus his followers and the movement they began Who were they and how was their message understood by those who heard them Where did the New Testament of the Bible come from In a personal thoughtful style Luke Painter

brings into focus the life and times of the Jewish prophet Jesus of Nazareth bridging the gap between personal study of the Bible and academic scholarship Sources outside the Bible including the ancient historian Josephus and recently discovered lost scriptures such as the Dead Sea Scrolls reveal the diversity of early Christian beliefs Roman religious beliefs influenced how the Christian message was understood during the transition from Jewish sects to the official religion of the Roman Empire Clear and concise and based on careful historical research this book guides the reader through what is known about the earliest origins of Christianity as well as recent discoveries and debates The author's personal journey of faith and passionate interest in the people behind the New Testament enliven the facts of history illuminating their meaning for their own time as well as today Changing the Goalpost of New Testament Textual Criticism Abidan Paul Shah, 2020-10-02 Before the 1960s the goal of New Testament Textual Criticism was singular to retrieve the original text of the New Testament Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned If this new approach in NTTC is correct then the authority of Scripture is weakened or no longer valid It will be shown in this book that such is not the case Furthermore emphasis will be placed on the need to return to the traditional goalpost of NTTC i e to retrieve the original text Without a generally definitive text the door will be left wide open to recreate any desired text of the NT An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text Consequently it will lead to an unsettled Christian faith and The Lost Books of the Bible William Hone, 1926 Lost Books of the Bible and the Forgotten Books of practice **Eden** Thomas Nelson, 2021-11-16 In Lost Books of the Bible and the Forgotten Books of Eden you can read for yourself many of the manuscripts which were excluded from canonized Scripture and discover new appreciation for those which were chosen Though apocryphal in nature many of them suppressed by the early Church Fathers these forgotten books gospels testaments and epistles are fascinating and beautifully written Included in this volume are Apocryphal gospel accounts such as The Gospel of the Birth of Mary Thomas s Gospel of the Infancy of Christ and Peter s Gospel Apocryphal epistles such as Paul s letter to the Laodiceans Clement s letter to the Corinthians and the general epistles of Barnabas Letters from Ignatius to groups of early Christians including the Ephesians the Romans and the Trallians The early 2nd century Christian work The Shepherd of Hermas Roman letters and reports from Herod and Pilate Fables from Old Testament times such as The Books of Adam and Eve The Secrets of Enoch and the Psalms of Solomon Historical accounts including the fourth book of the Maccabees and more Included before each book are some notes on its origins Also included are frequent black and white images of etchings from early manuscripts
