Congress. House. Committee on Appropriations. Subcommittee on Interior, Environment, and Related Agencies,2010      The Power Game in Byzantium James Allan Evans,2011-10-20 This title presents an original portrayal of Justinian s reign its politics and theological disputes focusing on the lives of two extraordinary women who wielded power and influence A fascinating exploration of the corridors of power in Byzantium of the time of Justinian 527 565 the book reveals how Empress Theodora and Antonina both alumnae of the theatre were remarkable examples of social mobility moving into positions of power and influence becoming wives of key figures Theodora had three aims to protect those Christians who would not accept the Chalcedonian Creed to advance the careers of her family and friends and to defend the poor and assist the defenceless and in particular women a mission which she claimed publicly Finally there was the allure of power and though the exercise of power cannot be qualified as an aim there can be no doubt that Theodora loved authority she made and unmade marriage contracts and appointed men to office or destroyed them if they got in her way Antonina was both friend and agent and equally ruthless She managed her husband Belisarius and advanced his career though she was unfaithful to the marriage bed and would outlive the main players of the age of Justinian      *Implementing ISO/IEC 20000 Certification: The Roadmap* itSMF International,2008-03-03 ISO IEC 20000 is the

**Post-Weird** Calum Lister Matheson, 2025-11-11 Post Weird Fragmentation Community and the Decline of the Mainstream is an ambitious look at how communities form when old forms of authority and meaning seem to be collapsing around us This book goes beyond the fraying of contemporary American culture to ask how communities that used to be considered fringe for better or worse come together Dr Matheson examines far flung groups from Appalachian serpent handling churches to Sandy Hook conspiracy theorists pro anorexia Internet forums to reactionary pseudoscientists finding consistent parallels amidst their diversity The key trend he identifies is anti rhetorical

discourse the insistence that the symbols shared by each community represent a hidden truth that cannot be questioned or interpreted but is revealed through signs words images videos and texts Against these rigid worldviews Dr Matheson calls for a revival of the art of rhetoric not just as a set of techniques but as a creative curious orientation towards the world in all of its ambiguity and uncertainty *Catalog of Copyright Entries.
