Foundations of Criminal Justice Stephen S. Owen, 2019-07-15 What is law What is deviance What is justice How is justice achieved through law punishment and criminal justice agencies Now in its third edition Foundations of Criminal Justice uses a unique approach that provides students with the framework and the intellectual tools that they will need in order to critically analyze and evaluate the nature sources scope purposes and practical limitations of the criminal justice system This is the only introductory survey text that moves beyond a description of the criminal justice system helping students understand the role of criminal justice in their lives as criminal justice practitioners and as active citizens

Humanistic Foundation of Criminal Law Xingliang Chen, 2023-03-04

This book uses humanity rationality and experience and the freedom of human will as a theoretical perspective to examine the basic framework of criminal law theories constructed by the criminal classic school and the criminal empirical school The author puts forward the principle of the duality of rationality and experience of humanity and affirms the determinism of human behavior in the ontological sense and the freedom of will in the axiological sense From this point of view this book examines the humanistic foundations of crime and punishment legislation and justice *Foundations of Criminal Justice*

Stephen S. Owen, Henry F. Fradella, Jerry W. Joplin, Tod W. Burke, 2023-12-16 **The Theoretical Foundations of Criminology** Jayne Mooney, 2019-12-06 To confront the challenges criminologists face today and to satisfactorily critique the theories on which criminology is founded we need to learn from the past To do this we must give context to both theorist and theory Written from a critical perspective this book brings criminological theory to life It presents the core theories of criminology as historical and cultural products and theorists as producers of culture located in particular places writing in specific historical periods and situated in precise intellectual networks and philosophical controversies This book illustrates that theory does not arise out of the blue and highlights the importance of understanding how and why ideas emerge at certain points in time why they gained currency and the influence that they have had It follows the trajectory of criminology from pre Enlightenment society through to the present day and the proliferation of criminological thinking It explores Setting the Stage for the Emergence of Criminology Classicist Criminology The Search for Justice Equality and the Rational Man The Positivist Revolution Physiognomy Phrenology and the Science of Othering Chicago School of Sociology An Explosion of Ideas Developing a Sociological Criminology Durkheim Du Bois Merton and Tannenbaum Feminism Redressing the Gender Imbalance Confronting the Establishment The Emergence of Critical Criminology From Theoretical Innovations to Political Engagement The Theoretical Foundations of Criminology provides an invaluable contribution to the growing conversation about criminology s origin story and the level that this is grounded in the idiosyncrasies of the North Atlantic world and its historical development This book will be invaluable reading to students and academics engaged in studies of criminology and criminal justice [Foundations of theory-formation in criminology](#) Catharina Irma Dessaur, 2018-12-03 No detailed description available for Foundations of theory formation in criminology

Foundations for Public Administration Science in the 21st Century Luis Humberto Fernández Fuentes, 2016 This book is About the Science of Public Administration about what we know and what we need to know about it as well as what we can do to make science more useful to the state and society The disarticulation between the Science of Public Administration and the administrative practice of the XXI century causes that the public administrator does not have the theoretical elements and the sufficient tools for the efficient and effective treatment of public affairs The administration Public and its science have to be rethought not only from their inheritance but also from their potential to provide intellectual tools and practices that increase public capacity That is make a stronger smarter and more efficient state which can only be achieved with a solid and useful body of
