## **Foundations Of Ministryan Introduction To Christian Education For A New Generation:**

Foundations of Ministry Michael J. Anthony, 1998-02-01 Develop an excellent Christian education ministry with this introductory guide from the faculty of Biola University's Talbot School of Theology Teaching in the Life of the Church Darin R. Clements, 2025-04-28 I chose to publish my dissertation for two reasons First though quite narrow in scope as good qualitative research should be this research makes a modest contribution to the growing scholarship on Christianity in Cambodia Second this research makes an empirical contribution to the field of nonformal Christian Education from an Asian context in which Christians are a tiny minority As my literature review indicates the field of nonformal CE is dominated by a North American point of view which ironically is facing a general breakdown of historical CE institutions like Sunday school While much of the literature is useful in the Majority World it does not take into account the education levels educational contexts and social dynamics of places like Cambodia For example the findings from my cases indicate that nonformal CE in Cambodia has more in common with the Sunday school movement in the 19th century than with the functions organizational structures and teaching approaches discussed in current literature As I have presented these ideas in class feedback from students has consistently confirmed that my findings resonate with contexts across Asia Pacific This Way to Youth Ministry Duffy Robbins, 2004 Practical applications theological foundations and valuable information for the student beginning a youth ministry **Creative Bible Teaching** Lawrence O. Richards, Gary J. Bredfeldt, 2020-08-04 Bring the Bible to Your Students like Never Before Communicating the Scriptures is much like building a bridge However instead of ravines or rivers the teacher must span both cultural boundaries and great gulfs of time between the present and the pasts of Moses David Jesus and Paul Though God's Word is always relevant the teacher must help students see Scripture's vast treasures The effective engaging Bible teacher must therefore become creative Together Lawrence Richards and Gary Bredfeldt have created the ultimate guide to building bridges for those seeking to learn about God's Word Creative Bible Teaching offers a five step process by which Christian educators can construct a bridge across time geography and culture to help students of all ages connect with God's Word This newly revised edition makes learning about God's Word more accessible for both teachers and students today Simple clear and memorable the method laid out in Creative Bible Teaching provides a sure fire way of communicating God's Word in a way that sticks **Management Essentials for Christian Ministries** Michael Anthony, James R. Anthony, 2000-10-11 Are you a recently elected church board member who hasn't received training for your new position Are you a current board member disillusioned by negative experiences and interpersonal conflicts Education specialist Michael Anthony asked a cross section of almost a hundred pastors and church officers in addition to staff members and denominational officials to give their input

about what is happening in church boards across America The results of the survey were compiled into a comprehensive handbook that addresses topics such as Developing a vision statement Writing job descriptions Setting long and short range goals Facing financial storms Resolving interpersonal conflicts Reviving a declining church This unique multi denominational training resource emphasizes developing a team structure It can be used for individual instruction group discussions and orientation sessions The case studies clearly identify situations and leadership experiences common to many church boards
