Foundations And Evaluation Contexts And Practices For Effective Philanthropy:

Foundations and Evaluation Marc T. Braverman, Norman A. Constantine, Jana Kay Slater, 2004-07-29 Gathered together in this unique book on evaluation and effective foundation practice are the experienced based perspectives and measured insights of both seasoned practitioners and key philanthropic thought leaders Foundations and Evaluation is a substantial think piece for grantmakers of any size Dorothy S Ridings president and CEO Council on Foundations Foundations and Evaluation explores the intersection between organizational effectiveness and evaluation and demonstrates the need for commitment to evaluation throughout the foundation A good read for both newcomers to evaluation and those with more experience written by some of the most highly respected leaders in the field Kathleen P Enright executive director Grantmakers for Effective Organizations *The Routledge Companion to Philanthropy* Tobias Jung, Susan D. Phillips, Jenny Harrow, 2016-05-17 Philanthropy the use of private resources for public purposes is undergoing a transformation both in practice and as an emerging field of study Expectations of what philanthropy can achieve have risen significantly in recent years reflecting a substantial but uneven increase in global wealth and the rolling back of state services in anticipation that philanthropy will fill the void In addition to this experiments with entrepreneurial and venture philanthropy are producing novel intersections of the public non profit and private spheres accompanied by new kinds of partnerships and hybrid organisational forms The Routledge Companion to Philanthropy examines these changes and other challenges that philanthropists and philanthropic organisations face With contributions from an international team of leading contemporary thinkers on philanthropy this Companion provides an introduction to and critical exploration of philanthropy discussing current theories research and the diverse professional practices within the field from a variety of disciplinary perspectives The Routledge Companion to Philanthropy is a rich and valuable resource for students researchers practitioners and policymakers working in or interested in philanthropy *Handbook on the Economics of Philanthropy, Reciprocity and Social Enterprise* Stefano Zamagni, Luigino Bruni, 2013-01-01 The recent era of economic turbulence has generated a growing enthusiasm for an increase in new and original economic insights based around the concepts of reciprocity and social enterprise This stimulating and thought provoking Handbook not only encourages and supports this growth but also emphasises and expands upon new topics and issues within the economics discourse Original contributions from key international experts acknowledge and illustrate that markets and firms can be civilizing forces when and if they are understood as expressions of cooperation and civil virtues They provide an illuminating discourse on a wide range of topics including reciprocity gifts and the civil economy which are especially relevant in times of crisis for financial capitalism The Handbook questions the current phase of the market economy that arises from a state of anthropological pessimism Such anthropological cynicism is one of the foundations of the contemporary economic system that is challenged by the contributors This highly original and interdisciplinary Handbook will provide a fascinating read for academics researchers

and students across a wide range of fields including economics public sector economics public policy and social policy

Growing the Knowledge Base in Evaluation Jill Anne Chouinard, Isabelle Bourgeois, Courtney Amo, 2019-09-01 Evaluation use was identified by Henry and Mark 2003 as being the single most studied area in the field of evaluation They refer with a sense of nostalgia to the golden age of research on use perhaps almost implying that it came and went Professor J Bradley Cousins has had a longstanding and continuing commitment to advancing theory and practice regarding use through empirical research on evaluation and through the professional development of students and practitioners within North America and internationally The important influence and impact of the contributions of Cousins and associates is the focus of this edited book This book brings together a distinguished international group of authors to reflect on the areas of contribution of Professor Cousins and situate his work within contemporary areas of evaluation research and practice Each chapter describes how the study and practice of evaluation has weaved its way through our understanding of organizational learning participatory evaluation and evaluation capacity building The book concludes with a reflection by Professor Cousins himself on what these insights mean for the field of evaluation and what future areas of research and contribution can be planned for and anticipated

Evaluation Methodology Basics E. Jane Davidson, 2005 Click Additional Materials for downloadable samples I welcome this student friendly text to complement my favorite checklists This text develops the core checklist framework to provide evaluation methodology basics for presumably mainly introductory courses on program evaluation Colin Sharp Evaluation Journal of Australasia What is evaluation specific logic and methodology This book answers that question in a way that is persuasive accessible and understandable It presents a set of principles and procedures to guide the task of blending descriptive data with relevant values to draw explicitly evaluative conclusions The book makes a significant contribution to positioning evaluation as a unique and special field of inquiry and judgment Michael Quinn Patton Union Institute and University Amidst the wash of methods books available to evaluators Davidson s book provides powerful techniques for asking and answering

the important foundational questions in any program evaluation Doug Leigh Pepperdine University This is a very well written book that offers a unique perspective on long practiced evaluation techniques and presents several new potentially very useful techniques that return valuation to the evaluation process Greg Roberts University of Texas Austin Evaluation theorists for years have advised evaluators to take into account all relevant values as part of an evaluation But especially for the relatively new evaluator even one who is knowledgeable and experienced in research methodology there is not a lot of guidance about how this is done Evaluation Methodology Basics The Nuts and Bolts of Sound Evaluation provides a step by step guide for doing a real evaluation It focuses on the main kinds of big picture questions that evaluators usually need to answer and how the nature of such questions is linked to evaluation methodology choices Jane Davidson explains how to combine a mix of qualitative and quantitative data with relevant values such as needs to draw explicitly evaluative conclusions Many students and evaluators find it difficult to visualize what evaluation logic and methodology look like in practice To address this Davidson presents readers with useful rubrics and flowcharts that may be used during each stage of the evaluation Many of the concepts presented in the chapters are illustrated with specific examples from a range of disciplines Exercises and pop quiz questions help reinforce the key points covered in each chapter provide homework assignments for those teaching an evaluation course and allow learners to develop slices of an evaluation plan as they work their way through the text Evaluation Methodology Basics is an ideal text for students of evaluation and students in programs that have evaluation course requirements such as education health sociology psychology and many others throughout the social sciences It will also be essential reading for practitioners who find themselves thrown into evaluation roles without the benefit of specialized evaluation training

Effectiveness, Efficiency and Accountability in Philanthropy Bertelsmann Stiftung, 2010-07-30 This volume collects the insights of the Management Symposium on Effectiveness Efficiency and Accountability in Philanthropy What Lessons can be Learned from the Corporate World which was held in spring 2005 It both includes contributions by individual speakers as well as an edited summary essay of the argument made The contributions explore the role of foundations in society and their interaction with other sectors strategic marketing and planning entrepreneurial approaches controlling and quality management as well as evaluation and sustainability considerations This book offers thoughts and tools for high impact philanthropy and shows that management in philanthropy can indeed learn from the corporate world the lack of a bottom line notwithstanding However the corporate world can learn from philanthropy how to manage under conditions of uncertainty and nontransparent markets Whatever philanthropic institutions do they will be held accountable in public for effective contributions to the public good

Disrupting Program Evaluation and Mixed Methods Research for a More Just Society Jori N. Hall, Ayesha Boyce, Rodney Hopson, 2023-01-01

While women have influenced the fields of program evaluation and mixed methods research their contributions are rarely acknowledged In this edited volume we recognize the contributions Jennifer C Greene made to evaluation and mixed methods focusing on how she disrupted traditional ways methods are conceptualized and implemented We aim to provide a range of perspectives on how Greene disrupted social science theory methodology and training through her commitment to the values of democracy diversity and dialogue Accordingly the volume makes explicit how Greene democratized social science inquiry and training by emphasizing inclusive culturally responsive and educative theories methods and pedagogical practices Second it clarifies how her commitment to diversity supported scholars from diverse disciplinary backgrounds and cultures within and beyond the United States and validated often ignored perspectives on phenomena or experiences And third it showcases how her commitment to dialogue opened spaces for non traditional methodological approaches that engage communicate and disseminate program evaluation and mixed methods work Taken together the first hand accounts presented in this volume offer a historical perspective and practical guidance on program evaluation and mixed methods conceptualization implementation and training Endorsements

The theme of disruption in this book is a powerful look at the breadth and significance of Jennifer C Greene s distinguished contributions both theoretical and practical in evaluation for over 30 years In essence these chapters reveal the sustaining power of her scholarship and influence today and likely in years to come Her recognition that no single method can solve the complex problems faced in evaluation is revealed in the ontological epistemological and methodological work she developed on mixed methods which led to a genre of study that recast the debate about the hegemony of quantitative over qualitative methods and vice versa She has foregrounded values the quintessential character of evaluation by recognizing the multiplicity of perspectives that guide our theories roles questions designs and perceptions of quality Jennifer Greene s generativity is exemplified in her egalitarian dialogic stance inclusion of voices and context and commitment to equity The chapters reflect the impact of her work on scholars who continue to advance evaluation for a more just society Valerie J Caracelli U S Government Accountability Office

It is not possible to convey in a few words my strongest endorsement for this volume that begins scratching the surface of Jennifer C Greene s many contributions to evaluation theory methods and practice I have worked with and learned from her on many occasions over the years as I grappled with refining my understanding and practice of culturally responsive evaluation I commend the editors and authors for this first substantive collection providing a more in depth understanding

and appreciation of Jennifer Greene's body of work for some while providing others the opportunity to revisit the lessons we have learned from her work spirit and commitment to make a difference
