The New Encyclopaedia Britannica: Macropaedia (19 v.) , 1983 *Foundations of a Planned Economy* Edward

Hallett Carr,1970 **Jammu and Kashmir** Jyoti Bhusan Das Gupta,2012-12-06 This study is primarily meant for readers outside India and that explains the lengthy background which it provides Although literature on the issue is growing daily each work is written from a certain angle and that is quite understandable Every mind has a particular drawing bias the information supplied is therefore necessarily coloured by the views a writer holds There are to the author's mind two ways of approaching a subject One would attempt to fit the facts into the value system of the writer the other would try to draw values from the mass of materials under study In either case there is no escaping the subjective evaluation of the narrator and the present writer does not claim any immunity from the process Kashmir's present history has two aspects One of them is international and here the ups and downs in the fortunes of the two States are to be seen against the complexity of power relations in the multinational world body The other is the internal dynamics which have their own compelling logic An attempt has been made in this study to correlate the two into some sort of unity but it is not for the writer to evaluate its success

L'Europe centrale et orientale Roman Krakovsky,2017-07-05 La chute du mur de Berlin en 1989 suivie de l'intégration des pays d'Europe centrale et orientale dans l'Union européenne avait porté espoir pour la victoire de la démocratie sur le communisme Cette victoire est cependant remise en cause par la montée des nationalismes et d'un sentiment anti-européen Pour comprendre ce repli l'auteur se propose de placer l'expérience communiste dans cette région dans une perspective de longue durée et dans une réflexion sur la modernisation des sociétés européennes Son manuel croise l'histoire politique avec l'analyse des faits sociaux Enfin cette synthèse est axée sur une étude comparative montrant les similitudes et les spécificités des parcours nationaux dans un espace porteur d'histoire très différentes

Le populisme en Europe centrale et orientale Roman Krakovsky,2019-09-11 En 1989 la chute du communisme est saluée comme une victoire de la démocratie sur l'autoritarisme Trente ans plus tard c'est dans cette partie du continent qu'agissent les plus virulents mouvements du populisme européen Comment comprendre un tel paradoxe Une manière d'y répondre est de replonger dans l'histoire Cette perspective de longue durée est d'autant plus nécessaire que le populisme n'est pas un phénomène nouveau dans cette partie de l'Europe Au XIXe siècle les narodniki russes promettent de sortir la paysannerie de son arriération et de la doter d'un droit de cité Par la suite les mouvements agraires semblent apporter des réponses au sous-développement et la difficile construction dans cet espace de communautés politiques fortes et les régimes communistes mobilisent certaines stratégies populistes Aujourd'hui les démocraties illibérales remettent en question le mode d'organisation de nos sociétés issu des Lumières En redonnant leur épaisseur historique aux dérives populistes l'œuvre en Europe centrale et orientale en ce début de XXIe siècle Roman Krakovsky rappelle combien leur récente poussée peut servir d'avertissement pour le reste du continent Roman Krakovsky est historien maître de conférences à l'université de Genève Spécialiste de l'Europe centrale et orientale il a notamment publié *Reinventer le monde Le temps et l'espace en Tchécoslovaquie communiste* Publications de la Sorbonne 2014 et *L'Europe centrale et orientale de 1918 la chute du mur de Berlin* Armand Colin 2017
