Wolcott,2019-01-25 What is Christianity What does it mean to be a Christian How can we live out this faith in practical ways in our everyday lives Why should we believe or follow Christianity What makes Christianity true Through these 60 studies C A Wolcott answers these questions from various angles giving solid reasons why we can trust the Bible why Christianity is indeed the only true religion and how we can live out this life beyond religious church services **Foundations of the Christian Faith** Roger Weil,2007-03-01 For teaching to be successful it must be continuous and systematic This is the way children learn in school Their teachers prepare a syllabus of lessons which take the children step by step through the different subjects they must

study The teachers have to spend a lot of time preparing the lessons they will teach In this respect the school is more successful than the church Although there are obvious differences between the church and the school there are points of similarity too Both institutions exist to impart knowledge to their members and both want them to understand and benefit from what they hear and the information they are taught

A Bold New Foundation for Christianity Charles R. Bond, 2016-06-23 MODERN EVENTS CHALLENGE RELIGIOUS WORLD UNDERSTANDINGS Mr Bond as a scientist outside the religious establishment and not subject to its conforming pressures dares to address today's several internet collections of supernatural experiences His startling conclusion is that a transcendent God has been working in our world However he begins the book by addressing traditional Christians unfounded beliefs in many literal Bible understandings declared as timeless truths as derived from oral histories allegorical writing styles and beliefs in the Old Testament God The liberal church is observed as working to constructively de-mythologize many such traditional beliefs but only responding with various new understandings and beliefs in the God Jesus called his metaphorical father Two modern internet sites are shown as revealing a transcendent God making supernatural mind interventions in deathbed visions near death experiences and God originated personal directives By analyzing the many reported directive experiences Mr Bond believes such God initiated mind interventions are also found in several important New Testament stories Thus long regarded as mythological like many others these stories instead establish God was actually intervening in the life of Jesus and later many of his apostles in what can be called the beginning of Christianity The author's understandings thus provide a distinctive new foundation for the Christian religion that displace the few specific mythological beliefs now forming the foundation of traditional Christianity The author thus leads to belief in a supernatural God a Jesus even more firmly understood as inspired directly by God and a God still working with mind interventions in individual lives and deaths This Christianity thus is conceived with a distinctive new God centered foundation derived from analysis of real world experiences that should inspire modern minds in supporting Christianity

A CELESTIAL GOD IS RECOGNIZED AS WORKING IN OUR WORLD **God's Truth Revealed** Kathy Howard, 2010-03-01 Spiritual seekers are looking for more than life experiences that continually fail to satisfy This 12 session study presents the basic beliefs of Christianity in a way that is engaging personal thoroughly biblical and ultimately satisfying Through His Word God makes Himself known to those who seek Him With Scripture as its foundation God's Truth Revealed addresses common questions of spiritual seekers and new Christians like Who is God and Why am I here God's Truth Revealed is the ideal textbook for small groups or one to one discipleship as part of a church's Christian education programming
