Foundations Of Christianity A Study In Christian Origins:

Foundations of Christianity Karl Kautsky,1925 **Foundations of Christianity (Routledge Revivals)** Karl Kautsky,2014-01-09 First published in 1925 Karl Kautsky presents a Marxist history of Christianity and Christian society Divided into four key sections the book begins by considering the personality of Jesus as portrayed within Pagan and Christian sources and highlighting the Church s difficulty in presenting a unified and concurrent image of Jesus and interpretation of His words Next Kautsky analyses the structure of Roman society with particular emphasis on the slave holding system the Roman State and the historiography of the period In the third section an early history of the Jewish people is presented whilst the final section discusses the beginnings of Christianity and the social struggles present within early Christian society This is a fascinating reissue which will be of particular interest to students of Church History Christian theology and the various interpretations of Jesus Foundations of Christianity Karl Kautsky,1973 **Foundations of Christianity: a Study in Christian Origins. Authorized Translation from the Thirteenth German Edition** Karl Kautsky,1925 **The Cambridge Companion to the New Testament** Patrick Gray,2021-05-13 This Companion volume offers a concise and engaging introduction to the New Testament Including twenty two especially commissioned essays written by an international team of scholars it examines a range of topics related to the historical and religious contexts in which the contents of the Christian canon emerged Providing an overview of the critical approaches and methods currently applied to the study of biblical texts it also includes chapters on each of the writings in the New Testament The volume serves as an excellent resource for students who have some familiarity with the New Testament and who wish to gain a deeper understanding of the state of academic discussion and debate Readers will also gain a sense of the new research questions that are emerging from current scholarship The First World War and the Mobilization of Biblical Scholarship Andrew Mein,Nathan MacDonald,Matthew A. Collins,2019-02-07 This fascinating collection of essays charts for the first time the range of responses by scholars on both sides of the conflict to the outbreak of war in August 1914 The volume examines how biblical scholars like their compatriots from every walk of life responded to the great crisis they faced and with relatively few exceptions were keen to contribute to the war effort Some joined up as soldiers More commonly however biblical scholars and theologians put pen to paper as part of the torrent of patriotic publication that arose both in the United Kingdom and in Germany The contributors reveal that in many cases scholars were repeating or refining common arguments about the responsibility for the war In Germany and Britain where the Bible was still central to a Protestant national culture we also find numerous more specialized works where biblical scholars brought their own disciplinary expertise to bear on the matter of war in general and this war in particular The volume s contributors thus offer new insights into the place of both the Bible and biblical scholarship in early 20th century culture **The Social Setting of the Ministry as Reflected in the Writings of Hermas, Clement and Ignatius** Harry O. Maier,2006-01-01 Focussing on three first and early second century

documents the Shepherd of Hermas 1 Clement and the Ignatian epistles this work contributes to a growing body of literature concerned with the social setting of early Christianity Maier argues that the development of structures of leadership in the early Christian church is best accounted for by reference to the hospitality patronage and leadership of wealthy hosts who invited local Christian groups to meet in their homes Sociological models and types are employed to analyze the tensions that arose from excesses of patronage and leadership by the well to do Recognizing the socio economic setting of these conflicts corrects the interpretation of early Christian conflicts over the ministry as purely theological and doctrinal

The Hibbert Journal Lawrence Pearsall Jacks, George Dawes Hicks, George Stephens Spinks, Lancelot Austin Garrard, H. L. Short, 1926 A quarterly review of religion theology and philosophy [The Dark Side of Church/State Separation](#) Stephen Strehle, 2017-09-08 The Dark Side of Church State Separation analyzes the Enlightenment's attack upon the Judeo Christian tradition and its impact upon the development of secular regimes in France Germany and Russia Such regimes followed the anti Semitic anti Christian agenda of the French Enlightenment in blaming the Judeo Christian tradition for all the ills of European society and believing that human beings can develop their own set of values and purposes through rational means apart from any revelation from God or Scripture Stephen Strehle's analysis extends our understanding of church state relations and its history He confirms the spiritual roots of modern anti Semitism within the ideology of the Enlightenment and recognizes the intimate relationship between anti Semitism and anti Christianity Strehle questions the absolute doctrine of church state separation given its background in the bigotries of the philosophes He notes the nefarious motives of subsequent regimes which used the French doctrine to replace the religious community with the state and its secular ideology This detailed historical analysis of original sources and secondary literature is woven together with special appreciation for the philosophical and theological ideas that contributed to the emergence of political institutions Readers will gain an understanding of the most influential ideas shaping the modern world and present day culture

The American Mercury George Jean Nathan, Henry Louis Mencken, 1925 **Paul and Economics** Thomas R. Blanton IV, Raymond Pickett, 2017-06-15 The social context of Paul's mission and congregations has been the study of intense investigation for decades but only in recent years have questions of economic realities and the relationship between rich and poor come to the forefront In Paul and Economics leading scholars address a variety of topics in contemporary discussion including an overview of the Roman economy the economic profile of Paul and of his communities and stratification within them architectural considerations regarding where they met food and drink idol meat and the Lord's Supper material conditions of urban poverty patronage slavery travel gender and status the collection for Jerusalem and the role of Marxist theory and the question of political economy in Paul scholarship

Bridges in New Testament Interpretation Neil Elliott, Werner H. Kelber, 2018-04-30 The field of New Testament studies often appears splintered into widely different specializations and narrowly defined research projects Nevertheless some of the most important insights have come about

when curious men and women have defied disciplinary boundaries and drawn on other fields of knowledge in order to gain a more adequate view of history The essays in Bridges in New Testament Interpretation offer surveys of the current scholarly discussion in areas of New Testament and Christian origins where cross disciplinary fertilization has been decisive and describe the role that interdisciplinary bridges especially as led by Richard A Horsley have played Topics include the socioeconomic history of Roman Palestine the historical Jesus in political and media contexts communication media orality and social context in the study of Q the Gospels in the context of oral culture performance and social memory reading Paul's letters in the context of Roman imperial culture the narrativization of early Christianity in relation to the ancient media environment and the role of power in shaping our understanding of history as evident in people's history the historical agency of subordinate classes and the role of public and hidden transcripts in contexts shaped by power relations Essays also address the role of the interpreter as engaged with the social and political concerns of our time The sum is even greater than the parts presenting a powerful argument for the value of further exploration across interdisciplinary bridges

Rudolf Otto and the Foundation of the History of Religions Yoshitsugu Sawai,2022-02-10 This book provides an up to date treatment of Rudolf Otto and his work placing him in the context of comparative religion theology and the philosophy of religion Yoshitsugu Sawai shows how Otto has three faces the Lutheran Theologian the Philosopher of Religion and the Comparative Religionist The book also shows how of these Otto saw himself primarily as a Lutheran Theologian and provides an account of Otto's engagement with India and the centrality that Hindu theology had on his thinking In Otto's theory of religion his well known concepts including wholly other and numinous constitute a multiple structure of meaning For example his concept of the wholly other das ganz Andere no doubt has the meaning of God in his Christian theological studies At the same time however from the perspective of comparative religion or the phenomenology of religion this same term semantically implies the ultimate reality of other religious traditions Brahman and God Isvara in Hindu religious tradition as well as God in Christianity

Jesus in an Age of Terror James G. Crossley,2014-12-18 New Testament and Christian origins scholarship have historically been influenced by their political and social context Jesus in an Age of Terror applies the work of critical and

media theorists to contemporary Christian origins and New Testament scholarship Part one examines the influence of the mass media on the writing of contemporary biblical scholars whose political views as demonstrated in their biblio blogging are shown to have striking similarity to the media's depiction of the war on terror and conflict in the Middle East Part two argues that the Anglo American cultural misrepresentation of Islam as the great enemy has led New Testament and Christian origins scholarship to collude with intellectual defences of the war in Iraq Part three examines the influence of the media's approach to Palestine and Israel on biblical studies exploring the shift towards widespread support for Israel in contemporary scholarship

Der Ursprung Des Christentums. Foundations of Christianity. A Study in Christian Origins ... Authorized Translation from the Thirteenth German Edition Carl Johann KAUTSKY, 1925

Of Widows and Meals Reta Halteman Finger, 2007 Though community has become a common byword in the contemporary Western church the practice of communal sharing has effectively fallen by the wayside Unfortunately it is often the poor who are left wanting because we no longer come together Reta Halteman Finger finds a solution to this modern problem by learning from the ancient Mediterranean Christian culture of community In the earliest Jerusalem church in holding the responsibility for preparing and serving communal meals women were given a place of honor With the table fellowship and goods sharing of the early church Luke says there were no needy persons among them Acts 4:34 Finger thoroughly examines this agape meal tradition challenging traditional interpretations of the community of goods in the Jerusalem church and proving that the communal sharing lasted for hundreds of years longer than previously assumed *Of Widows and Meals* begins a discussion of need in community that can revolutionize the contemporary church's interaction with the world at large
