Frontiers Of The Roman Empire A Social And Economic Study

Dr. David Cherry

Frontiers Of The Roman Empire A Social And Economic Study:

Frontiers of the Roman Empire C. R. Whittaker, 1994 Whittaker begins by discussing the Romans ideological vision of geographic space demonstrating for example how an interest in precise boundaries of organized territories never included a desire to set limits on controls of unorganized space beyond these territories He then describes the role of frontiers in the expanding empire including an attempt to answer the question of why the frontiers stopped where they did He examines the economy and society of the frontiers Finally he discusses the pressure hostile outsiders placed on the frontiers and their eventual collapse

Frontiers of the Roman Empire Hugh Elton, 2013-04-15 With its succinct analysis of the overriding issues and detailed case studies based on the latest archaeological research this social and economic study of Roman Imperial frontiers is essential reading Too often the frontier has been represented as a simple linear boundary The reality argues Dr Elton was rather a fuzzy set of interlocking zones political military judicial and financial After discussion of frontier theory and types of frontier the author analyses the acquisition of an empire and the ways in which it was ruled He addresses the vexed question of how to define the edges of provinces and covers the relationship with allied kingdoms Regional variation and different rates of change are seen as significant as is illustrated by Civilis revolt on the Rhine in AD 69 He uses another case study Dura Europos to exemplify the role of the army on the frontier especially its relations with the population on both sides of the border The central importance of trade is highlighted by special consideration of Palmyra

Cemeteries and Society in Merovingian Gaul Guy Halsall, 2010 Bundeling van de zeven belangrijkste essays over de sociale interpretatie van de Merovingische begraafplaatsen archeologie

The Conqueror's Gift Michael Maas, 2025-02-25 An account of the central role that ethnography played in the Roman empire and its transformation in Late Antiquity Ethnography broadly understood is a key element in the toolkit of every empire as important as armies tax collectors or ambassadors It helps rulers articulate cultural differences with outsiders and sometimes bridge them and it lets the inhabitants of an empire especially those who guide its course understand themselves and their place in the midst of the enemies allies and friends who surround them Whenever provinces are drawn peace treaties and alliances framed diplomats sent on mission decisions taken to go to war or simply life lived in the midst of unfamiliar voices some kind of ethnographic vision must come into play This ethnographic infrastructure as ancient historian Michael Maas calls it supports the empire s view of itself regarding the nations of the world and it shapes and reflects actual interactions with them Ethnography is not simply a reflection of changes It also enables change by providing terms and concepts that give voice to the articulation of new circumstances In this book Maas argues that to understand how the Roman Empire transformed in the crucial period of Late Antiquity the empire s ethnographic underpinnings especially as they were affected by Christianity must be examined As Maas demonstrates Romans knew they lived in a world of great cultural diversity movement and instability They believed that their empire imposed order upon it Images of barbarians filled public spaces throughout the empire as reminders of

Roman control Writers likewise filled their pages with descriptions of foreigners in a wide variety of genres These ethnographies according to Maas served three general functions First they described foreign peoples placing them in established and accessible systems of knowledge Second they judged them on a register of distance from Roman norms with most like us the best possible evaluation Third ethnography indicated explicitly or implicitly what the possibilities of participation within the imperial community might be In other words the gift of ethnography possessed for the conquerors a mechanism of imperial transformation , *War and Society in Imperial Rome, 31 BC-AD 284* J. B. Campbell,2002 This well documented study of the Roman army provides a crucial aid to understanding the Roman Empire in economic social and political terms Employing numerous examples Brian Campbell explores the development of the Roman army and the expansion of the Roman Empire from 31 BC 280 AD When Augustus established a permanent professional army this implied a role for the Emperor as a military leader Warfare and Society in Imperial Rome examines this personal association between army and emperor and argues that the Emperor s position as commander remained much the same for the next 200 years

Local Economies? ,2016-04-26 The Roman economy was operated significantly above subsistence level with production being stimulated by both taxation and trade Some regions became wealthy on the basis of exporting low value agricultural products across the Mediterranean In contrast it has usually been assumed that the high costs of land transport kept inland regions relatively poor This volume challenges these assumptions by presenting new research on production and exchange within inland regions The papers supported by detailed bibliographic essays range from Britain to Jordan They reveal robust agricultural economies in many interior regions Here some wealth did come from high value products which could defy transport costs However ceramics also indicate local exchange systems capable of generating wealth without being integrated into inter regional trading networks The role of the State in generating production and exchange is visible but often co existed with local market systems Contributors are Alyssa A Bandow Fanny Bessard Michel Bonifay Kim Bowes Stefano Costa Jeremy Evans Elizabeth Fentress Piroska H rshegyi Adam Izdebski Luke Lavan Tamara Lewit Phil Mills Katalin Ottom nyi Peter Sarris Emanuele Vaccaro Agn s Vokaer Mark Whittow and Andrea Zerbinì **Plagues, Priests, and Demons** Daniel T. Reff,2004-12-06 Drawing on anthropology religious studies history and literary theory Plagues Priests and Demons explores significant parallels in the rise of Christianity in the late Roman empire and colonial Mexico Evidence shows that new forms of infectious disease devastated the late Roman empire and Indian America respectively contributing to pagan and Indian interest in Christianity Christian clerics and monks in early medieval Europe and later Jesuit missionaries in colonial Mexico introduced new beliefs and practices as well as accommodated indigenous religions especially through the cult of the saints The book is simultaneously a comparative study of early Christian and later Spanish missionary texts Similarities in the two literatures are attributed to similar cultural historical forces that governed the rise of Christianity in Europe and the Americas **The Edges of the Roman World** Staša Babić,Marko Jankovic,2014-06-12 The

Edges of the Roman World is a volume consisting of seventeen papers dealing with different approaches to cultural changes that occurred in the context of Roman imperial politics. Papers are mainly focused on societies on the fringes both social and geographical and their response to Roman Imperialism. This volume is not a textbook but rather a collection of different approaches which address the same problem of Roman Imperialism in local contexts. The volume is greatly inspired by the first Imperialism and Identities at the Edges of the Roman World conference held at the Petnica Science Center in 2012.

Rituals of Power Frans Theuvs, Janet Nelson, 2021-10-01. 13 papers by 16 leading archaeologists and historians of late antiquity and the early middle ages break new ground in their discussion, analysis and criticism of present interpretations of early medieval rituals and their material correlates. Some deal with rituals relating to death, life cycles and the circulation in other contexts of objects otherwise used in the burial ritual. Others are concerned with the symbolism and ideology of royal power, the formation of a political ideology east of the Rhine from the mid 5th century onwards and penance rituals in relation to Carolingian episcopal discourse on ecclesiastical power and morale. All deal with the creation of new identities, cultures, norms and values and their expression in new rituals and ideas from the period of the Great Migrations through the Later Roman Empire down to the society of Beowulf and the later Carolingians.

The Visigoths Ferreira, 2021-09-20. The study of the Visigoths continues to be one of the most actively researched topics in Late Antique Studies. As might be expected, the vast majority of the work has been carried out in Europe and especially by scholars from the Iberian Peninsula. There has always been a need, however, to make much of this research accessible to English language specialists and the wider academic community in Late Antiquity Studies. Too often Late Antiquity Studies tend to ignore or marginalize the Iberian Peninsula and this may be due in part to the lack of access to this scholarship in the English language. This volume of essays has as one of its goals to ameliorate such a deficiency. The scholars who participated in this volume are both from Europe and North America. They also represent scholars who are well known and those who are establishing distinguished scholarly reputations. Although thematically the essays do not exhaust the broad nature of Visigothic studies, they do nevertheless offer an impressive array of topics. Coverage includes research on Visigothic identity in Gaul, regional studies on Galicia and Lusitania, anti-Semitism in Visigothic law, the political grammar of Ildephonsus of Toledo, monasticism and liturgy, numismatics, Roman Visigothic pottery in Baetica, urban and rural archaeology and Gothic consciousness among Mozarab communities.

Romans, Barbarians, and the Transformation of the Roman World Ralph W. Mathisen, Danuta Shanzer, 2016-04-08. One of the most significant transformations of the Roman world in Late Antiquity was the integration of barbarian peoples into the social, cultural, religious and political milieu of the Mediterranean world. The nature of these transformations was considered at the sixth biennial Shifting Frontiers in Late Antiquity Conference at the University of Illinois at Urbana-Champaign in March of 2005 and this volume presents an updated selection of the papers given on that occasion, complemented with a few others. These 25 studies do much to break down old stereotypes about the cultural and

social segregation of Roman and barbarian populations and demonstrate that contrary to the past orthodoxy Romans and barbarians interacted in a multitude of ways and it was not just barbarians who experienced ethnogenesis or cultural assimilation. The same Romans who disparaged barbarian behavior also adopted aspects of it in their everyday lives providing graphic examples of the ambiguity and negotiation that characterized the integration of Romans and barbarians a process that altered the concepts of identity of both populations. The resultant late antique polyethnic cultural world with cultural frontiers between Romans and barbarians that became increasingly permeable in both directions does much to help explain how the barbarian settlement of the west was accomplished with much less disruption than there might have been and how barbarian populations were integrated seamlessly into the old Roman world.

Makers of Ancient Strategy Victor Davis Hanson, 2012-09-16 Timeless lessons from the military strategies of the ancient Greeks and Romans In this prequel to the now classic *Makers of Modern Strategy* Victor Davis Hanson a leading scholar of ancient military history gathers prominent thinkers to explore key facets of warfare strategy and foreign policy in the Greco Roman world From the Persian Wars to the final defense of the Roman Empire *Makers of Ancient Strategy* demonstrates that the military thinking and policies of the ancient Greeks and Romans remain surprisingly relevant for understanding conflict in the modern world The book reveals that much of the organized violence witnessed today such as counterterrorism urban fighting insurgencies preemptive war and ethnic cleansing has ample precedent in the classical era The book examines the preemption and unilateralism used to instill democracy during Epaminondas's great invasion of the Peloponnese in 369 BC as well as the counterinsurgency and terrorism that characterized Rome's battles with insurgents such as Spartacus Mithridates and the Cilician pirates The collection looks at the urban warfare that became increasingly common as more battles were fought within city walls and follows the careful tactical strategies of statesmen as diverse as Pericles Demosthenes Alexander Pyrrhus Caesar and Augustus *Makers of Ancient Strategy* shows how Greco Roman history sheds light on wars of every age In addition to the editor the contributors are David L Berkey Adrian Goldsworthy Peter J Heather Tom Holland Donald Kagan John W I Lee Susan Mattern Barry Strauss and Ian Worthington

The Representation and Perception of Roman Imperial Power Paul Erdkamp, O. Hekster, G. de Kleijn, Stephan T.A.M. Mols, Lukas de Blois, 2019-05-28 From the days of the emperor Augustus 27 B C A D 14 the emperor and his court had a quintessential position within the Roman Empire It is therefore clear that when the Impact of the Roman Empire is analysed the impact of the emperor and those surrounding him is a central issue The study of the representation and perception of Roman imperial power is a multifaceted area of research which greatly helps our understanding of Roman society In its successive parts this volume focuses on 1 The representation and perception of Roman imperial power through particular media literary texts inscriptions coins monuments ornaments and insignia but also nicknames and death bed scenes 2 The representation and perception of Roman imperial power in the city of Rome and the various provinces 3 The representation of power by individual emperors

Shape Shifters Lily Anne Y. Welty Tamai, Ingrid

Dineen-Wimberly, Paul Spickard, 2020-01-01 *Shape Shifters* presents a wide ranging array of essays that examine peoples of mixed racial identity Moving beyond the static either/or categories of racial identification found within typical insular conversations about mixed race peoples *Shape Shifters* explores these mixed race identities as fluid ambiguous contingent multiple and malleable This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts The essays in *Shape Shifters* explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters the Native peoples of the missions of Spanish California and racial shape shifting among African Americans in the post civil rights era At different times in their lives or over generations in their families racial shape shifters have moved from one social context to another And as new social contexts were imposed on them identities have even changed from one group to another This is not racial ethnic or religious imposture It is simply the way that people's lives unfold in fluid sociohistorical circumstances With contributions by Ryan Abrecht George J Sanchez Laura Moore and Margaret Hunter among others *Shape Shifters* explores the forces of migration borderlands trade warfare occupation colonial imposition and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space

Frontier and Society in Roman North Africa Dr. David Cherry, 1998 Analysing the cultural social and economic consequences of the Roman occupation of North Africa c 50 BC AD 250 this book offers a fresh look at the development and purpose of the north African frontier system

Late Antiquity Glen Warren Bowersock, 1999 In 11 in depth essays and over 500 encyclopedia entries an international cast of experts provides essential information and fresh perspectives on the history and culture of an era marked by the rise of two world religions and political upheavals

Great Walls & Linear Barriers Peter Spring, 2015-02-28 Everyone has heard of the Great Wall of China and knows of Hadrian's Wall and the other barriers lining stretches of Rome's imperial frontiers But Peter Spring's original new study demonstrates that far from being exceptional the building of walls and other linear defences was commonplace among the peoples and states of pre modern era He finds examples virtually all across the globe and analyses their forms and strategic functions He finds patterns for their distribution an important recurrent theme being the divide between settled agriculture and nomads The author argues that it is mistaken to view such undertakings as necessarily purely defensive measures that might be evidence of insecurity or a maginot line mentality as they were in fact often about aggressive assertion of control over a region or strategic routes This original and thought provoking study brings new light and insight to a fascinating and neglected aspect of human political and military history It The clear text is supported by numerous specially drawn maps and photographs

The Economics of the Frontier Ronald Findlay, Mats Lundahl, 2016-11-16 This book deals with the economics of establishing a frontier by conquest or by peaceful settlement the costs involved and the optimum extension of the territory The opening chapters discuss the most relevant literature about frontiers conceptual theoretical and empirical and introduce the

fundamental theoretical model for extending frontiers which is drawn on throughout the book The authors use this theoretical apparatus by applying it to a number of historical cases These include the division of the European territory between the Byzantine Empire Islam and Western Europe the creation and expansion of the Mongol Empire the impact of the Black Death the European discovery of the New World the staples trade from 1870 1914 and the rise and fall of banditry in Brazil The Economics of the Frontier brings together a collection of essays which explore how economically optimal frontiers were founded from sixth century Europe through to twentieth century Brazil

International Law and the Reconceptualization of Territorial Boundaries Joshua Castellino, 2024-10-28 This book critically analyzes the state based regime of international law eliciting its colonial and decolonial origins and proposing a new sub regional basis for dealing with contemporary global challenges Since 1648 public international law has taken many steps to maintain peace and establish a just order The State is deemed central to each of these efforts Yet modern challenges such as environmental mitigation mass migration and the need to stimulate economic growth overwhelm the State Could a regional approach to these questions achieved in conjunction with strong sub national local governance establish a more effective framework for systemic change Drawing on a history of colonization and decolonization while scrutinizing decisions made about the imposition of the State on the basis of colonial boundaries this multidisciplinary work analyses why current challenges are unlikely to be adequately addressed through existing governance structures In response it advocates for a sub regional transnational approach drawing on analyses of pre colonial shared histories and contemporary population ethnographies unfettered by hegemonic boundary drawing The book argues that collaboration across such frontiers in the face of climate and other challenges may offer more feasible approaches to the pursuit of peace than the unquestioned maintenance of state based structures of inherited privilege This book will appeal to scholars and others with interests in international law international relations and international politics as well as in the history and politics of colonialism

Whispering the Techniques of Language: An Psychological Journey through **Frontiers Of The Roman Empire A Social And Economic Study**

In a digitally-driven earth wherever screens reign great and immediate connection drowns out the subtleties of language, the profound strategies and mental subtleties hidden within words usually go unheard. Frontiers Of The Roman Empire A Social And Economic Study Introduction

In the digital age, access to information has become easier than ever before. The ability to download Frontiers Of The Roman Empire A Social And Economic Study has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Frontiers Of The Roman Empire A Social And Economic Study has opened up a world of possibilities. Downloading Frontiers Of The Roman Empire A Social And Economic Study provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Frontiers Of The Roman Empire A Social And Economic Study has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Frontiers Of The Roman Empire A Social And Economic Study. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Frontiers Of The Roman Empire A Social And Economic Study. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the

efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Frontiers Of The Roman Empire A Social And Economic Study, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Frontiers Of The Roman Empire A Social And Economic Study has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Frontiers Of The Roman Empire A Social And Economic Study Books

1. Where can I buy Frontiers Of The Roman Empire A Social And Economic Study books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
