The book shows how boundaries between Jewish and non Jewish are not a priori given but are instead repeatedly experienced in a variety of situations and then acted upon as matters of facts In different ways and on different scales these studies show how people s experiences of Jewishness perpetually probe test and shape the boundaries between what is Jewish and non Jewish and that these boundaries shape the spatiotemporal linkages that we call history **Learning from the Stranger** David Smith, 2009-06-09 Cultural differences increasingly impact our everyday lives Virtually none of us today interact exclusively with people who look talk and behave like we do David Smith here offers an excellent guide to living and learning in our culturally interconnected world Learning from the Stranger clearly explains what culture is discusses how cultural difference affects our perceptions and behavior and explores how Jesus call to love our neighbor involves learning from cultural strangers Built around three chapter length readings of extended biblical passages from Genesis Luke and Acts the book skillfully weaves together theological and practical concerns and Smith's engaging readable text is peppered with stories from his own extensive firsthand experience Many thoughtful readers will resonate with this insightful book as it encourages the virtues of humility and hospitality in our personal interactions and shows how learning from strangers not just imparting our own ideas to them is an integral part of Christian discipleship Political Geology Adam Bobbette, Amy Donovan, 2018-11-03 This book explores the emerging field
