Leslie Irvine

Fugitive Information Essays From A Feminist Hothead:

Fugitive Information Kay Leigh Hagan, 1993 Wise reflections on contemporary sexual politics from a witty feminist hothead Publisher's description *Feminism and Men* Steven Schacht, Doris Ewing, 1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than a cooperative effort to improve the quality of life for everyone Contributors to FEMINISM AND MEN argue that the feminist movement should no longer view with suspicion those men who have proved themselves sympathetic to issues of gender equity Feminism and Families Hilde Lindemann Nelson, 2016-02-04 A ground breaking volume of all new essays covering the conjunction of two topics feminism and families that for all their centrality in our culture have not been adequately examined in light of one another While the family has suffered feminist neglect most women are in fact members of families living their lives within the social context of families even at a time when the concept of family has become bewilderingly unstable The intersection of families and feminism is thus one in need of philosophical reflection as a basis both for good public policy and for the ethical relationships of intimate life Confessions of a Berlitz-Tape Chicana Demetria Martínez, 2017-06-20 We're everywhere and it's time to come out of the closet I speak of the tongue tied generation buyers of books with titles like Master Spanish in Ten Minutes a Day while You Nap We grew up listening to the language usually in the kitchens of extended family but we answered back mostly in English Demetria Martínez wields her trademark blend of humor and irony to give voice to her own tongue tied generation in this notable series of essays revealing her deeply personal views of the world Martínez breaks down the barriers between prayer and action between the border denizen and the citizen of the world and between patriarchal religion and the Divine Mother She explores her identity as a woman who has within her the blood of the conquered and the conqueror and who must daily contend with yet a third world white America **Codependent Forevermore** Leslie Irvine, 1999-10 She shows how Alex Paul Liz and many others create a sense of self by combining elements of autobiography culture and social structure all within the adopted language of psycho spirituality BOOK JACKET Queering Marriage Katrina Kimport, 2013-11-21 Over four thousand gay and lesbian couples married in the city of San Francisco in 2004 The first large scale occurrence of legal same sex marriage these unions galvanized a movement and reignited the debate about whether same sex marriage as some hope challenges heterosexual privilege or as others fear preserves that privilege by assimilating queer couples In Queering Marriage Katrina Kimport uses in depth interviews with participants in the San Francisco weddings to argue that same sex marriage cannot be understood as simply entrenching or contesting heterosexual privilege Instead she contends these new legally sanctioned relationships can both reinforce as well as disrupt the association of marriage and heterosexuality During her deeply personal conversations with same sex spouses Kimport learned that the majority of respondents did characterize their marriages as an opportunity to contest heterosexual privilege Yet in a seeming contradiction nearly as many also cited their desire for access to the normative benefits of

matrimony including social recognition and legal rights Kimport s research revealed that the pattern of ascribing meaning to marriage varied by parenthood status and in turn by gender Lesbian parents were more likely to embrace normative meanings for their unions those who are not parents were more likely to define their relationships as attempts to contest dominant understandings of marriage By posing the question can queers queer marriage Kimport provides a nuanced accessible and theoretically grounded framework for understanding the powerful effect of heterosexual expectations on both sexual and social categories

A Disease of One's Own John Steadman Rice,2017-11-30 In the present decade co dependency has sprung up on the landscape of American popular culture Portrayed as an addiction like disease responsible for a wide range of personal and social problems co dependency spawned a veritable social movement nationwide A Disease of One s Own examines the phenomenon of co dependency from a sociological perspective viewing it not as something a person has but as something a person believes not as a psychological disease but as a belief system that offers its adherents a particular way of talking about the self and social relationships The central question addressed by the book is Why did co dependency one among a plethora of already existing discourses on self help meet with such widespread public appeal Grounded in theories of cultural and social change John Steadman Rice argues that this question can only be adequately addressed by examining the social cultural and historical context in which co dependency was created and found a receptive public the content of the ideas it espoused and the practical uses to which co dependency s adherents could apply those ideas in their everyday lives In terms of the larger American context his analysis links the emergence of co dependency with the permeation of psychological concepts and explanations throughout Western culture over the past thirty years focusing particularly on the cultural and social impact of the popular acceptance of what the author calls liberation psychotherapy Liberation psychotherapy portrays the relationship between self and society as one of intrinsic antagonism and argues that psychological health is inversely related to the self s accommodation to social expectations Rice argues that a principal source of co dependency s appeal is that it affirms core premises of liberation psychotherapy thereby espousing an increasingly conventional and familiar wisdom It simultaneously fuses those premises with addiction related discourse providing people with a means of making sense of the problems of relationship and identity that have accompanied what Rice terms the psychologization of American life This brilliant analysis of the phenomenon of co dependency will be of interest to psychologists sociologists psychotherapists and those interested in American popular culture

Gossips, Gorgons and Crones Jane Caputi,1993-10 Gossips Gorgons Crones is the first comprehensive analysis of nuclear age culture and the accompanying return of female Powers Based in feminist pre patriarchal and Native American philosophies this book provides a biting critique of patriarchal practices myths and values including family values

Voices Made Flesh Lynn C. Miller,Jacqueline Taylor,M. Heather Carver,2003 Voices Made Flesh includes scripts and essays about performances of the lives of women such as Gertrude Stein Georgia O Keeffe and Anus Nin which consider issues that arise when a woman

represents another woman's life. In the second section seven performers tell their own stories engaging issues of sexual orientation, ethnicity, race, loss of parent, disability, life and death. *Voices* highlights issues of representation, identity and staging in autobiographical performance. It examines the links between theory and criticism of women's autobiography, feminist performance theory and performance practice.

Everyday Inequalities Jodi O'Brien, Judith Howard, 1998-10-15
Thirteen newly published articles on case studies performed by sociologists demonstrating the everyday interactions that reinforce dominance and resistance in modern society.

The Oxford Handbook of Feminist Counseling Psychology Carolyn Zerbe Enns, Elizabeth Nutt Williams, 2013
This handbook summarizes the progress, current status and future directions relevant to feminist multicultural perspectives in counseling psychology. It emphasizes enduring topics within counseling psychology such as human growth and development, ethics, ecological frameworks and counseling theory and practice. Intersectionality, social justice and the diverse social identities of women and girls are featured prominently.

Writing the Revolution Michele Landsberg, 2011-10-18
A collection of journalist Michele Landsberg's Toronto Star columns where she was a regular columnist for more than twenty-five years between 1978 and 2005. Michele has chosen her favorite and most relevant columns, using them as a lens to reflect on the second wave of feminism and the issues facing women then and now. An icon of the feminist movement and a hero to many through her writing and activism, Michele played an important role in fighting for the rights of women, children and the disenfranchised. Her insights are as powerful for the generation of women who experienced the second wave as for the rising tide of young feminists taking action today.

Feminist Bookstore News, 1993 *Journal of Women's History*, 1994 *Feminist Periodicals*, 1998

Contemporary Feminist Theory Mary Frances Rogers, 1998
This combination text and reader provides an introduction to contemporary feminist theory oriented toward undergraduates as well as master's level students. Its organization around substantive topics and issues rather than conventional categories of feminist thinking effectively conveys the breadth and depth of feminist theorizing, demonstrating the intersections and eclecticism that have become its hallmark. It offers a strong multicultural dimension integrating diversity, race, ethnicity, class and sexual orientation within the discussion of substantive topics. As a supplement or as a main text, it will prove highly useful in courses in feminist theory and women's studies as well as in gender studies, sociology of women and contemporary social sociological theory.

Challenging Codependency Marguerite Babcock, M. Christine McKay, 1995
In the field of addiction research and counselling, there has been an increasing investment in the theory of codependency, a theory that holds women partly responsible for perpetuating the alcoholism and addiction of their male partners. This is the first anthology of feminist essays that presents a cogent critique of this theory. The unifying feature of the eighteen essays collected here is the revelation that solid evidence contradicts rather than supports the theory of codependency. Its assumptions are found to be unsubstantiated in theory and practice. The contributors to the volume explore the history of codependency theory and look at reasons for its growing popularity in medical model politics. A central theme

emerges that codependency theory is essentially misogynist in nature the result of a male backlash against feminism The collection leaves no doubt that this backlash is effective These essays reveal the many ways that codependency therapy promotes advice and counselling that is damaging and ultimately fails women seeking help for their distress This anthology aimed at professionals as well as readers at large reveals a remarkable body of literature questioning the validity of popular addictions philosophy about women and the quality of the scholarship that supports those theories

Women's Studies Index, 1998 G. K. Hall and Co. Staff,GK Hall,1999 **New Books on Women and Feminism** ,1993 **Fugitive Information** Kay Leigh Hagan,1989

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **Fugitive Information Essays From A Feminist Hothead** .
