*A Profile of the Farm Machinery Industry* Dawn M. Drake, 2021-04-15 This book examines farm machinery in the context of its history corporations outside market forces regulations and challenges and opportunities The farm machinery industry is a complex sector of the global manufacturing economy that encompasses many companies including those who that produce tractors combines planting equipment tillage equipment and irrigation systems While the global industry is dominated by three full line manufacturers Deere and Company Case New Holland and the Allis Gleaner Corporation there are thousands of other companies including many short line manufacturers that also dictate the nature of the industry In recent years equipment built by competitors from Asia have become more common in the farmstead landscape capturing some of the market share U S manufacturers once dominated This book examines farm machinery in the context of its history corporations outside market forces regulations and challenges and opportunities The farm machinery industry while contributing a small percentage to gross world product is vitally important to another key sector of the economy agriculture In advanced economies where the percentage of the labor force engaged in agriculture has been on the decline since World War II high horsepower tractors and efficient harvesting systems are necessary to cultivate more acres with fewer workers to feed an ever growing world population Threats to profits in agriculture such as natural disasters climate change and trade wars increasingly challenge the profits and the viability of the farm machinery industry

**The Harvest Story** Robert T. Rhode, 2001 The Harvest Story depicts the life of

rural American threshermen This collection of first person narratives chronicles the eyewitness accounts of people who threshed grain with steam engines The book selects anecdotes from over 50 volumes of material published in The Iron Men Album Magazine from 1946 until 2001 and arranges them in a coherent recitation The result is a story of hard honest work of heartfelt cooperation and of triumph not unmarred by tragedy Readers hear the recollections of those who pitched the bundles of grain onto the horse drawn wagons unloaded these bundles into the threshing machine and saw the stream of clean wheat cascade from the grain auger Readers encounter the wit and humor that characterized yesteryear s harvests They learn about the vast industries that supported the agricultural enterprise and they discover the dangers posed by mechanical equipment The Harvest Story concludes by examining the birth and development of a movement to rescue the agrarian past from oblivion This book captures authentic voices from the era of steam powered threshing and offers readable interpretation and explanation including detailed appendices

**Bound in Twine** Sterling D. Evans,2013-01-14 Before the

invention of the combine the binder was an essential harvesting implement that cut grain and bound the stalks in bundles tied with twine that could then be hand gathered into shocks for threshing Hundreds of thousands of farmers across the United States and Canada relied on binders and the twine required for the machine s operation Implement manufacturers discovered that the best binder twine was made from henequen and sisal spiny fibrous plants native to the Yucat n Peninsula of Mexico The double dependency that subsequently developed between Mexico and the Great Plains of the United States and Canada affected the agriculture ecology and economy of all three nations in ways that have historically been little understood These interlocking dependencies identified by author Sterling Evans as the henequen wheat complex initiated or furthered major ecological social and political changes in each of these agricultural regions Drawing on extensive archival work as well as the existing secondary literature Evans has woven an intricate story that will change our understanding of the complex transnational history of the North American continent *Agricultural Engineering* ,1992 *Proud Heritage of*
