## **Fullness Of Humanity Christs Humanness And Ours:**

**Fullness of Humanity** T. E. Pollard, 1982      **A Kryptic Model of the Incarnation** Andrew Ter Ern Loke, 2016-03-03

The Incarnation traditionally understood as the metaphysical union between true divinity and true humanity in the one person of Jesus Christ is one of the central doctrines for Christians over the centuries Nevertheless many scholars have objected that the Scriptural account of the Incarnation is incoherent Being divine seems to entail being omniscient omnipotent and omnipresent but the New Testament portrays Jesus as having human properties such as being apparently limited in knowledge power and presence It seems logically impossible that any single individual could possess such mutually exclusive sets of properties and this leads to scepticism concerning the occurrence of the Incarnation in history A Kryptic Model of the Incarnation aims to provide a critical reflection of various attempts to answer these challenges and to offer a compelling response integrating aspects from analytic philosophy of religion systematic theology and historical critical studies Loke develops a new Kryptic model of the Incarnation drawing from the Greek word Kryptis meaning hiding and proposing that in a certain sense Christ's supernatural properties were concealed during the Incarnation      *The Faithfulness of Jesus the Messiah* Walter D. Zorn, 2020-10-26 Strange how one little word the Greek word pistis can make a profound difference in understanding the Bible Pistis is usually translated faith but in different contexts of the New Testament the word can have several other meanings such as faithfulness trustworthiness solemn promise or oath proof or pledge conviction and doctrine of the Christian faith This book will challenge the reader's understanding of Paul's expression pistis Christou faith faithfulness of Christ and the use of the pistis word group verb noun and adjective throughout the New Testament Given the Old Testament background to this word one will learn how the apostle Paul utilized an obscure phrase from the prophet Habakkuk to refer to a coming Messiah who in turn lived in faithfulness to the Father's will to die on a cross for the sins of the world This book will reveal how the gospel is emphasized throughout the New Testament in terms of the faithfulness of Jesus the Messiah New and fresh interpretations of various texts will challenge the traditional understandings of such texts When a person comprehends pistis as God's faithfulness and the Messiah's faithfulness the only human response is pistis itself meaning faithfulness as described in Hebrews 11 God is faithful and Jesus is faithful Will he find us faithful      *Tempted for Us* John E. McKinley, 2009-07-01 This is an approach to Christ's impeccability and temptation through exploring and evaluating the theological models that have been developed from the early church to the present day Drawing from tradition and the relevant biblical evidence John McKinley argues that Jesus was truly tempted in ways that are closely relevant to the temptations common to us Having been tempted for us in this way Jesus can provide true help as the credible example to follow and truly sympathetic ally in the fight against sin Key to understanding how Jesus remained unable to sin and sharply vulnerable to temptation is the role of the Holy Spirit      **Jesus: Fallen?** Emmanuel Hatzidakis, 2013-11-01 Was Jesus Christ a fallen human being like us Was His human nature corrupt and sinful inherently and

necessarily subject to suffering and death Did He inherit a fallen humanity If His humanity was fallen how was He sinless Did He have human ignorance In what way was His human will involved in the plan of salvation What effect did the hypostatic union have on His humanity In Jesus Fallen Emmanuel Hatzidakis a Greek Orthodox priest addresses these and other controversial questions pertaining to the human nature of Christ which are debated in many Christian denominations and in his own Church The theology advanced in the book is the traditional theology of the historic Church In all the modern confusio of multiple Christs here we have the perennial image of the incarnate God the Theanthropos Christ The book should appeal to every serious Christian and student of theology history of dogma and Church History who is comfortable neither with liberalism nor fundamentalism but who is searching for the authentically true teachings of Christianity Hatzidakis draws richly from the patristic inheritance of East and West in an original refreshing and accessible way He refutes opinions formed by many eminent postlapsarian theologians This pivotal study is the first to address this topic from an Eastern Orthodox perspective and in this regard it constitutes an important contribution to Christology A well researched study it sheds light from an Eastern Orthodox perspective on this intriguing and crucial topic It maintains that the subject of Christ s humanity and its understanding is neither a theologoumenon nor an abstract intellectual cogitation but a matter of profound soteriological and anthropological import

*Rediscovering the Human* Andrea M. Ng'weshemi, 2002 By assuming that the data for understanding the human being and human nature is given and therefore remains the same at all times and in all places Christian theological anthropology has barely quenched the quests for meaning and fulfillment that have constantly emerged in every age Modern western theologians such as Barth and Rahner have sought to tie theological anthropology with Christology with the conviction that Jesus Christ is paradigmatic of what humanity should be

From Tomb to Text Christina Petterson, 2016-12-01 The idea of writing plays a central role in John Apart from the many references to scriptural texts John emphasizes the role of writing in the inscription on the cross and in its own production Petterson s *From Tomb to Text* examines what this means for the understanding of the Johannine Jesus in two interrelated ways First Petterson takes these claims to revelation through writing seriously noting the immense effort expended by biblical scholars in order to dismiss them and to produce a canonically palatable John With few exceptions Johannine studies have consistently attempted to domesticate or tame John s book through reference to and in harmony with an externalized historical reality or with a synoptic pattern Second the study suggests alternative ways of understanding John once this synoptic compulsion has been dissolved Petterson argues that John s Jesus is unacceptable to the project for the recovery of Early Christianity as imagined in Johannine research over the last 70 years or so Instead she shows how John produces itself as the vehicle of Jesus revelation in place of a body This takes place through its use of writing its characteristic use of verbs and syntax and its mode of revelation The book thus situates John in a context that does not begin with and thus attempts to be unconstrained by fixed categories of Christ gnosticism Eucharist body and flesh and shows how such readings curtail the fullness of the text in

favour of a more familiar earthly Jesus Petterson concludes by outlining ways in which John can be read if these containment strategies are disregarded

**Krsna and Christ** Steven Tsoukalas, 2011-09-01 This work compares the Krsnavatara Krsna in his avatara doctrines of Sankara and Ramanuja and the incarnation of Christ as represented by classical Christian orthodoxy and draws out comparative theological and soteriological implications It does so first by examining the epistemologies theologies and world views of Sankara and Ramanuja and the theology and world view of classical Christian orthodoxy so that second an adequate foundation and subsequent thorough representation of avatara and incarnation might be accomplished in order that third accurate comparisons may be drawn between avatara and incarnation The result of this study is a demonstration that many of the popularly held similarities between avatara and incarnation are superficial and that therefore careful consideration of epistemologies and ontologies should be undertaken when comparing theologies and soteriologies pertinent to avatara and incarnation

**The Priority of John** John A. T. Robinson, 2011-03-01 It has been the fate of many books on John to be left unfinished for its interpretation naturally forms the crowning of a lifetime I have myself been intending to write a book on the Fourth Gospel since the fifties before I broke off reluctantly to be Bishop of Woolwich though I am grateful now that I did not produce it prematurely at that time It means however that I shall be compelled to refer to and often recapitulate material directly or indirectly related to the Johannine literature which I have written over the years some of it indeed while I was bishop Many scholars in fact if not most now think that the author of the Gospel himself never lived to finish it and have seen the work as the product of numerous hands and redactors As will become clear I prefer to believe that the ancient testimony of the church is correct that John wrote it while still in the body and that its roughnesses self corrections and failures of connection real or imagined are the result of its not having been smoothly or finally edited If so I am in good company At any rate who could wish for a better last testimony from his friends than that his witness is true John 21 24 In other words he got it right historically and theologically from the Introduction At the time of his death in December 1983 John Robinson had completed the text of the book on which his 1984 Bampton lectures were to be based so that it is possible to see the full details of his extremely controversial argument that the Gospel of John was the first Gospel to be written Dr Robinson himself once described the dawning of his conviction that this was the case as a Damascus Road experience and his presentation of the evidence is made with all the customary vigor with which he would argue for something in which he deeply believed The objections which need to be overcome to stand on its head what has long been one of the fundamental assumptions of New Testament scholarship are substantial but here once again Dr Robinson shows that so much of what is taken as established fact in that area is no more than preference and presumption Certainly he will provoke rethinking on a whole series of topics from the chronology of Jesus ministry to the nature of his teaching As The Listener said of the equally controversial Redating the New Testament The greatest pleasure Dr Robinson gives is purely intellectual His book is a prodigious virtuoso exercise in inductive reasoning and an object lesson in the nature of historical

argument and historical knowledge This sequel equals if not excels its predecessor in those respects and is a fitting tribute to a brilliant New Testament scholar The manuscript was prepared for publication by Dr Chip Coakley Dr Robinson's pupil now Lecturer in Religious Studies in the University of Lancaster

**The Theology of William Porcher DuBose** Robert Boak Slocum, 2000 Recognized and appreciated as one of the most original and creative theologians in the Episcopal Church's history William Porcher DuBose 1836-1918 published seven books of theological importance including an autobiographical work and his life is commemorated in a lesser feast of the Episcopal Calendar of the Church Year Despite making significant contributions to Anglicanism DuBose's works are according to Robert Boak Slocum more widely honored than understood or applied to questions facing theologians and lay people today To fill the gap of knowledge and understanding Slocum's study of DuBose draws parallels between essential experiences in his life and major themes in his published theology

**Divine Perfection and Human Potentiality** Jarred A. Mercer, 2019-01-02 The place of Hilary of Poitiers in the debates and developments of early Christianity is tenuous in contemporary scholarship His invaluable historical position is unquestioned but the coherence and significance of his own thought is less certain In this book Jarred A Mercer makes a case for understanding Hilary not only as an important historical figure but as a noteworthy and independent thinker Divine Perfection and Human Potentiality offers a new paradigm for understanding Hilary's work De Trinitate The book contends that in all of Hilary's polemical and constructive argumentation which is essentially trinitarian he is inherently developing an anthropology The work therefore reinterprets Hilary's overall theological project in terms of the continual and for him necessary anthropological corollary of trinitarian theology to reframe it in terms of a trinitarian anthropology The coherence of Hilary's work depends upon this framework and without it his thought continues to elude his readers Mercer demonstrates this through following Hilary's main lines of trinitarian argument out of which flow his anthropological vision These trinitarian arguments unfold into a progressive picture of humanity from potentiality to perfection

**God's Grace and Human Action** Joseph P. Wawrykow, 1996-01-08 Offering a fresh approach to one significant aspect of the soteriology of Thomas Aquinas God's Grace and Human Action brings new scholarship and insights to the issue of merit in Aquinas's theology Through a careful historical analysis Joseph P Wawrykow delineates the precise function of merit in Aquinas's account of salvation Wawrykow accounts for the changes in Thomas's teaching on merit from the early Scriptum on the Sentences of Peter Lombard to the later Summa theologiae in two ways First he demonstrates how the teaching of the Summa theologiae discloses the impact of Thomas's profound encounter with the later writings of Augustine on

predestination and grace Second Wawrykow notes the implications of Thomas's mature theological judgment that merit is best understood in the context of the plan of divine wisdom The portrayal of merit in sapiential terms in the Summa permits Thomas to insist that the attainment of salvation through merit testifies not only to the dignity of the human person but even more to the goodness of God

**A Semiotic Christology** Cyril Orji, 2021-03-04 This book details how semiotics furthers an understanding of the science of Christology In the light of the trend towards evolutionary worldview the book goes beyond description and critically engages the sign system of C S Peirce which it sees as a conceptual tool and method for a better understanding of some of the basic issues in Christology

Christ's Humanity in Current and Ancient Controversy: Fallen or Not? E. Jerome Van Kuiken, 2017-07-13 Was Christ's human nature fallen even sinful From the 18th century to the present this view has become increasingly prominent in Reformed theological circles and

beyond despite vigorous opposition Both sides on the issue see it as vital for understanding the nature of salvation Each side s advocates appeal to or critique the Church Fathers This book reviews the history and present state of the debate then surveys the connections distinctions and patristic interpretations of five of the modern fallenness view s proponents Edward Irving Karl Barth T F Torrance Colin Gunton and Thomas Weinandy and five of its opponents Marcus Dods the Elder A B Bruce H R Mackintosh Philip Hughes and Donald Macleod The book verifies the views of the ten most cited Fathers five Greek Irenaeus Athanasius Gregory Nazianzen Gregory Nyssen and Cyril of Alexandria and five Latin Tertullian Hilary of Poitiers Ambrose Augustine and Leo the Great The study concludes by sketching the implications of its findings for the doctrines of the Immaculate Conception sin sanctification and Scripture **Jesus, Son of God, Son of Mary, Immanuel** Donald J. Goergen, 2003-09-04 **The Resurrected God** John L. Drury, 2014-06-02 The Resurrected God is an exciting innovative examination of the resurrection of Christ and its relationship to the doctrine of the Trinity in the mature work of Karl Barth particularly across the three parts of Volume IV of Church Dogmatics John Drury argues that for Barth the subject and basis of Christ s resurrection is the triune God The volume demonstrates that Barth explicated the doctrine of Christ s resurrection through a unique Trinitarian grammar and grounds the event of the resurrection in the eternal triune being of God Closely expositing and analyzing Barth s deployment of this Trinitarian grammar in the fourth volume the author turns to a constructive reconsideration of Barth s earlier doctrine of the Trinity in the first volume examining that material in light of the concept of God operative in the later work Thinking with and beyond Barth the author concludes that resurrection is inextricably linked with the Triune life of the God who raises and is raised The Epiphany of Love Livio Melina, 2010-09-14 Catholic moral theology faces a radical challenge in this age of moral upheaval No longer must it simply respond to specific questions about particular matter nor elaborate some method for the formulation of norms The challenge now is instead no less than comprehending the mystery of human action in its proper dynamism Livio Melina here guides the reader on a path that seeks to recover the integrality of moral experience and its place in Christian existence This path aims at rediscovering in moral action an epiphany of love and attempts to help us recognize a profound synergy between human and divine action
