symbolism in Eastern European Jewish culture The second section constitutes Beregovski s anthologies of hundreds of folk songs with full Yiddish and English song texts Each song is carefully notated exactly as it was sung and is accompanied by Beregovski s notes on origins and variants Beregovski s essays and transcriptions form a part and a symbol of what was lost in the mass destruction of Eastern European Jewish culture in this century They form a cultural record of deep significance not only for the Jewish people but also for folklorists and scholars as evidence of a distinctive music culture that interacted with and influenced the folk musics of Eastern Europe *Balkan Fascination* Mirjana Laušević,2015-10 In *Balkan Fascination* ethnomusicologist Mirjana Laušević a native of the Balkans investigates this remarkable phenomenon to explore why so many Americans actively participate in specific Balkan cultural practices to which they have no familial or ethnic connection

Play in Philosophy and Social Thought Henning Eichberg,2018-08-06 To understand play we need a bottom up phenomenology of play This phenomenology highlights the paradox that it is the players who play the game but it is also the game which makes us players Yet what is it that plays us when we play Do we play the game or does the game play us These questions concern the relation between the playing subject and play as something larger than the individual play as craft play as rhythm play between normality and otherness even play as religion as a sense of spiritual play between self and other This goes deeper than the welfare political or educational intention to make people play or play more or to advise individuals to play in a correct and useful way Exploring topics such as identity otherness and disability as well as activities including skiing yoga dance and street sport this interdisciplinary study continues the work of the late Henning Eichberg and sheds new light on the questions that play at the borders of philosophy anthropology and the sociology of sport and leisure *Play in Philosophy and Social Thought* is a fascinating resource for students of philosophy of sport cultural studies sport sciences and anthropological studies It is also a thought provoking read for sport and play philosophers sociologists anthropologists cultural studies scholars and practitioners working with play *The Current* ,1883 *The Bicentennial of the United States of America* American Revolution Bicentennial Administration,1977 *Moon Charleston & Savannah* Jim Morekis,Moon Travel Guides,2025-06-03 Whether you re relaxing on a beach soaking up rich history or reveling in Southern hospitality dig into these fun loving sister cities with Moon Charleston Savannah Explore the cities Navigate by neighborhood or by activity with helpful maps of both Charleston and Savannah See the sights Browse the museums on Savannah s historic River Street and take a carriage ride through Charleston s French Quarter Check out the wares at the Old City Market visit the First African Baptist Church and learn about the area s important African American history Get a taste of the South Sample classic shrimp and grits juicy barbecue or seafood straight off the boat Savor innovative cuisine at award winning restaurants and discover up and coming spots focusing on local sustainable ingredients Bars entertainment and nightlife Watch the sunset from a rooftop bar see what s on tap at a craft brewery or mingle with the locals at a French Quarter dive Catch a live gig from the next big indie band sip swanky artisan cocktails or indulge in Savannah s to go cup tradition on a stroll through the
